The Truth & Other Lies We Tell Ourselves Matthew Whitehead,2021-12-14 Why do the words we use to express ourselves and interpret the world around us matter Matt captures the answer to this question in a thought provoking and provocative way that makes you smile makes you laugh makes you embarrassed makes you upset and makes you want more Joseph Gianni Author of Swagger The Way of the Sway to Success and Life Success What if you found out the truths you have been told your whole life were not really the truth What if you found out you were told a fable only so you would follow a principle and not the depth of what is true Isn t the truth absolute There is a fundamental truth that exists but are they the ones you know Are they the correct ones or are they just the right truths for you Your life has a theme and whether you understand it or not you created it and reinforce it What if you could understand why Why does your life follow these patterns Why do you unconsciously reinforce behavior that you believe in your mind you do not even want I believe the answer and power to change your script is easier than you think Once you understand the components you can then become aware and from there you can take intended actions to change your script You are not powerless You have the power to change your patterns and create a new truth a truth that serves you and your story
