There Was A Country A Memoir:

There Was a Country Chinua Achebe, 2012-10-11 From the legendary author of *Things Fall Apart* comes a long-awaited memoir about coming of age with a fragile new nation then watching it torn asunder in a tragic civil war The defining experience of Chinua Achebe's life was the Nigerian civil war also known as the Biafran War of 1967-1970 The conflict was infamous for its savage impact on the Biafran people Chinua Achebe's people many of whom were starved to death after the Nigerian government blockaded their borders By then Chinua Achebe was already a world-renowned novelist with a young family to protect He took the Biafran side in the conflict and served his government as a roving cultural ambassador from which vantage he absorbed the war's full horror Immediately after Achebe took refuge in an academic post in the United States and for more than forty years he has maintained a considered silence on the events of those terrible years addressing them only obliquely through his poetry Now decades in the making comes a towering reckoning with one of modern Africa's most fateful events from a writer whose words and courage have left an enduring stamp on world literature Achebe masterfully relates his experience both as he lived it and how he has come to understand it He begins his story with Nigeria's birth pangs and the story of his own upbringing as a man and as a writer so that we might come to understand the country's promise which turned to horror when the hot winds of hatred began to stir To read *There Was a Country* is to be powerfully reminded that artists have a particular obligation especially during a time of war All writers Achebe argues should be committed writers they should speak for their history their beliefs and their people Marrying history and memoir poetry and prose *There Was a Country* is a distillation of vivid firsthand observation and forty years of research and reflection Wise humane and authoritative it will stand as definitive and reinforce Achebe's place as one of the most vital literary and moral voices of our age

African Memoirs and Cultural Representations Toyin Falola, 2023-02-14

Traditions and cultures represent a set of persisting or prevailing beliefs social practices oral linguistic and values that define an individual's way of life In other words in memoir writing the emphasis is often to propagate a unilateral need or embrace of self identity However the dominant narrative and method of analysis in this study holds the notion and privileges that tradition and cultures imbibed by memoirists are sometimes subverted refashioned or reworked due to the strand of experiences or realities they encounter in different spaces as their narration develops Thus memoirists embrace indifference and open mindedness which is also greatly explored in the context of autobiography

Chinua Achebe Toyin Falola, 2024-10-17

An imaginative narratological reading of Chinua Achebe's novels stories poetry and essays through a literary and historical framework Toyin Falola analyzes fictional and historical cartographies of Africa in Achebe's literary works to offer a critical representation of Africa's present and future In particular he focuses on the historical valuation of a full range of the writer's works novels including Things Fall Apart but also short stories poems and essays as important materials that have contributed to the political events in Nigeria and by extension Africa The raw creativity found in Achebe's stories and his ability to tell the Nigerian story precolonial colonial and postcolonial have endeared him to many including readers and those critical of him and his works Chinua Achebe Narrating Africa in Fictions and History analyzes all of the writer's works dwelling on the Nigerian political context upon which many if not all of his narratives lie As a result it examines methodologies of narration and ideologies that allow his works to resonate with the imagination of Africa
