Then And Now The Worlds Center And The Souls Demesne:

Doublethink / Doubletalk Eva Brann, 2018-06-05 Each aphorism is a tiny well framed picture which at once observes and questions the world's workings with its accumulated intellectual pleasures beauties and quirks Washington Independent Review of Books At times aphorisms are merely witty but they can convey and evoke sustained reflection and thought as those of Nietzsche Schopenhauer or Nicol's Gmez Dvila To that list we can add Eva Brann In the few hours spent with her one finds a wise slightly acerbic good humored teacher one wishes for her friendship for more time with her The University Bookman Philosopher Eva Brann describes the concept of doublethink doubletalk as a flanking approach toward comprehending a pervasively duplex world a world that sometimes flashes fleeting signs of covert wholeness In this her second collection of aphorisms and observations Brann shines a light on our world on the way things are and she does it with characteristic wit and insight

Athens, Arden, Jerusalem Kate Havard, Paul T. Wilford, 2017-10-13 This collection of essays aims to explore fundamental questions about God human nature and political life through careful readings of the Greek poets the Hebrew Bible and Shakespeare The volume investigates the abiding tension between the Hebraic and the Hellenic dimensions of the Western soul through an examination of profound literary philosophic and theological reflections on topics as various as friendship marriage tyranny sovereignty sin forgiveness comedy tragedy and contemplation Offered in honor of Mera J Flaumenhaft the essays reflect the intellectual rigor moral seriousness and disciplined imagination of her scholarship and teaching

Then & Now Eva Brann, 2015-06-30 These two long essays make up a short book one full of depth and knowledge in which Eva Brann gets at the roots of our thinking without tearing things apart Then In the first essay Brann parses out the schema and meaning of Herodotus's The History The Persian Wars She writes that Herodotus worked by indirection Giving a full account of the Persians and the peoples who constituted their empire and whose empire encircled the Greeks thus the Greek center Herodotus delineates the essential difference between the Barbarians and the Greeks This difference Brann calls Athens elusive essence its freedom contrasting with the slavery upon which the Persian empire depended Now In the second essay the author delves into what it means for a person to unite a disposition toward conservatism with a capacity to reiterate and rehearse events scenes and dramas in the conservatory of the imagination To uncover the meanings and consequences of this union this imaginative conservatism and the type of soul to which it applies Brann offers twelve perspectives starting with Temperamental Disposition and ending with Eccentric Centrality without ever explicitly focusing on politics Join her and you'll find both delight and education
