The Making of American Liberal Theology Gary J. Dorrien, 2001-01-01 This text identifies the indigenous roots of American liberal theology and uncovers a wider longer running tradition than has been thought Taking a narrative approach the text provides a biographical reading of important religious thinkers of the time Writers of the American Renaissance Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies Charles Fletcher Dole, Liberal Theology, and Reform Paul T. Burlin, 2023-09-05 Charles Fletcher Dole Liberal Theology and Reform A Life Well Lived is a historical look at the life and theology of Charles Fletcher Dole Dole was born into what he described as an ultra orthodox religious family He was unable to accept the severe quasi Calvinist theology of his relatives and when he attended Harvard College he was influenced by the intellectual currents set in motion by Darwinism He then tacked off to the radical wing of Unitarian theology It was incumbent on the faithful of any religious tradition to live in ways that helped further the divine plan This moral imperative prompted Dole as the long term minister in the Unitarian Church to advocate for reforms not unlike those of his parents and other relatives including temperance women's suffrage improved race relations anti imperialism and pacifism This historical recovery and interpretation of Dole argues that while Dole's radical theology was the source of his civic engagement his iteration of the social gospel was to some extent also shaped and delimited by the socio economic position he occupied Christian Thought in America Daniel Ott, Hannah Schell, 2015-07-01 Christian Thought in America A Brief History is a short accessible overview of the history of Christian thought in America from the Puritans and other colonials to the beginning of the twenty first century Moving chronologically each chapter addresses a historical segment focusing on key movements and figures and tracing general trends and developments The book conveys a sense of the liveliness and creativity of the ongoing theological debates Each chapter concludes with a short bibliography of recent scholarship for further reading **Emersonian Circles** Joel Myerson, 1997

The enormous critical resurgence of interest in Ralph Waldo Emerson over the past fifteen years has restored the Sage of Concord to his former role as an American icon At the same time this renewed interest raises old historical and critical questions about his place in American Transcendentalism and in American culture generally This collection of essays seeks to address the variety of critical questions about Emerson and to reevaluate his significance through his own metaphors of insight and influence particularly that of the circle

Jesus Was a Liberal Scotty McLennan, 2025-03-14 For the millions of people who identify as liberal Christians In McLennan's bold call to reclaim ownership of Christianity he advocates a sense of religion based not on doctrinal readings of scripture but on the humanity behind Christ's teachings He addresses such topics as intelligent design abortion same sex marriage war torture and much much more As he says in the Preface We liberal Christians know in our hearts that there is much more to life than seems to meet the rational eye of atheists yet we find it hard to support supernatural claims about religion that fly in the face of scientific evidence

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist perspective

The Complete Sermons of Ralph Waldo Emerson Ralph Waldo Emerson, 1989 This inaugural volume of a four volume set marks the beginning of the publication of all 180 of the extant sermons composed and delivered by Emerson between the start of his ministerial career in 1826 and his final retirement from the pulpit in 1838 Edited from manuscripts in the Houghton Library Harvard University the sermons are presented in chronological order in a clear text approximating as nearly as possible the original version read by Emerson to his congregation The historical introduction by David M Robinson gives a significant appraisal of Emerson's life between 1826 and 1838 and of his absorption in and reaction against the religious culture of his time
