Roma Steven Saylor,2007-03-06 Spanning a thousand years and following the shifting fortunes of two families though the ages this is the epic saga of Rome the city and its people Weaving history legend and new archaeological discoveries into a spellbinding narrative critically acclaimed novelist Steven Saylor gives new life to the drama of the city's first thousand years from the founding of the city by the ill fated twins Romulus and Remus through Rome's astonishing ascent to become the capitol of the most powerful empire in history Roma recounts the tragedy of the hero traitor Coriolanus the capture of the city by the Gauls

the invasion of Hannibal the bitter political struggles of the patricians and plebeians and the ultimate death of Rome's republic with the triumph and assassination of Julius Caesar Witnessing this history and sometimes playing key roles are the descendents of two of Rome's first families the Potitius and Pinarius clans One is the confidant of Romulus One is born a slave and tempts a Vestal virgin to break her vows One becomes a mass murderer And one becomes the heir of Julius Caesar Linking the generations is a mysterious talisman as ancient as the city itself Epic in every sense of the word Roma is a panoramic historical saga and Saylor's finest achievement to date **John O'London's Weekly** ,1921 **An Exposition of the Bible** Marcus Dods,Robert Alexander Watson,Frederic William Farrar,1903 **A Soldiers' Chronicle of the Hundred Years War** Anne Curry,Rémy Ambühl,2022 A remarkable and very important unpublished chronicle written by two soldiers covering in detail the English campaigns in France from 1415 to 1429 It lists many individuals who served in the war and was written specifically for Sir John Fastolf the English commander This previously unpublished chronicle from the mid fifteenth century covers the English wars in France from 1415 to 1429 It is highly unusual in that it was written by two soldiers Peter Basset and Christopher Hanson William Worcester secretary to the English commander Sir John Fastolf also had a hand in it and it was specifically written for Sir John The content is unusual as it includes many lists of individuals serving in the war and records their presence at battles naming more than 700 in all Over half these individuals are French or Scottish so it would seem that the authors had a particularly detailed knowledge of French military participation The narrative is important for the English campaigns in Maine in the 1420s in which Fastolf was heavily involved and which otherwise receive little attention in chronicles written on either side of the Channel The progress of the war is well mapped with around 230 place names mentioned The chronicle was extensively used in the sixteenth century by several heralds and by Edward Hall As a result it had an influence on Shakespeare The death of the earl of Salisbury at Orleans in Henry VI Part I Follows the chronicle closely The Mirror for Magistrates Salisbury narrative is also derived from the chronicle Another point of interest is that the chronicle is by a scribe who can be identified and proves to be the only known fifteenth century account of the war written in England in French which adds an important linguistic dimension to its study *Daniel's Five Visions* R. creation of the merchant republic of Beirut in the nineteenth century *Bonnie Scotland (Illustrations)* Ascott Robert Hope Moncrieff, 2015-02-13 The author does not attempt elaborate word pictures that would seem pale beside the artist's colouring. His design has been as accompaniment to these beautiful landscapes an outline of Scotland's salient features with glimpses at its history, national character and customs and at the literature that illustrates this country for the English speaking world. While taking the reader on a fireside tour through the varying airts of his native land he has tried to show how its life, silken or homespun, is a tartan of more intricate pattern than appears in certain crude impressions struck off by strangers. And into his own web have been woven reminiscences, anecdotes and borrowed brocade such as may make entertaining stripes and checks upon a groundwork of information. The mainland only is dealt with in this volume which it is intended to follow up with another on the Highlands and Islands The Friend Samuel Chenery Damon, 1922
