Joachim Gaertner

This Is Hawkwind Do Not Panic:

How the Neolithics Influenced Rock 'n' Roll Andrew Johnstone, 2010-10-13 This book sets out to explore the connections between megalithic monuments and Rock n Roll music by first addressing what the megalithic structures would have originally meant to the builders and users of these sites and at the statements they were making at that time It then looks at how Rock n Roll artists have incorporated images of these monuments into album cover designs by looking at specific examples in an attempt to understand why despite being separated by millennia from the original builders they chose to use such places to represent the statements they are making through their music in the late 20th and early 21st centuries

Focus On: 100 Most Popular RCA Records Artists Wikipedia contributors, *Written on Stone* Joanne Parker, 2009-10-02 This collection of essays is not interested in the unresolved questions about the origin original use and authentic meaning of the prehistoric monuments of the British Isles It is not concerned with their prehistory Rather it deals with the history of barrows standing stones and stone circles with the ways in which they have been viewed the meanings that have been attributed to them and the significant impact that they have had over the centuries on British life and culture from motivating artists authors musicians and film makers to inspiring New Age religions It is thus as interested in stones commonly believed to be megaliths like the foundation stones of the chapel in the Dartmoor village of South Zeal as in real remains In her recent study of Stonehenge the historian Rosemary Hill asserted Stonehenge does not belong to archaeology or not to archaeology alone Likewise this book is not written primarily for archaeologists or not for the interest of archaeologists alone It will also be of interest to social and cultural historians to those interested in fine art literature or film and to anyone fascinated by the construction of national local or counter cultural identities It should also intrigue anybody who lives near one of the thousands of prehistoric remains that add beauty and mystery to Britain s countryside The book surveys over eight hundred years of rediscovery study superstition inspiration fear restoration and destruction investigating how different generations saw their own anxieties beliefs and concerns reflected in the mysterious lives of the prehistoric builders By discussing the many different ways in which prehistoric remains have been treated in different periods the book interrogates any notion of objective approaches to archaeology Instead it asserts that what we think of as the past is in fact multiple and man made Thus if we are to effectively interpret and fully understand the prehistoric remains of the past a variety of disciplines and a range of approaches both traditional and unconventional will need to work together For this reason this book has been produced as a jointly authored text a collaboration between archaeologists folklorists historians journalists and literary critics

The Virgin Encyclopedia of 70s Music Colin Larkin, 2002 All the facts and informed opinion that you need on the artists who made the history of this decade are contained in this single volume distilled from The Virgin Encyclopedia of Popular Music universally acclaimed as the world s leading source of reference on rock and pop history

CD Review ,1994 **Strange Stars** Jason Heller, 2018-06-05 A Hugo Award winning author and music journalist

