Translators' Formative Agency in the Periodical Hawar (1932-1943) Dibar Çelik, 2025-03-20 The present work uncovers the pivotal role translations in the periodical Hawar played in the formation of a Kurdish cultural identity In this light it foregrounds translators agency and their contributions in novel contexts and thus fills a crucial gap in this area This work provides new insights into identity formation focusing on translations in a key magazine published in a minoritized language in the 1930s and 1940s In this context it particularly underscores the agency of Celadet Al Bedirxan as the leading translator and writer as well as the founder and chief editor of the magazine His vision of Kurdish cultural identity in Hawar had a multilayered characteristic It was oriented toward a dialogic relationship between Kurdish and western cultures It proposed the Roman script for Kurdish language dialects and introduced a simple prose style It also embraced a plural Kurdish religious aspect and led the way to the development of modern Kurdish literature *Translator's Planner 2016* Sarah Henter, 2015-10-16 Translator s planner 2016 Features 100 pages 2016 overview monthly planners for each month weekly planners for each week yearly goal setting monthly goal setting one page 2016 business plan space for notes time zone converter glossary for frequently used terms contacts most important translation conferences are already noted the day they take place page for usernames and passwords lovely design motivational quotes XL format US letter size *Chinese Legal Translation and Language Planning in the New Era* Xiaobo Dong, Yafang Zhang, 2023-01-12 By making a comprehensive and interdisciplinary analysis on the translation history of both the ancient Chinese legal classics and the modern laws and regulations this book presents a full picture of development of Chinese legal translation Legal translation in China has undergone twists and turns in the past and always lacked a systematic and comprehensive theoretical framework Therefore guided by the language planning theory this book intends to build a theoretical framework for study and practices of legal translation in the New Era and provide a feasible path for general readers students of relevant majors and professionals interested in Chinese legal culture to get a refreshed understanding legal translation and legal culture promotion **2017**

Translation, Disinformation, and Wuhan Diary Michael Berry, 2022-12-08 During the early days of the COVID 19 health crisis Fang Fang s Wuhan Diary provided an important portal for people around the world to understand the outbreak local response and how the novel coronavirus was impacting everyday people But when news of the international publication of Wuhan Diary appeared online in early April of 2020 Fang Fang s writings became the target of a series of online attacks by Chinese ultra nationalists Over time these attacks morphed into one of the most sophisticated and protracted hate Campaigns against a Chinese writer in decades Meanwhile as controversy around Wuhan Diary swelled in China the author was transformed into a global icon honored by the BBC as one of the most influential women of 2020 and featured in stories by dozens of international news outlets This book by the translator of Wuhan Diary into English alternates between a first hand account of the translation process and more critical observations on how a diary became a lightning rod for fierce political debate and the target of a sweeping online campaign that many described as a cyber Cultural Revolution Eventually even Berry would be pulled into the attacks and targeted by thousands of online trolls This book answers the questions why would an online lockdown diary elicit such a strong reaction among Chinese netizens How did the controversy unfold and evolve Who was behind it And what can we learn from the Fang Fang Incident about contemporary Chinese politics and society The book will be of interest to students and scholars of translation as well as anyone with special interest in translation US Chinese relations or internet culture more broadly

The Routledge Handbook of Translation and Ethics Kaisa Koskinen, Nike K. Pokorn, 2020-12-16 The Routledge Handbook of Translation and Ethics offers a comprehensive overview of issues surrounding ethics in translating and interpreting The

chapters chart the philosophical and theoretical underpinnings of ethical thinking in Translation Studies and analyze the ethical dilemmas of various translatorial actors including translation trainers and researchers. Authored by leading scholars and new voices in the field, the 31 chapters present a wide coverage of emerging issues such as increasing technologization of translation, posthumanism, volunteering and activism, accessibility and linguistic human rights. Many chapters provide the first extensive overview of the topic or present new takes on established areas. The book is divided into four parts, with the first covering the most influential ethical theories. Part II takes the perspective of agents in different contexts and the ethical dilemmas they face, while Part III takes a critical look at central institutions structuring and controlling ethical behaviour. Finally, Part IV focuses on special issues and new challenges and signals new directions for further study. This handbook is an indispensable resource for all students and researchers of translation and ethics within translation and interpreting studies, multilingualism and comparative literature.

The Routledge Handbook of Translation and Young Audiences Michal Borodo, Jorge Díaz-Cintas, 2025-01-31. The Routledge Handbook of Translation and Young Audiences offers a comprehensive overview of translation in the context of young audiences. The handbook synthesises research on translation of children's and young adult literature, audiovisual translation, the translation of comics and picture books, empirical research methods, and translation performed by fan communities in the digital world. Adopting a forward-looking approach, it is organised around these five key themes, which taken together propose a new way of looking at interrelated phenomena which have never been brought together before, to map this emerging area of study. Featuring 35 contributions from leading and emerging scholars, the volume showcases a range of perspectives which focus on translation and cultural practices around children and young adults, not only as readers, viewers and consumers but also as prosumers and collaborative creators of content. Providing a multi-layered perspective on the study of translation and young audiences, this handbook will be a valuable resource for students and scholars in translation studies, particularly those interested in audiovisual translation, media translation, multimodal texts and children's literature.
