The "Nonsense Papers"

James W. Astrada, 2021-12-13 Split into two parts Volume three of the Nonsense Papers series sheds light into the new vaccine era for humanity In the final part misinformation and altering of data by government agencies to hide deaths by emergency use inoculation are continuing over the last year The push for injecting all citizens around the world under the guise of public safety has been the message hammering into our minds No one is safe from draconian laws set in motion to punish those that refuse to get with the program Slander ridicule and loss of jobs are a result of those who question unknown motives of our world leaders A new

breed of separation of humanity has occurred with the vaccinated and unvaccinated The elimination of a live and let live policy has commenced as the Biden administration pushes new laws and penalties to those who want no part of the lies and propaganda A one sided view presented by mass media coerces those they deem hesitant to omit the details and conform Alternative outlets strive to reach people with the other side however Social Media giants and Big Pharma stand in their way and censor any attempt to broadcast Humanity has dug its own grave where we have left no means for escape The future indeed looks lost

UFOs Karl Svozil,2023-08-01 Unidentified phenomena in space in the Earth s atmosphere and in waters are too important to leave their exploration to the military and scientific laypersons Their proper scientific study is important for a variety of reasons in particular scientists and the public at large need to know the basic facts to be informed about the way evidence is recorded and to understand the difference between reliable evidence and fiction as well as between plausible explanations and fantasy With this objective the book surveys the history of UFO observations the variety of recorded phenomena and recounts the efforts of investigative commissions and their published findings Although wild rumors are demystified in the process this is not an exercise in rumor bashing An open and at the same time critical mindset is the key Many narratives and hypothesis appear implausible relative to our present state of knowledge but this alone should not lead to their outright exclusion Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology Here the reader will encounter some of the more speculative but scientifically tenable proposals for example relating to sudden zigzag motion without apparent inertia or recognizable propulsion yet always with a clear guide to their plausibility Last but not least the book outlines plans and suggestions for future research capable of revealing the existence and intentions of extraterrestrial intelligences outer space engineers or technologies so far known only from science fiction

Fact, Fiction, and Flying Saucers Stanton T. Friedman, Kathleen Marden, 2016-09-19 An excellent in depth book that gets to the heart of how and why the UFO subject has been smeared ridiculed and targeted by disinformation agents Nick Redfern author of Men in Black There is a clear conspiracy to deny the existence of UFOs The mainstream media has misinformed us for years about UFO studies conducted by highly regarded scientists associated with some of the finest universities in the country There is significant evidence that the US government has covered up the alien presence through misinformation distortion obfuscation and ridicule Some prominent politically connected scientists have engaged in the cover up And a few professional writers have helped to successfully label any scientists who have been persuaded by the evidence and brave enough to take a stand as unscientific charlatans fanatics and kooks Fact Fiction and Flying Saucers examines the wealth of archival documents that clearly demonstrate this cooperative disinformation effort and refute the false claims made by these professional scoffers Friedman and Marden set the record straight by examining politically motivated misinformation and presenting the compelling evidence that separates fact from fiction They reveal The most compelling UFO evidence including a variety of large scale scientific studies The current state of UFOlogy and what the future holds The media s role in disclosure and denial The government scientists whose job it is to deny The Air Force FBI CIA and NSA s involvement

Out of Time Steve Aspin, 2023-08-24 In Out of Time The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of Out of Time will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it

may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experiencer and human society collectively

The Believer Ralph Blumenthal, 2021-03-15 The Believer is the weird and chilling true story of Dr John Mack This eminent Harvard psychiatrist and Pulitzer Prize winning biographer risked his career to investigate the phenomenon of human encounters with aliens and to give credibility to the stupefying tales shared by people who were utterly convinced they had happened Nothing in Mack s four decades of psychiatry had prepared him for the otherworldly accounts of a cross section of humanity including young children who reported being taken against their wills by alien beings Over the course of his career his interest in alien abduction grew from curiosity to wonder ultimately developing into a limitless unwavering passion Based on exclusive access to Mack s archives journals and psychiatric notes and interviews with his family and closest associates The Believer reveals the life and work of a man who explored the deepest of scientific conundrums and further leads us to the hidden dimensions and alternate realities that captivated Mack until the end of his life

Biblical Eschatology: Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own

translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book **Why Did Yahweh and His Son Yahshuah Say What They Said?** Dr. Justin G.

Prock,2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions *Radical Transformation* Imants Barušs,2021-01-28 In *Radical Transformation* Imants Baru s leads the reader out of the receding materialist paradigm into an emerging post materialist landscape in which new questions present themselves If consciousness has nonlocal properties then how are boundaries between events established If consciousness directly modulates physical manifestation then what is the scope of such modulation If consciousness continues after physical death then how much interference is there from non physical entities As we face the threat of extinction on this planet is there anything in recent consciousness research that can help us Are there effective means of self transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises The author leads the reader through discussions of meaning radical transformation and subtle activism revealing the unexpected interplay of consciousness and reality along the way
