Ministry Education That Transforms Robert W. Ferris, John R. Lillis, Ralph E. Enlow, Jr., 2018-05-06 God clearly intends that lives of Christians and the life of the church should differ from those of the unredeemed The Christian and the church should be salt and light Preparing spiritual leaders who have the grace credibility and wisdom to effect such change demands more than transmission of knowledge Equipping for transformative ministry requires a divinely empowered and educationally intentional experience that leads to transformation in the lives of students Ministry Education that Transforms brings together theological insight and educational research in support of practical methods that align with transformative ends The authors experience with Global Associates for Transformational Education GATE workshops and the impact they have had with this approach to education formation testifies that this is not a mere call for change but a tried and tested methodology crucial to theological education

Challenging Tradition Perry Shaw, Havilah Dharamraj, 2018-03-31 The surge of theological education in the

rapidly growing church of the Majority World has highlighted the inadequacy of traditional Western methods of thinking and learning to fully accomplish the task at hand. The limitations of current theological education are embodied in the formation and assessment of the master's or doctoral dissertation processes that follow a linear empiricist tradition developed in the West and exported to the Majority World. Challenging Tradition: Innovation in Advanced Theological Studies highlights the need for these traditions to be reconsidered in every context throughout the world. Drs Shaw and Dharamraj, with their team of contributors, present innovations in research and documentation that demonstrate how we may better prepare theological leadership through means that are contextually relevant and locally meaningful.
