La optimización mecánica en el medio acuático María Carrasco Poyatos, 2021-06-29 El ser humano no está estructuralmente preparado para desenvolverse de forma óptima en el medio acuático sin embargo tiene la capacidad de aprender para mejorar su competencia En este libro se presentan los condicionantes de la estaticidad y del movimiento del cuerpo en el medio acuático distinguiendo los elementos que son propios del agua de los que son propios del cuerpo para determinar qué factores son los que se pueden mejorar para optimizar el dominio de este medio Además como complemento fundamental se integran en este proceso las áreas del control motor la sensorio-percepción y el tono muscular haciendo especial hincapié en la estabilidad del core Finalmente todo queda

Juegos de motricidad para la tercera edad José Ma Cancela Carral, 2020-02-26 El envejecimiento es una realidad presente y un problema futuro. La práctica regular y sistemática del ejercicio físico a través del juego permite que el colectivo de personas mayores aumente su nivel de socialización e integración, aspecto tan importante en esta etapa final de la vida, así como la mejora de su nivel físico prolongando su independencia. El juego es una herramienta fundamental en el desarrollo de actitudes y aptitudes en el ser humano ya que la vida puede ser considerada como un juego. El autor estructura el libro en dos partes. En la primera se fundamenta la aplicación del juego en el colectivo de la tercera edad analizando lo que supone el envejecimiento de la sociedad y cómo este incide en las diferentes capacidades físicas. El juego es importante pero tanto o más importante es cómo lo aplicamos debido a ello los métodos de enseñanza desarrollados en un juego u otro son la clave del éxito, aspecto que el autor refleja en su obra a través de la pedagogía del juego, la dinámica de grupo y los juegos para personas mayores. En la segunda parte del libro se presentan diferentes propuestas prácticas de juegos orientados a la desinhibición, al calentamiento y activación al desarrollo de las capacidades físicas y coordinativas con el objeto de que el lector pueda emplearlas a la hora de diseñar y poner en práctica algunas sesiones de juegos con personas mayores. El juego se presenta a modo de ficha exponiéndose objetivos, espacio de juego, material necesario, coste económico, descripción del juego, variantes y problemas que pueden surgir durante su aplicación.
