Thomas Merton Selected Essays:

Thomas Merton Patrick F. O'Connell, 2013 Thomas Merton the Trappist monk who died in 1968 was one of the great spiritual writers of the twentieth century His published works include a hundred volumes in many genres But it was perhaps in the essay that he found his natural element Especially in the last decade of his life Merton showed in his essays an increasing willingness to dispense with pre fabricated conclusions bringing his deeply spiritual profoundly Catholic sensibility to bear on matters beyond the usual religious and monastic milieu This volume is the first to provide a broad cross section of Merton s work as an essayist collecting pieces that reflect characteristic examples of his astonishing output and the fantastic breadth of his interests The 33 essays collected here range from interreligious dialogue to racial justice from the wisdom of the desert fathers to the novels of Faulkner and Camus from the nuclear threat to the philosophy of solitude and throughout the centrality of the Christian mystery to authentic human identity Thomas Merton Thomas Merton, 2015 This volume gathers together twelve essays that Thomas Merton wrote for various journals between 1947 and 1952 the years that saw the publication of his best selling autobiography The Seven Storey Mountain his ordination to the priesthood and his initial appointment as spiritual and intellectual guide of the young monks at the Abbey of Gethsemani The essays most of which have never been reprinted focus above all on aspects of the contemplative life but also consider the spiritual dimensions of literature and the social implications of Christian life Issued to coincide with the one hundredth anniversary of his birth this collection brings to fruition at long last Merton s own original plan of publishing these essays as a group and so makes available a previously little recognized and underutilized resource for understanding and appreciating a crucial transitional phase in his life as both monk and writer **Walking with Thomas Merton** Robert G. Waldron, 2002 An appreciation in journal form of Thomas Merton as spiritual writer monk and poet Thomas Merton and the Noonday Demon Donald Grayston, 2015-10-29 In Thomas Merton and the Noonday Demon Donald Grayson transforms a long neglected cache of letters found in an ancient monastery into a book that offers new insight into the author of these letters Thomas Merton the renowned spiritual writer At the time of their writing the mid 1950s he was living as a Trappist monk at the Abbey of Gethsemani in Kentucky Having reached an impasse in his monastic vocation he decided to leave Gethsemani for the Monastery of Camaldoli in Italy Camaldoli at that time bucolic and peaceful outwardly was inwardly riven by a pre Vatican II culture war whereas Gethsemani which he tried so hard to leave became when he was given his hermitage there in 1965 his place to recover Eden In walking with Merton on this journey and reading the letters he wrote and received at the time we find ourselves asking as he did with so much energy and honesty the deep questions that we may well need to answer in our own lives **The Letters of Thomas Merton and Victor and Carolyn Hammer** F. Douglas Scutchfield, Paul Evans Holbrook Jr., 2014-11-12 This study affords an entirely new view of the nature of modern popular entertainment American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical

myth of the new urban folk It demonstrates that the compulsive myth making faculty in man is not limited to primitive ethnic groups or to serious art that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study Using the methods for criticism developed by Susanne K Langer and others the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885 1930 By examining vaudeville as folk ritual the book reveals the unconscious symbolism basic to vaudeville in its humor magic animal acts music and playlets and also in the performers and the managers which gave form to the dominant American myth of success This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America The book is illustrated with a number of striking photographs The Collected Poems of Thomas Merton Thomas Merton,1977 With the publication of this book an ever wider audience may more fully appreciate the range of the poet s technique the scope of his concerns and the humaneness of his vision Back cover Thomas Merton's Encounter with Buddhism and Beyond Jaechan Anselmo Park,219-04-15 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton s role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton s self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton s understanding of Buddhism Thomas Merton and the Celts Monica R. Weis,2016-09-19 Thomas Merton and the Celts offers a new lens through which to view Merton s life and spirituality By examining unpublished letters notebooks and taped conferences for the Trappist novices previously unavailable to the general reader the author breaks new ground in Merton studies revealing Merton s growing fascination with his Welsh ancestry Celtic monasticism and early Irish hermit poetry Merton having immersed himself in reading about Celtic Christianity not just about liturgy but about household rituals illuminated manuscripts high crosses and hermit poetry as well recognized in these ancient hermits who lived on water and herbs experienced kinship with creatures and wrote poems about the birds a mirror of his own desires Indeed in a profound way and at a deep level Merton discovered himself in Celtic Christianity *Thomas Merton* Thomas Merton,M. Basil Pennington,2005 An informative and fascinating look at Merton s life and writings by a fellow Trappist Father Basil takes us on a whirlwind review through the seasons of Merton s life and work An engaging approach for new readers and a refreshing review for long time Merton fans this carefully planned anthology by a fellow monk and a friend abounds with helpful

insights into the life and writings of the most influential spiritual mentor of our time William H Shannon Author of Silent Lamp The Thomas Merton Story A splendid introduction to Thomas Merton in his own words Selections paint a balanced and rich portrait of the monk mystic poet prophet and spiritual master Once again Father Pennington reveals his intimate knowledge of his subject E Glenn Hinson Professor Emeritus Baptist Theological Seminary at Richmond
