A Theology of Biblical Counseling Heath Lambert, 2016-04-05 A landmark textbook for Christian counselors that unpacks the core theological convictions behind sound counseling and outlines practical wisdom for counseling today Since the beginning of the biblical counseling movement in 1970 biblical counselors have argued that counseling is a ministry of the Word just like preaching or missions As a ministry counseling must be defined according to sound biblical theology rather than secular principles of psychology For over four decades biblical theology has been at the core of the biblical counseling movement Leaders in biblical counseling have emphasized a commitment to teaching doctrine in their counseling courses out of the conviction that good theology leads to good counseling and bad theology leads to bad counseling A Theology of Biblical Counseling is an ideal resource for use in training biblical counselors at colleges seminaries and training institutes In each chapter doctrine comes to life in real ministry to real people dramatically demonstrating how theology intersects with the lives of actual counselees

The Biblical Counseling Movement after Adams (Foreword by David Powlison) Heath Lambert, 2011-11-02 People inside and outside of the biblical counseling movement recognize differences between the foundational work of Jay Adams and that of current thought leaders such as David Powlison But as any student or teacher of the discipline can attest those differences have been ill defined and largely anecdotal until now Heath Lambert the first scholar to analyze the movement's development from within shows how biblical counseling emerged from and remains rooted in a commitment to the sufficiency of Scripture and the need to give practical help to struggling people He identifies contemporary leaders including Powlison Ed Welch Paul Tripp and Wayne Mack who emphasize the sinner as sufferer the heart as key to motivation and the need to interact humbly with critics Demonstrating how these refinements in framework methodology and engagement style are characteristic of a second generation of biblical counselors Lambert contends this new wave of counselors is now increasingly balanced in their counseling methods With a substantial foreword from David Powlison and strong support from prominent biblical counselors this book will help all Christians interested in the fundamentally theological task of counseling to think carefully and biblically about how it is taught and practiced *Christ-centered Therapy* Neil T. Anderson, Terry E. Zuehlke, Julianne S. Zuehlke, 2000 In order to put Christ back into counseling and therapy the authors have bridged the gap between theology and psychology by integrating the new disciplines their methodologies and their values clarifications Christ Centered Therapy guides Christian counselors in integrating the truths of the Bible with the practices of psychological counseling
