

EXAMPLE ON HOW TO ANSWER CASE STUDY?

Sample case :

Farid was a director of Lotos Mall. He instructed his manager to sell some items at the higher price than they advertised. Thus, the company had been sued for misdescription offences. Farid has been blamed for the offence. However, Farid claimed that the company that was to be blame for the offence, not him. Was the offence committed by Lotos Mall or by Farid?

1. Issue :

- a. Whether the company can be blamed solely for the offences or not
- b. Whether farid can be held responsible for that offences of misdescription of price or the Lotos Mall?

2. Formulation : In Farid situation, Farid should be held responsible for the offence. It is because he had given instruction his manager to sell some of the items at a higher price. When a company commit wrong action, the company cannot think or act by himself to commit such wrong action. Thus we have to look behind the veil of the company to determine the person who shall be responsible for the wrong doing.

3. Legal Principle and supporting case :

Section 20 CA provides that a company incorporated under this Act is a body corporate and shall :

- (a) have legal personality separate from that of its members; and
- (b) continue in existence until it is removed from the register.

Further, **Section 21** states that the companies will have unlimited capacity and will be capable of exercising all the functions of a body corporate and have the full capacity to carry on or undertake any business or activity including:

- (a) to sue and be sued;
- (b) to acquire, own, hold, develop or dispose of any property;
- (c) to do any act which it may do or to enter into transactions.

A company shall have the full rights, powers and privileges for the above purposes.

Supporting case :

In the case of **SALOMON v SALOMON & CO. LTD**

Salomon, a sole trader as a leather and boot merchant sold his business to Salomon & Co. Ltd, a company he formed with his wife and children. Payment for the purchase was partially effected debentures issued by the company to Salomon. The company later went into liquidation and its assets were not enough to satisfy its creditors. Mr. Salomon however claim priority over the other debtors as he was a secured creditor.

Held: Mr. Salomon the creditor is a person separate and distinct from Salomon & Co. Ltd even though Mr. Salomon was the majority shareholder of the company.

Private International Law Symeon C. Symeonides, 2021-11-08 This book compares the two golden ages of private international law PIL the first is the era of Story and Savigny in the nineteenth century while the second comprises the last fifty years The period between 1970 and 2020 has been one of rapid changes and dense legislative responses exemplified by the adoption of over one hundred national PIL codifications and almost as many international or regional conventions and regulations These instruments provide a rich source for this book s incisive and instructive comparisons and a fertile ground for a reliable assessment of the progress of PIL as a discipline This book skillfully uncovers and meticulously documents the gradual and largely unnoticed transition of PIL from the idealism of the nineteenth century to the pragmatic eclecticism and pluralism of the twenty first century

Proceedings of the 23rd European Conference on e-Learning Fernando Moriera, *Class Actions in Europe* Alan

Uzelac, Stefaan Voet, 2021-06-23 Not so long ago class actions were considered to be a textbook example of American exceptionalism many of their main features were assumed to be incompatible with the culture of the civil law world However the tide is changing while there are now trends in the USA toward limiting or excluding class actions notorious cases like Dieselgate are moving more and more European jurisdictions to extend the reach of their judicial collective redress mechanisms For many new fans of class actions collective redress has become a Holy Grail of sorts a miraculous tool that will rejuvenate national systems of civil justice and grant them unprecedented power Still while the introduction of various forms of representative action has virtually become a fashion it is anything but certain that attempting to transplant American style class action will be successful European judicial structures and legal cultures are fundamentally different which poses a considerable challenge This book investigates whether class actions in Europe are indeed a Holy Grail or just another wrong turn in the continuing pursuit of just and effective means of protecting the rights of citizens and businesses It presents both positive and critical perspectives supplemented by case studies on the latest collectivization trends in Europe's national civil justice systems The book also shares the experiences of some non European jurisdictions that have developed promising hybrid forms of collective redress such as Canada Brazil China and South Africa In closing a selection of topical international cases that raise interesting issues regarding the effectiveness of class actions in an international context are studied and discussed

Introduction to the Study and Use of the Civil Law, and to Commentaries on the Modern Civil Law Sir George Bowyer, 1874

Outcome-Based Cooperation Christopher Hodges, 2022-09-22 How do we cooperate in social local business and state communities This book proposes an Outcome Based Cooperative Model in which all stakeholders work together on the basis of trust and respect to achieve shared aims and outcomes The Outcome Based Cooperative Model is built up from an extensive analysis of behavioural and social psychology genetic anthropology research into behaviour and culture in societies organisations regulation and enforcement The starting point is acceptance that humanity is facing ever larger risks which are now systemic and even existential To overcome the challenges humans need to cooperate more rather than compete alienate or draw apart Answering how we do that requires basing ourselves our institutions and systems on relationships that are built on trust Trust is based on evidence that we can be trusted to behave well ethically built up over time We should aim to agree common goals and outcomes moderating those that conflict produce evidence that we can be trusted and examine our performance in achieving the right outcomes rather than harmful ones The implications are that we need to do more in rebasing our relationships in local groupings business organisations regulation and dispute resolution The book examines recent systems and developments in all these areas and makes proposals of profound importance for reform This is a new blueprint for liberty solidarity performance and achievement

