

Transborder Lives: Indigenous Oaxacans in Mexico, California, and Oregon

Lynn Stephen's innovative ethnography follows indigenous Mexicans from two towns in the state of Oaxaca—the Mixtec community of San Agustín Atenango and the Zapotec community of Teotitlán del Valle—who periodically leave their homes in Mexico for extended periods of work in California and Oregon. Demonstrating that the line separating Mexico and the United States is only one among the many borders that these migrants repeatedly cross (including national, regional, cultural, ethnic, and class borders and divisions),

Stephen weaves the personal histories and narratives of indigenous transborder migrants together with explorations of the larger structures that affect their lives. Taking into account U.S. immigration policies and the demands of both commercial agriculture and the service sectors, she chronicles how migrants experience and remember low-wage work in agriculture, landscaping, and childcare and how gender relations in Oaxaca and the United States are reconfigured by migration.

Transborder Lives Indigenous Oaxacans In Mexico California And Oregon:

Transborder Lives Lynn Stephen, 2007-06-13 Lynn Stephen's innovative ethnography follows indigenous Mexicans from two towns in the state of Oaxaca: the Mixtec community of San Agustín Atenango and the Zapotec community of Teotitlán del Valle who periodically leave their homes in Mexico for extended periods of work in California and Oregon. Demonstrating that the line separating Mexico and the United States is only one among the many borders that these migrants repeatedly cross, including national, regional, cultural, ethnic, and class borders and divisions, Stephen advocates an ethnographic framework focused on transborder rather than transnational lives. Yet she does not disregard the state. She assesses the impact migration has had on local systems of government in both Mexico and the United States, as well as the abilities of states to police and affect transborder communities. Stephen weaves the personal histories and narratives of indigenous transborder migrants together with explorations of the larger structures that affect their lives. Taking into account U.S. immigration policies and the demands of both commercial agriculture and the service sectors, she chronicles how migrants experience and remember low wage work in agriculture, landscaping, and childcare, and how gender relations in Oaxaca and the United States are reconfigured by migration. She looks at the ways that racial and ethnic hierarchies inherited from the colonial era hierarchies that debase Mexico's indigenous groups are reproduced within heterogeneous Mexican populations in the United States. Stephen provides case studies of four grass roots organizations in which Mixtec migrants are involved, and she considers specific uses of digital technology by transborder communities. Ultimately, Stephen demonstrates that transborder migrants are reshaping notions of territory and politics by developing creative models of governance, education, and economic development, as well as ways of maintaining their cultures and languages across geographic distances. Reseña de "Transborder Lives: Indigenous Oaxacans in Mexico, California, and Oregon" de Lynn Stephen, James Restrepo, 2009

Intimate Borders Amy Reed-Sandoval, 2025-10-17 In *Intimate Borders*, Amy Reed Sandoval offers a decolonial feminist theory of borders that enables us to perceive hidden gender injustices at borders and then take concrete steps to stop them. Grounded in feminist privacy ethics, Chicana feminism, Indigenous philosophies of borders and space, and original ethnographic research conducted by Reed Sandoval at two abortion clinics in the U.S.-Mexico borderlands, this book challenges political philosophy's public-private divide by urging us to understand borders as intimate. Specifically, it argues that borders are sites of embodied and identity-based harms that often tamper with the boundaries of our selves in ways that impact our personal autonomy. Reed Sandoval also critically investigates unhelpful dichotomies. *Intimate Borders* calls into question popular all-or-nothing proposals for both open and closed borders, arguing instead that a feminist approach to borders requires careful exploration of how different borders, including non-Western borders, may both cause and protect against intimate harms of vulnerable groups. This book unpacks some of the most urgent and under-theorized ethical challenges presented at borders today, including border crossings for abortion care, the migration of children, pregnancy, and

miscarriage at borders family separations at borders and the complicated relationship between borders and Indigenous identities *Intimate Borders* is a theoretical framework for feminist migration scholars policy makers activists and anyone else who wishes to raise awareness of gender injustice at the world's borders *Feminism and Migration* Glenda Tibe Bonifacio, 2012-02-06 *Feminism and Migration* Cross Cultural Engagements is a rich original and diverse collection on the intersections of feminism and migration in western and non western contexts This book explores the question does migration empower women Through wide ranging topics on theorizing feminism in migration contesting identities and agency resistance and social justice and religion for change well known and emerging scholars provide in depth analysis of how social cultural political and economic forces shape new modalities and perspectives among women upon migration It highlights the centrality of the various meanings and interpretations of feminism's in the lives of immigrant and migrant women in Australia Belgium Brazil Eastern Europe France Greece Japan Italy Mexico Morocco Papua New Guinea Spain and the United States The well researched chapters explore the ways in which feminism and migration across cultures relate to women's experiences in host societies as women wives mothers exiles nuns and workers and the avenues of interactions for change Cross cultural engagements point to the convergence and even disjunctures between immigrant and non immigrant women that remain unrecognized in contemporary mainstream discourses on migration and feminism **Multicultural America** Carlos E.
