Thermodynamics, Statistical Thermodynamics, & Kinetics Thomas Engel, Philip J. Reid, 2010 The bride thought they'd live happily ever after until a murderer struck The guests were off the wall The would be groom was off the wagon And the bride certainly wasn't blushing Aside from that it was the perfect occasion a party for Hannah Ives's widowed father and the younger woman he had suddenly decided to marry Then the evening takes a strange turn with a sudden death and disappearance For Hannah the stunning turn of events came after a Christmas season slide into anger and confusion First her father had found a floozy who had already buried three husbands Then her late mother's jewelry started showing up around the gold digger's neck Now Hannah who has just put her life together after a bout with cancer is desperately searching for her missing father Because this poor man has either made a terrible mistake committed a terrible crime or fallen victim to a killer who seized the moment for murder *Catalog of Copyright Entries.
