The History Herodotus,2010-05-15 David Grene one of the best known translators of the Greek classics splendidly captures the peculiar quality of Herodotus the father of history Here is the historian investigating and judging what he has seen heard and read and seeking out the true causes and consequences of the great deeds of the past In his History the war between the Greeks and Persians the origins of their enmity and all the more general features of the civilizations of the world of his day are seen as a unity and expressed as the vision of one man who as a child lived through the last of the great acts in this universal drama In Grene s remarkable translation and commentary we see the historian as a storyteller combining through his own narration the skeletal historical facts and the imaginative reality toward which his story reaches Herodotus emerges in all his charm and complexity as a writer and the first historian in the Western tradition perhaps unique in the way he has seen the interrelation of fact and fantasy Reading Herodotus in English has never been so much fun Herodotus crowds his fresco like pages with all shades of humanity Whether Herodotus s view is tragic mythical or merely common sense it provided him with a moral salt with which the diversity of mankind could be savored And savor it we do in David Grene s translation Thomas D Evelyn Christian Science Monitor Grene s work is a monument to what translation intends and to what it is hungry to accomplish Herodotus gives more sheer pleasure than almost any other writer Peter Levi New York Times Book Review

Herodotus, Histories Herodotus, 2018-07-28 While it is undeniable that Herodotus makes some mistakes in his work his Histories are generally reliable and scholarly studies in all disciplines concerning his work from archaeology to ethnology and more have continued to substantiate all of his most important observations Herodotus identifies himself in the prologue to his work as a native of Halicarnassus on the south west coast of Asia Minor modern Turkey and this is accepted as his birthplace even though Aristotle and the Suda claim he was a native of Thurii This discrepancy is generally understood as a

mistake made in an ancient source possibly a translation of Herodotus work as Herodotus may have lived on the island of Thuri but had not been born there He traveled widely in Egypt Africa and Asia Minor and wrote down his experiences and observations providing later generations with detailed accounts of important historical events such as the Battle of Marathon in 490 BCE and Thermopylae and Salamis in 480 BCE everyday life in Greece in Egypt in Asia Minor and on The Seven Wonders of the Ancient world His description of The Walls of Babylon as among these wonders is an example of why his work has often been criticized
