Traveling In Place A History Of Armchair Travel:

Traveling in Place Bernd Stiegler, 2024-05-31 Armchair travel may seem like an oxymoron Doesn't travel require us to leave the house And yet anyone who has lost herself for hours in the descriptive pages of a novel or the absorbing images of a film knows the very real feeling of having explored and experienced a different place or time without ever leaving her seat No passport no currency no security screening required the luxury of armchair travel is accessible to us all In *Traveling in Place* Bernd Stiegler celebrates this convenient magical means of transport in all its many forms Organized into twenty one legs or short chapters *Traveling in Place* begins with a consideration of Xavier de Maistre's 1794 *Voyage autour de ma chambre* an account of the forty two day journey around his room Maistre undertook as a way to entertain himself while under house arrest Stiegler is fascinated by the notion of exploring the familiar as though it were completely new and strange He engages writers as diverse as Roussel Beckett Perec Robbe Grillet Cortázar Kierkegaard and Borges all of whom show how the everyday can be brilliantly transformed Like the best guidebooks *Traveling in Place* is more interested in the idea of travel as a state of mind than as a physical activity and Stiegler reflects on the different ways that traveling at home have manifested themselves in the modern era from literature and film to the virtual possibilities of the Internet blogs and contemporary art Reminiscent of the pictorial meditations of Sebald but possessed of the intellectual playfulness of Calvino *Traveling in Place* offers an entertaining and creative Baedeker to journeying at home [Modernist Circumnavigations](#)

Kevin Riordan, 2022-05-26 This book shows how Jules Verne's *Around the World in Eighty Days* changed the global imagination Through his novel the world was converted into a personal itinerary scaled to the individual traveller and by extension to the individual reader Exploring Verne's modern legacy this study shows how subsequent generations of artists and writers took on *Around the World in Eighty Days* as an adaptable guidebook to the modern world It investigates how Verne's work leads its reader beyond the book itself It considers Verne's place in world literature traces some of the many real reenactments of Verne's itinerary and recalls the theatrical adaptations of Verne's story Published to coincide with the 500th anniversary of the first circumnavigation and the 150th anniversary of Verne's novel this book offers new insights into the largely overlooked influence of Verne on twentieth century literature and culture and on the field of global modernism

The Routledge Research Companion to Travel Writing Alasdair Pettinger, Tim Youngs, 2019-07-30 Showcasing established and new patterns of research *The Routledge Research Companion to Travel Writing* takes an interdisciplinary approach to scholarship and to travel texts themselves The volume adopts a thematic approach with each contributor considering a specific aspect of travel writing a recurrent motif an organising principle or a literary form All of the essays include a discussion of representative travel texts to ensure that the volume as a whole represents a broad historical and geographical range of travel writing Together the 25 essays and the editors introduction offer a comprehensive and authoritative reflection of the state of travel writing criticism and lay the ground for future developments **Water / Music**

Peter Filkins, 2021-04-06 Water Music embraces and celebrates life's mystery and the soul's repose amid talismans at twilight the whirl of birds Routledge Handbook of the Digital Environmental Humanities Charles Travis, Deborah P. Dixon, Luke Bergmann, Robert Legg, Arlene Crampsie, 2022-09-12 The Routledge Handbook of the Digital Environmental Humanities explores the digital methods and tools scholars use to observe interpret and manage nature in several different academic fields Employing historical philosophical linguistic literary and cultural lenses this handbook explores how the digital environmental humanities DEH as an emerging field recognises its convergence with the environmental humanities As such it is empirically critically and ethically engaged in exploring digitally mediated visualised and parsed framings of past present and future environments landscapes and cultures Currently humanities geographical cartographical informatic and computing disciplines are finding a common space in the DEH and are bringing the use of digital applications coding and software into league with literary and cultural studies and the visual film and performing arts In doing so the DEH facilitates transdisciplinary encounters between fields as diverse as human cognition gaming bioinformatics and linguistics social media literature and history music painting philology philosophy and the earth and environmental sciences This handbook will be essential reading for those interested in the use of digital tools in the study of the environment from a wide range of disciplines and for those working in the environmental humanities more generally **The Juggler of Notre Dame and the Medievalizing of Modernity.** Jan M. Ziolkowski, 2018-08-29 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today Volume 3 The American Middle Ages hinges upon two figures influenced by the juggler Henry Adams scion of Presidents and distinguished cultural historian whose works contributed to the rise of medievalism in America during the Gilded Age and Ralph Adams Cram the architect whose vision of Gothic accounts directly or indirectly for the campuses of West Point Princeton Yale Chicago Notre Dame and many other universities across America The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity Spanning centuries and continents the medieval period is understood through the lens of its post modern reception in Europe and America Profound connections between the verbal and the visual are illustrated by a rich trove of images including book illustrations stained glass postage stamps architecture and Christmas

cards Presented with great clarity and simplicity Ziolkowski's work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies *Teaching Translation* LAWRENCE

VENUTI,2016-08-05 Over the past half century translation studies has emerged decisively as an academic field around the world and in recent years the number of academic institutions offering instruction in translation has risen along with an increased demand for translators interpreters and translator trainers *Teaching Translation* is the most comprehensive and theoretically informed overview of current translation teaching Contributions from leading figures in translation studies are preceded by a substantial introduction by Lawrence Venuti in which he presents a view of translation as the ultimate humanistic task an interpretive act that varies the form meaning and effect of the source text 26 incisive chapters are divided into four parts covering certificate and degree programs teaching translation practices studying translation theory history and practice surveys of translation pedagogies and key textbooks The chapters describe long standing programs and courses in the US Canada the UK and Spain and each one presents an exemplary model for teaching that can be replicated or adapted in other institutions Each contributor responds to fundamental questions at the core of any translation course for example how is translation defined What qualifies students for admission to the course What impact does the institutional site have upon the course or pedagogy *Teaching Translation* will be relevant for all those working and teaching in the areas of translation and translation studies Additional resources for Translation and Interpreting Studies are available on the Routledge Translation Studies Portal **Cartographies of Disappearance: Vestiges of Everyday Life in Literature**

Enric Bou, **Intimate Interiors** Tara Zanardi,Christopher M. S. Johns,2023-03-23 A desire for intimacy in domestic spaces motivated by a growing sense of individualistic expression an incentive to conceal the labor or enslavement taking place and an appetite for solace and comfort led to interiors taking on more specific roles in the eighteenth century By examining the architectural visual and material culture of eighteenth century spaces *Intimate Interiors* foregrounds the interrelated concepts of intimacy privacy informality and sociability in order to show how these ideas played an increasingly integral role in the period's architectural and material design Across eleven innovative chapters that explore issues of gender politics travel exoticism imperialism sensorial experiences identity interiority and modernity this volume demonstrates how intimacy was a fundamental goal in the planning of private quarters In doing so the political nature of private spaces is uncovered whilst highlighting the contradictions and complexities of these highly performative private interiors Employing distinct methodological perspectives across various geographical sites from Turkey to Versailles Britain to Benin *Intimate Interiors* draws as yet untraced connections between Enlightenment Europe imperial outposts and major metropolitan centers across the globe *Insult to Our Planet & The Florida Keys* Jerrold J. Weinstock,2017-12-29 Explore the Wonders Face the Reality The medical definition of INSULT is to cause some kind of physical or mental injury Through the eyes of this

psychiatrist and his raw existential passion for the planet a web of insult is untangled to expose environmental degradation we face today and its impact on the human spirit For over fifty years Dr Weinstock has lived in the Florida Keys fishing the Atlantic and the Gulf waters off of Key West A prize winning angler he shares exciting stories of the past in this sport fishing mecca You ll feel the humidity as he fights the Permit on Boca Chica beach hear the screeching of the terns while bonefishing on Marvin Key Through twist and turns and stories of the mind the author demonstrates the healing power of nature Hundreds colorful photos display the glorious diversity of fish and natural beauty from Key West to Alaska exploring the uplifting and the dismal view At the helm are many years of research that uncover abuses of nature in the Florida Keys as a metaphor for global environmental tragedies