Why do top-down reforms to public services so often over-promise and under-deliver? Using five concepts from psychology, economics, and organisational sociology, Thomas Elston addresses this pressing question of good governance. Rather than focusing on the challenge of implementation, *Understanding and Improving Public Management Reforms* reveals how flawed policy design is often the major contributor to reform failure. Cognitive bias, restrictive social institutions, and inattention to quiet costs during the policy-making process are essential to explaining the poor track record of reforms to date and point the way towards better decision-making in the future. Written for policy professionals, service managers, students, and researchers alike, this concise, practical, and multidisciplinary study draws on varied examples to help reconceive the perennial problem of public management reform and to propose new solutions. *The Law Magazine and Review*, 1895. *Aberdeen University Studies*, 1906. **Studies in the History and Development of the University of Aberdeen** Peter John Anderson, 1906. **The Heroes of the Judicial Periphery** Alan Uzelac, Stefaan Voet, 2025-05-01. This book assesses the role of court experts, court clerks, and court staff and other actors on the judicial periphery who play an important role and often co-determine the pace, outcome, and tone of the judicial process. In national civil justice systems, the limelight is all too often cast on the main actors: judges, lawyers, and parties, but the court's support staff can sometimes be overlooked. This book explores their role. The knowledge and skills of experts may be indispensable at times, but it is among the most expensive, complicated, and time-consuming means of evidence. The judges adjudicate, but where experts are involved in the process, they have a decisive impact on the outcome of litigation. Therefore, a principal focus of the book is on experts and how they are appointed, managed, and remunerated across Europe and the world. Other ancillary professions may also be decisive for effective provision of court services. Different jurisdictions have different rules and habits, but inevitably recognise the need of adequate support for judges. Sometimes judges command the whole team of clerks and lawyers; sometimes they share a secretary or a clerk. But in all cases, those who assist judges in their daily work have a significant impact on the effectiveness and quality of the judicial process and its

outcome The book considers the contribution of different actors including clerks secretaries advisors counsels and reporters It focuses on cooperation and the interplay between judges and other professional actors in litigation Gender, Participation and Citizenship in the Netherlands Jet Bussemaker, Rian Voet, 2019-01-15 Published in 1998 this is an edited volume of papers on the theme of participation and citizenship for women It focuses particularly on the necessary conditions for full participation of women as citizens within a modern liberal democracy For this question it takes the Netherlands as an interesting case study because it shows the need for a close connection between social and political participation The editors aim to draw together often separate discussions about citizenship in international literature a political theoretical discussion of democracy and a social policy discussion on the welfare state The papers address issues including the labour market public goods welfare laws affirmative action programmes and future development for girls The book also develops the interrelation of social and political participation from the perspective of citizenship It relates information on the Dutch case study to international comparative research on democracy and welfare states as well as to broader international discussions on gender and citizenship *Rosen's Emergency Medicine - Concepts and Clinical Practice E-Book* Ron Walls, Robert Hockberger, Marianne Gausche-Hill, 2017-03-09 Since its revolutionary first edition in 1983 Rosen's Emergency Medicine set the standard for reliable accessible and comprehensive information to guide the clinical practice of emergency medicine Generations of emergency medicine residents and practitioners have relied on Rosen's as the source for current information across the spectrum of emergency medicine practice The 9th Edition continues this tradition of excellence offering the unparalleled clarity and authority you've come to expect from the award winning leader in the field Throughout the text content is now more concise clinically relevant and accessible than ever before meeting the needs of today's increasingly busy emergency medicine practitioner Delivers clear precise information focused writing and references relevant concise information and generous use of illustrations provide definitive guidance for every emergency situation Offers the most immediately relevant content of any emergency medicine reference providing diagnostic and treatment recommendations with clear indications and preferred actions Presents the expertise and knowledge of a new generation of editors who bring fresh insights and new perspectives to the table Includes more than 550 new figures including new anatomy drawings new graphs and algorithms and new photos Provides diligently updated content throughout based on only the most recent and relevant medical literature Provides improved organization in sections to enhance navigation and six new chapters Airway Management for the Pediatric Patient Procedural Sedation and Analgesia for the Pediatric Patient Drug Therapy for the Pediatric Patient Co Morbid Medical Emergencies During Pregnancy Drug Therapy in the Geriatric Patient and Global and Humanitarian Emergency Medicine Expert Consult™ eBook version included with purchase This enhanced eBook experience allows you to search all of the text figures Q As and references from the book on a variety of devices
