[With Illustrations.]* William Henry Giles Kingston, 1876 *The Peacemaker* Ken Sande, 2004-01-01 Jesus said Blessed are the peacemakers But it often seems like conflict and disagreement are unavoidable Serious divisive conflict is everywhere within families in the church and out in the world And it can seem impossible to overcome its negative force in our lives In *The Peacemaker* Ken Sande presents a comprehensive and practical theology for conflict resolution designed to bring about not only a cease fire but also unity and harmony Sande takes readers beyond resolving conflicts to true life changing reconciliation with family members coworkers and fellow believers Biblically based *The Peacemaker* is full of godly wisdom and useful suggestions that are easily applied to any relationship needing reconciliation Sande s years of experience as an attorney and as president of Peacemaker Ministries will strengthen readers confidence as they stand in the gap as peacemakers *Emilie the Peace-maker. [A tale.]* Hannah Ransome Geldart, 1851 **Fiction, Folklore, Fantasy & Poetry for Children, 1876-1985: Authors, illustrators** , 1986 Theory and Practice of Dialogical Community Development Peter Westoby, Gerard Dowling, 2013-07-18 This book proposes that community development has been increasingly influenced and co opted by a modernist soulless rational philosophy reducing it to a shallow technique for solving community problems In contrast this dialogical approach re maps the ground of community development practice within a frame of ideas such as dialogue hospitality and depth For the first time community development practitioners are provided with an accessible understanding of dialogue and its relevance to their practice exploring the contributions of internationally significant thinkers such as P Freire M Buber D Bohm and H G Gadamer J Derrida G Esteva and R Sennett What makes the book distinctive is that first it identifies a dialogical tradition of community development and considers how such a tradition shapes practice within contemporary contexts and concerns economic social political cultural and ecological Second the book contrasts such an approach with technical and instrumental approaches to development that fail to take complex systems seriously Third the approach links theory to practice through a combination of storytelling and theory reflection ensuring that readers are drawn into a practice theory that they feel increasingly confident has been tried and tested in the world over the past 25 years
