Teaching Global History Alan J. Singer, 2012-04-27 *Teaching Global History* challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at http://people.hofstra.edu/alan_j_singer The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and

how to teach it **Empire in Asia: A New Global History** Jack Fairey, Brian P. Farrell, 2018-06-28 Asia was the principle focus of empire builders from Alexander and Akbar to Chinggis Khan and Qianlong and yet until now there has been no attempt to provide a comprehensive history of empire in the region Empire in Asia addresses the need for a thorough survey of the topic This volume traces the evolution of a constellation of competing empires in Asia from the 13th through to the 18th centuries Separate chapters will describe the history and characteristic features of imperial regimes in each major sub region of Asia from the Ottomans and Safavids in the West Romanovs in the North Mughals in the South the Mongols their successors in Inner Asia to the Ming and Qing Dynasties in the East The contributors address common questions in considering the various empires including How did imperial Asian states understand themselves and their place in the world How were these empires constructed and how did they attain such prominence To what extent did imperial repertoires of rule differ The two volumes of Empire in Asia offer a significant contribution to the theory and practice of empire when considered globally and comparatively and are essential reading for all students and scholars of global imperial and Asian history
