A Spiritual Companion to How to Get Along with Your Church Beverly A. Thompson, 2010-01-01 If you are like most pastors you earnestly thought you knew what the congregation you are serving was like when you answered God's call to serve them Something has opened your eyes and now you know that you really don't know The good news is you are ready to find out from Day One I thought I knew When churches are in crisis pastoral leadership is under attack and pastors and church officials struggle to find a way to better understand why things happen or don't happen Thompson's own pastoral experience led her to look beyond the popular family systems model to seek something that helps churches grow strong and pastors to become leaders She found solutions in George B Thompson Jr's book *How to Get Along with Your Church Creating Cultural Capital for Doing Ministry* and was inspired to develop a spiritual guide that strengthens the usefulness and effectiveness of his book Specifically keyed to *How to Get Along with Your Church* this spiritual companion provides 100 days of daily meditation and journaling for pastors who are learning with a culture model to lead their churches into a new understanding and rediscovery of their

corporate calling **Transitional Ministry Today** Norman B. Bendroth, 2014-12-05 Transitional ministry can be tremendously helpful for congregations in times of change and yet to be successful today transitional ministers and churches need to take into account the major changes in the religious landscape From the decline of mainline churches to the rise of those who don't identify with any religious tradition the religious scene has changed dramatically since transitional ministry began three decades ago and to remain vital today the practice of transitional ministry must change as well This book provides transitional ministers and congregations with essential information on re thinking transitional ministry in ways that take the current religious climate into account Ten experienced authors including seasoned practitioners of transitional ministry and those who oversee transitional ministry denomination wide propose new ways to approach transitional ministry today Chapters address practical theology leadership specialized interim situations renewal during interim time alternative models of transitional ministry and more Essays address a range of diverse churches in size racial ethnic background and location Transitional Ministry Today highlights how creative and cutting edge ministry can be done during the in between time through creative thinking and practice in the face of new realities Church on the Edge of Somewhere George B. Thompson Jr., 2007-11-19 Most congregations today exist in what George Thompson calls the middle of anywhere They live comfortably with their surrounding culture focusing their energies on serving the needs of their current members These congregations have many strengths and gifts that they can exercise without changing a thing But Thompson envisions a deeper more prophetic call for congregations to explore the meaning of being in the world but not of it a church on the edge of somewhere Thompson sees a church that is deeply engaged in ministering to the community while calling on others to commit to doing the same By analyzing the interaction between a congregation's focus of identity and their stance with the world Thompson has created a helpful grid for congregations to place themselves on today's cultural map A congregation that sees itself as existing on the margins of society will look different than one that sees itself as embedded in society A congregation that hears a call to serve the surrounding community will look different from one that focuses on its internal needs Knowing where they stand now is the key for congregations to discover where they must go in the future to fully live out their call to be God's people in the world **The Living Church** , 2003-07 Theology that Matters Darby Kathleen Ray, What difference does theological thinking make Does Christianity have any relevance for our secular globalized environmentally threatened world Specifically formulated for undergraduate and seminary courses in theology this volume answers a resounding yes Gathering many respected and original Christian thinkers who have been inspired by the example and work of theologian Sallie McFague this book engages such topics as God Christ revelation eschatology and church in three intertwined and pressing areas 1 our religious life and language in a secularized pluralistic society 2 our newly globalized economic life and 3 our threatened environmental life **Reaching Out in a Networked World** Lynne M. Baab, 2008-12-08 A congregation communicates its heart and soul through words photos actions programs architecture decor

the arts and countless other aspects of congregational life In *Reaching Out in a Networked World* communications expert and pastor Lynne Baab examines technologies such as websites blogs online communities and desktop publishing She demonstrates how a congregation can evaluate these tools and appropriately use them to communicate its heart and soul to convey its identity and values both within and outside the congregation Baab urges congregation leaders to reflect on the way they communicate The recent explosion in communication technologies offers many new ways to present values and identity but no one has much experience thinking about how best to use these tools Baab seeks to help leaders use these new technologies with more precision flair and consistency When congregations are intentional about communicating who they are and what they value people in the wider community can get a clear and coherent picture of the congregation and its mission Newcomers and visitors are more likely to see why faith commitments matter and why and how they might become involved in this congregation while current members and leaders will greatly benefit from having a unified vision of the congregation s heart and soul

How to Get Along with Your Pastor George B. Thompson, 2015-06-10 This is a book that tries to help church members step back and see the bigger picture An effective pastoral relationship is more like a couple who loves to dance together or a band that plays wonderful music If we spend too much time on the details without remembering that we want to dance and sing our church will not have much to offer to Gospel ministry This book then seeks to blaze a new trail for churches who want to thrive in authentic faithful ministry with their pastor In other words it is a book for churches who want to get along with their pastor It is a book for church deacons elders and other officers who recognize that a healthy trusting respectful relationship between pastor and congregation becomes the foundation for the church s vitality It is a book designed to give you the tools you need to help your pastor become the best pastor that she or he can be with you Statistics show that approximately thirteen hundred American pastors unwillingly leave their congregations each month These sudden changes have negative long term effects on both the pastor and the congregation Thompson believes it is extremely important to find practical easy to understand ways to train pastors and churches on how to approach disagreement much more constructively and shows how to do so in this new book

Burning Center, Porous Borders Eleazar S. Fernandez, 2011-10-17 *Burning Center Porous Borders* articulates what the church is and is called to be about in the world a world now globalized to the point that the local is lived globally and the global is lived locally The church must respond creatively and prophetically to the challenges economic disparity war and terrorism diaspora ecological threat health crisis religious diversity and so on posed by our highly globalized world It can do so only if the church s spiritual center burns mightily Conversely it can burn mightily in the spirit of Christ only if its borders are porous and allows the fresh air spirit of change to blow in and out While there is much rhetoric about change the most common response to change is to continue doing business as usual This is particularly the case in the face of perceived global threats In spite of the hoopla and euphoria of the global village walls of division and exclusion are rising hearts are constricting and moral imagination

shrinking In response to this context Burning Center Porous Borders proposes alternative ways or images of being a church
burning center and porous borders wall buster and bridge builder translocal glocal mending healer radical hospitality
community of the earth spirit household of life abundant dialogians of life and community of hope In Burning Center Porous