explores the weird and wild story of when rock n roll met the sci fi world of the 1970s As the 1960s drew to a close and mankind trained its telescopes on other worlds old conventions gave way to a new kind of hedonistic freedom that celebrated sex drugs and rock n roll Derided as nerdy or dismissed as fluff science fiction rarely gets credit for its catalyzing effect on this revolution In *Strange Stars* Jason Heller recasts sci fi and pop music as parallel cultural forces that depended on one another to expand the horizons of books music and out of this world imagery In doing so he presents a whole generation of revered musicians as the sci fi obsessed conjurers they really were from Sun Ra lecturing on the black man in the cosmos to Pink Floyd jamming live over the broadcast of the Apollo 11 moon landing from a wave of Star Wars disco chart toppers and synthesiser wielding post punks to Jimi Hendrix distilling the purplish haze he discovered in a pulp novel into psychedelic song Of course the whole scene was led by David Bowie who hid in the balcony of a movie theater to watch 2001 A Space Odyssey and came out a changed man If today s culture of Comic Con fanatics superhero blockbusters and classic sci fi reboots has us thinking that the nerds have won at last *Strange Stars* brings to life an era of unparalleled and unearthly creativity in magazines novels films records and concerts to point out that the nerds have been winning all along **They Could Have Been Bigger Than EMI** Joachim Gaertner,2007 **The Guinness Encyclopedia of Popular Music: Glebb, Lloyd-Lincoln, Abbey** Colin Larkin,1995 Rock 'n' Roll, 1970 Through 1979 John W. Edwards,1993 From the superstars to the one hit wonders all are in this reference work To be included a performer must have had a hit on the Billboard Hot 100 or an album on the Top 200 charts Each listing includes personnel albums hit singles and category acid rock progressive pop etc **Option** ,1994 *Music Inspired by Art* Gary Evans,2002-11-11 This comprehensive reference book documents the considerable amount of art inspired music found on commercial and other mass produced audio recordings published through 1999 Recording formats included in this survey are long playing phonograph records 33 1 3 RPM cassette tapes 7 1 2 IPS and compact discs Detailed information is provided to aid in purchasing the recordings or accessing them in library and archive collections For the purposes of this compilation art is interpreted broadly to include the full range of visual media and all aspects of artist s lives and works Music has been gathered from classical jazz and popular styles including examples partly inspired by art music dedicated to artists works related to incidental writings by artists compositions inspired by texts about art and pieces taking their inspiration from artistic movements genres museums or collections The data is organized into three sections The first an alphabetical listing of visual artists follows each name with relevant composers in alphabetical order details of their compositions and a maximum of five recordings each The second section lists selected miscellaneous and unattributed works of architecture glass mosaic paintings prints sculpture and unclassified media Finally an index of composers provides an additional means of locating citations Material Engagements Neil Brodie,2004 The subject matter of archaeology is the engagement of human beings now and in the past with both the natural world and the material world they have created All aspects of human activity are potentially relevant to archaeological research and conversely the ways in

which others especially artists and anthropologists have investigated the world are of interest to archaeologists Archaeological artefacts and sites are also used by groups and nations to establish identity and for financial gain both through tourism and trade in antiquities Colin Renfrew has actively engaged with art with politics and with the antiquities trade and has presented his ideas to broad audiences through accessible books and television programmes as well as championing the cause of archaeology in many public roles The papers in this volume which have been written by colleagues and former students on the occasion of his retirement relate to all of these subject areas and together give some idea of the complexity of the issues raised by critical engagements with the material world both past and present *The Trouser Press Record Guide* Ira A. Robbins,1991 *Gramophone Popular Catalogue* ,1987-06 *The Great Rock Discography* Martin Charles Strong,1994 *The Virgin Encyclopedia of Seventies Music* Colin Larkin,1997 The aim of this book is to provide a complete handbook of information and opinion about the history of the music of the 1970s There are over 1000 entries on the bands musicians songwriters producers and record labels of this decade everyone who had any significant impact on the development of rock and pop music From the stars who unlike Hendrix Joplin and Morrison survived the sixties only to be duded as dinosaurs to the angry reactions of punk and the new wave and the sounds of glam rock and disco this encyclopaedia aims to answer any query about any aspect of seventies music As well as the giants of the decade such as Queen Abba and Fleetwood Mac the book also includes those artists who only flourished briefly [The Wee Rock Discography](#) Martin Charles Strong,1996 For the reader who is interested in the minutiae of the major rock music back catalogue this book is an absolute treasure It tells what records were released when and how to go about obtaining them

[The Encyclopedia of Popular Music: Dutch Swing College Band-Heptones](#) Colin Larkin,1998 [The Encyclopedia of Popular Music: Selected Albums. Bibliographies](#) Colin Larkin,2006 Containing 27 000 entries and over 6 000 new entries the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the Encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals Key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates and a 5 star album rating system

The Encyclopedia of Popular Music: Grenfell, Joyce - Koller, Hans Colin Larkin,2006 Containing 27 000 entries and over 6 000 new entries the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the Encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals Key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates
