TREASON, TREACHERY & DECEIT James D. Norvell, J. D., 2014-03 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvell's riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvell's semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes and done so in a personal manner and over an extended period of time The more you read the more you'll wonder Could this have happened Be careful once you pick it up you won't put it down Dynamite John H Jack Grubbs Ph D Brigadier General Ret U S Army author of *Dryline* and *Bad Intentions* Jim Norvell's unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive after all Mr Norvell does not pull any punches and does not sugar coat the assassination story in any way An engaging read Douglas P Horne formerly Chief Analyst for Military Records Assassination Records Review Board B A in History Ohio State University and author of *Inside the Assassination Records Review Board Vol I V* My classmate from the Naval Academy Jim Norvell has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did it type answer Instead he constructs a list of timed events with key power brokers in 1963 that provides a hard core conspiratorial assassination plot And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible then go very slowly through the chapters that lay down the assassination time lines Point by point bullet by bullet the historical novel unfolds But I assure you that it will not end with a lone event a lone gunman Two additional assassinations follow with the shootings of Martin Luther King Jr and Robert F Kennedy Norvell drives you back in time to the 60's to piece together for you an entirely different assassination than the one focused on Oswald and defended as such by the Warren Commission This is a very good read for all and especially for those who to this day can remember where we were on November 22 1963 Alexander J Krekich Vice Admiral U S Navy Retired B S U S Naval Academy 1964 M S A George Washington University 1972 U S Army Command and Naval War College 1978 I extend personal thanks to Jim Norvell for his deep insights for connections not uncovered anywhere else and for bringing us nearer to the solution to the most horrific crime in American History horrific for what it did to one man and his family horrific for what it did to America and horrific for the failure of the authorities to mete out justice Barr McClellan B A J D University of Texas author of *Blood Money and Power How LBJ Killed JFK and former law partner with LBJ's attorney Ed Clark* Jim Norvell's historical novel is a truly remarkable study of a broad range of facts surrounding a single individual What he has carefully developed is almost unthinkable to well adjusted human beings To my

knowledge this depiction has not been accomplished before in our time and he should be commended for all the long years of effort that it required I found that his identification of LBJ as a narcissist is quite well founded There is a long and well established history of those traits among world leaders in every field many in very public roles Health care professionals have identified and articulated in textbooks different types of narcissism and their symptomatic traits some of which are incredibly destructive and actually evil Jim s novel acutely and accurately displays the personification of pure evil in LBJ I think he has written a serious best seller which will lead readers to thoughtfully and carefully examine the traits and actions which our public figures display Ray C Witter Rear Admiral U S Navy Ret B S U S Naval Academy M S Engineering Acoustics Naval Postgraduate School

Honest Answers about the Murder of President John F. Kennedy Vincent Michael

Palamara,2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject

The Assassinations James DiEugenio,Lisa Pease,2003 Foreword by Judge Joe Brown and Introduction by Zachary Sklar This book is a compilation of articles from an eclectic group of researchers that have spent the last several years discovering new evidence through an examination of newly released files about the American coup d etat in four tragic and epochal murders A must read to understand how these leaders were systematically eliminated It s a unique volume in the literature on this subject William Turner former FBI agent author of Deadly Secrets

Conspiracy to Assassinate President John F. Kennedy, Dr. Martin Luther King Jr. and Senator Robert F. Kennedy. John Patrick Roach,2013-07 This book is about grasping power and once achieving it using that power to assassinate all challengers to the power gained The Warren

Commission Report concluded that Lee Harvey Oswald acted alone and was not part of a conspiracy and went on to say that there is no evidence of a conspiracy This report pacified the American public for the last 49 years Logic and Reason dictates otherwise Each of us have the ability to use our own logic to determine who had the most to gain from the President John F Kennedy assassination However it seems unreasonable that he could do it alone and get away with it So it doesn't pass the reason test Therefore logic again comes into the equation that would require a co conspirator capable of providing a complete cover up so the conspirators will never be caught The co conspirators need only patsies to take the blame with promises of a fee or fame or whatever satisfies their weaknesses With the Kennedy assassination completed and blamed on Lee Harvey Oswald who is murdered before he can utter more than I'm just a patsy the American population seems satisfied that he paid for his crime while the conspirators remain free Using the same procedure of patsies to take the rap the logical conspirators assassinate Martin Luther King Jr and Senator Robert Kennedy a leading Democratic Candidate for President in 1968 and got away with it Your use of logic and reason may lead you to the same conclusion that a conspiracy of the highest magnitude took the lives of these three idealists Killing the Truth Harrison Edward Livingstone,1994-08-01 Offers new evidence and the testimony of expert witnesses to contradict articles that have attempted to bolster the long discredited conclusions reached by the Warren Commission **Assassination!** Stephen Goode,Rod Slater,1979-01-01 Discusses the assassinations of President Kennedy Martin Luther King Jr and Robert Kennedy the investigations of the murders and the lingering suspicions that these crimes are still unsolved **A Lie Too Big to Fail** Lisa Pease,2018-12-18 In A Lie Too Big to Fail longtime Kennedy researcher of both JFK and RFK Lisa Pease lays out in meticulous detail how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department how evidence was deliberately altered and in some instances destroyed and how the justice system and the media failed to present the truth of the case to the public Pease reveals how the trial was essentially a sham and how the prosecution did not dare to follow where the evidence led A Lie Too Big to Fail asserts the idea that a government can never investigate itself in a crime of this magnitude Was the convicted Sirhan Sirhan a willing participant Or was he a mind controlled assassin It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner allowing readers to form their theories about this event Pease places the history of this event in the context of the era and provides shocking overlaps between other high profile murders and attempted murders of the time Lisa Pease goes further than anyone else in proving who likely planned the assassination who the assassination team members were and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States High Treason Harrison Edward Livingstone,Robert J. Groden,1998 A revised edition of the analysis which argues that a conspiracy existed to remove President Kennedy
