Protecting Pharaoh's Treasures Wafaa El Saddik,Wafaa El-Sadeek,Rüdiger Heimlich,2017 Growing up in Egypt s Nile Delta Wafaa El Saddik was fascinated by the magnificent pharaonic monuments from an early age and as a student she dreamed of conducting excavations herself and working in the Egyptian Museum in Cairo At a time when Egyptology was dominated by men especially those with close connections to the regime she was determined to succeed and secured grants to study in Boston London and Vienna eventually becoming the first female general director of the country s most prestigious museum She launched the first general inventory of the museum s cellars in its more than hundred year history in the process discovering long forgotten treasures as well as confronting corruption and nepotism in the antiquities administration In this very personal memoir she looks back at the history of her country and asks What happened to Egypt Where did Nasser s bright new beginning go wrong Why did Sadat fail to bring peace Why did the Egyptians allow themselves to be so corrupted by Mubarak And why was the Muslim Brotherhood able to achieve power But her first concern remains How can the ancient legacy of her country truly be protected **The Sign Language of Astronomical Mythology** Gerald

Massey,2008-01-01 The origin of a saviour in the guise of a little child is traceable to Child Horus who brought new life to Egypt every year as the Messu of the inundation This was Horus in his pre solar and pre human characters of the fish the shoot of the papyrus or the branch of the endless years In a later stage the image of Horus on his papyrus represented the

young god as solar cause in creation But in the primitive phase it was a soul of life or of food ascending from the water in vegetation as he who climbs the stalk ranging from Child Horus to the Polynesian hero and to Jack ascending heavenward by means of his bean stalk from The Sign Language of Astronomical Mythology It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey s massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents the combined Books 5 and 6 of Ancient Egypt in which Massey discusses the primeval iconic representations that link the Earth and the heavens and ties the oldest understandings of astronomy with the mythology of the creation of the universe and humanity From the symbols and myths of water drowning and floods to those light and darkness blindness and sight and many others Massey shows how that imagery plays out in the Egyptian zodiac and in turn indelibly influenced modern religion Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis **Ancient Egypt Light Of The World 2 Vol set** Gerald Massey,2013-10-15 First published in 2005 This expansive and fascinating treatment of ancient Egyptian mythology and its influence on the traditions that followed from it includes explorations of sign language in mythological representation totemism fetishism spirits and Gods the Egyptian Book of the Dead and Egyptian wisdom in the Hebrew Genesis Readers will enjoy the wealth of information offered by Massey as well as his clear and readable style
