The Worst Journey in the World Apsley Cherry-Garrard, 2014-05-25T00:00:00Z In 1910 famous explorer Robert Falcon Scott led the Terra Nova Expedition to the South Pole. The expedition was part scientific and part adventure. Scott wanted to be the first to reach the pole. The expedition was beset by hardship from the beginning and after realizing that they had been beaten to the pole by Roald Amundsen's Norwegian Expedition, the party suffered a final tragedy: the loss of Scott and his companions to the Antarctic cold on their return journey to base camp. *The Worst Journey in the World* is an autobiographical account of one of the survivors of the expedition, Apsley Cherry-Garrard. It is a unique combination of fascinating scientific documentary, adventure novel, and with the inclusion of Scott's final journal entries, a horror story. The journey is peppered throughout with journal entries, illustrations, and pictures from Cherry-Garrard's companions, making it a fascinating window into the majesty and danger of the Antarctic. Apsley Cherry-Garrard, the youngest member of Scott's team and one of three men to make and survive the notorious Winter Journey, draws on his firsthand experiences as well as the diaries of his compatriots to create a stirring and detailed account of Scott's legendary expedition. Cherry himself would be among the search party that discovered the corpses of Scott and his men who had long since perished from starvation and brutal cold. It is through Cherry's insightful narrative and keen descriptions that Scott and the other members of the expedition are fully memorialized.

The Worst Journey in the World Apsley Cherry-Garrard, 2014-06-19 Polar exploration is at once the cleanest and

most isolated way of having a bad time which has been devised It is the only form of adventure in which you put on your clothes at Michaelmas and keep them on until Christmas and save for a layer of the natural grease of the body find them as clean as though they were new It is more lonely than London more secluded than any monastery and the post comes but once a year As men will compare the hardships of France Palestine or Mesopotamia so it would be interesting to contrast the rival claims of the Antarctic as a medium of discomfort A member of Campbell s party tells me that the trenches at Ypres were a comparative picnic But until somebody can evolve a standard of endurance I am unable to see how it can be done Take it all in all I do not believe anybody on earth has a worse time than an Emperor penguin Even now the Antarctic is to the rest of the earth as the Abode of the Gods was to the ancient Chaldees a precipitous and mammoth land lying far beyond the seas which encircled man s habitation and nothing is more striking about the exploration of the Southern Polar regions than its absence for when King Alfred reigned in England the Vikings were navigating the ice fields of the North yet when Wellington fought the battle of Waterloo there was still an undiscovered continent in the South This book contains the travel tales of Robert Falcon Scott s last Expedition which in 1910 moved him from England to Antarctica where he died tragically two years later The author Apsley Cherry Garrard was part of the expedition team and along with others he found the captain and others frozen to death The expedition should bring the men of British origin to the South Pole before the Norwegian Roald Asmundsen would reach it but the way turned out to be too hard they hardly managed their daily stint In addition the Antarctica gave them a very hard time particularly the harsh weather conditions This **The Worst Journey in the World (Illustrated)** Apsley Cherry-Garrard,2022-11-13 Apsley Cherry Garrard s The Worst Journey in the World Illustrated is a gripping firsthand account of the ill fated Antarctic expedition led by Robert Falcon Scott Described as both a scientific and literary masterpiece the book beautifully captures the harsh realities of polar exploration in the early 20th century Cherry Garrard s narrative style is deeply personal providing readers with a detailed and emotional insight into the challenges faced by the expedition team The vivid illustrations included in this edition enhance the reader s connection to the story making it a truly immersive reading experience The book is a valuable contribution to the literary genre of exploration writing and remains a classic in the field Apsley Cherry Garrard a member of Scott s Terra Nova Expedition was uniquely positioned to document the events of the journey His firsthand experiences and observations add credibility and authenticity to the narrative making it a powerful and unforgettable read Cherry Garrard s dedication to preserving the memory of his fellow explorers shines through in every page highlighting his deep admiration and respect for their courage I highly recommend The Worst Journey in the World Illustrated to readers interested in adventure exploration and the human spirit This book offers a poignant reminder of the triumphs and tragedies that accompany the pursuit of scientific discovery in extreme environments making it a compelling and essential addition to any library **Near Death in the Arctic** Cecil Kuhne,2011-05-25 The fine snow choked his eyes ears and throat and he did not hear his own smothered death cry Down in

cold blackness 150 feet down his falling body smashed into a projecting ledge of ironclad ice With the shattered remains of his sledge with the doomed dogs Belgrave Ninnis plunged deeper and deeper into the abyss Lennard Bickel's Mawson's Will In Near Death in the Arctic editor Cecil Kuhne gathers astonishing tales of man versus nature all set against the bleakly beautiful backdrop of the poles of the earth On foot by ship or by dog powered sledge these adventurers brave the most savage and desolate environment on earth their instinct for self preservation and survival exceeded only by their desire for excitement and discovery Also featuring Captain Roald Amundsen's The South Pole The heart pounding story of Amundsen's race to be the first man to reach both Poles despite driving snow exhausted dogs and towering glaciers Ernest Shackleton's South A riveting memoir of the doomed Endurance which became trapped in dangerous pack ice that eventually tore the ship apart Mike Stroud's Shadows on the Wasteland The unbelievable account of a two man ninety day trek across the Antarctic continent through temperatures as low as minus eighty five degrees Celsius
