This Rebellious House American History And The Truth Of Christianity:

This Rebellious House Steven J. Keillor, 1996-10-03 Examining United States history from Columbus to Clinton Steven J Keillor disabuses us of the notion that our nation has ever been a genuinely Christian one He focuses on various political economic and cultural policies or events the Civil War westward expansion that are now often cited to disprove or debunk Christianity

Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In Evangelicalism Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

A Theology for Family Ministry Michael Anthony, Michelle Anthony, 2011-07-01 The times are definitely changing What was once simply referred to as a Nuclear Family in North America has morphed into labels such as Non Traditional Families Fragmented Families Single Parent Families Gay Partner Families Blended Families and beyond It may not always be pretty but it is reality and that's the intersection between biblical ideal and ministry practice writes editor Michael J Anthony in A Theology for Family Ministry With thoroughly researched input from a broad team of family experts the book advises church and ministry leaders on how to make biblically and philosophically informed choices when reaching out to adults and children within these shifting paradigms Emphasis is placed on what the Scriptures teach about the composition of the home followed

by discerning and hopefilled strategies for helping all families live out their God given mandates While the family may continue to change into models that bring discomfort and angst to some of us we rest in the assurance that God has a plan for those who live in any of these new configurations of what we now call family explains Anthony Other contributors include Ken Canfield Michelle D Anthony Karen E Jones Freddy Cardoza Michael S Lawson Richard Melick Jr Curt Hamner Leon Blanchette Gordon R Coulter James W Thompson Timothy Paul Jones Randy Stinson Kit Rae and David Keehn **God's Judgments** Steven J. Keillor,2007-01-11 What do God s judgments have to do with history Using historical events Steven J Keillor pursues the thesis that divine judgment can be a fruitful category for historical investigation and that Christianity is an interpretation of history more than a worldview or philosophy Awaiting the City Chad Brand,Tom Pratt,2012-11-13 People of faith have always been on search for the homeland first promised to Abraham in light of the Babylonian civilization he left That future hope was reinterpreted by Jesus and taken up by St Augustine in The City of God reinterpreted again by John Calvin in Geneva and given a final form by the Puritan pilgrims who came to America to establish the City upon a Hill Fundamental to this quest for a just holy civilization has been the progress of humankind on the earth in light of the mandate to fill and rule over it Authors Chad Brand and Tom Pratt discuss that progress as they answer the vital questions for praxis How should biblically oriented Christians think of and work toward God s justice along the way How can we steer between a utopian vision and a limited vision to a new rational compassion Is Reality Secular? Mary Poplin,2014-01-02 What is the nature of reality What does it mean to be human And how do we account for ethics and morality Mary Poplin examines naturalism humanism pantheism and Judeo Christian theism and explores the fundamental assumptions and limitations of each perspective The Myth of Christian America Mark Weldon Whitten,1999 Whitten outlines what Christians need to know about proper relations between religion Christian or otherwise and government Far from being a myth or a lie church state separation is a constitutional principle and philosophy enshrined within the First Amendment Fides Et Historia ,2002 **The American Church Experience** Thomas A. Myths about Christianity Dale Larsen,Sandy Larsen,1998 Dale and Sandy Larsen address seven myths put forward by contemporary detractors of Christianity that distort truth and mislead many who uncritically accept their conclusions The Larsens respond to these charges directly and honestly g *Religion, Politics, and the American Experience* Edith Waldvogel Blumhofer,2002 This challenging collection of essays offers a refreshing approach to the troubling and timely subject of religion and public policy in America and the ways in which issues of church and state affect our national identity The result of a series of conferences on religion and politics conducted by the Public Religion project at the University of Chicago funded by a grant from the Pew Charitable Trust this collection brings together an extraordinarily diverse set of contributors Represented within its pages are the ideas and opinions of scholars politicians and religious leaders with backgrounds in law politics history and divinity among them Senator Paul Simon of Illinois With its wide range of critical approaches and varied perspectives this volume makes a vibrant contribution to the national dialogue on politics and religion Chief among the essay topics are the evangelical roots of American political life early conflicts between Enlightenment thinking and spiritual impulses in developing a national identity the practical problems that today s politicians face in campaigning the impact of constitutional and legal language regarding our definitions of religion and the way in which the media s treatment of our spiritual life frames our perceptions of it These thought provoking essays will inspire readers to rethink argue perhaps act but most importantly to converse about this timely and important issue This volume will have wide cross disciplinary appeal Students and scholars of history religious studies and political science will find great value within its pages as will scholars of divinity and law and members of this general public concerned with the intersection of faith and politics in American life **Basis of Belief** Steven J. Keillor,2008-06-13 The Basis of Belief tells the story of the University

of Minnesota's unofficial educational agenda. Steven Keillor considers selected controversies that have been energetically debated by educators, administrators, and students for over a century at the University. Keillor describes the clash between an experimental scientific basis for knowledge and a reliance on testimony as in stories and first-hand accounts. Which means of obtaining knowledge was best? Which direction should a university take in influencing and promoting one or the other? These arguments concern the place in the University curriculum and student life of such matters as science, religion, psychology, literature, evolution, American Studies, academic freedom, and loyalty, as well as less scholarly activities such as student protests and strikes. Keillor carefully draws upon diaries, letters, published accounts, and interviews to assess how religion affected these subjects in academic life.
