Transsurfing Die Realit t Ist Steuerbar:

TransSurfing Vadim Zeland, 2006 *Das Resonanz-Prinzip in 11 Schritten* Lisa Hölzle, 2025-01-20 Alles in unserem Universum folgt den Prinzipien der Resonanz Unsere Gedanken Gef hle und dementsprechend auch die Frequenz welche wir dadurch aussenden gehen mit der Au enwelt in Verbindung Demzufolge sind es unsere Einstellungen Glaubens tze und Denkweisen welche unsere Realit t erschaffen Dies bedeutet auch dass wir durch bewusstes Denken und unsere Gef hle die eigene Realit t ver ndern k nnen In diesem Buch wird in 11 Schritten gezeigt wie dies anwendbar ist und wie ein gl ckliches Leben realisiert werden kann Lebe frei und selbstbestimmt Regina Oberdorf, 2018-12-20 Dieses Buch handelt von freiem und selbstbestimmtem Leben Es geht darum wie Sie mehr Lebensfreude genie en und Ihre Tr ume wahr werden lassen k nnen Der erste Teil dreht sich um Ihre pers nliche Work Life Balance Damit sind ein zu Ihnen passendes Verh ltnis zwischen Arbeit und Freizeit sowie ein erf lltes Privatleben gemeint ber den im Buch integrierten Leitfaden k nnen Sie die konkreten Schritte ermitteln mit denen Sie Ihre Lebensqualit t schnell und sp rbar verbessern Im zweiten Teil geht es um die vergessene Anleitung Wir glauben meist dass wir von den u eren Umst nden abh ngig sind Tats chlich ist es genau umgekehrt Wir k nnen n mlich unsere Realit t ganz bewusst selbst steuern und damit unsere Tr ume und Visionen zur Wirklichkeit werden lassen Alle dargestellten Inhalte wurden von der Autorin im eigenen Leben erprobt und haben sich als wirksam erwiesen Sie erhalten mit dem Buch das entscheidende Wissen die Regeln praktische Umsetzungsvorschl ge und viele Beispiele f r ein tieferes Verst ndnis *Reality Transurfing. Steps I-V* Vadim Zeland, 2016-04-18 Transurfing is a powerful tool for managing reality Apply it and life will begin to change according to YOUR order When you use Transurfing goals are not reached so much as realised for the most part of themselves It seems impossible to believe but only at first The ideas presented in the book have already received practical confirmation Those who have tried Transurfing experience surprise bordering on delight as the world of the Transurfer inexplicably changes before their very eyes What is the book about Transurfing is the art of controlling reality using our freedom of choice The world always reflects our perception of it People can choose any variant of the development of current reality and thereby find themselves in circumstances they find desirable To learn how to do this you have to learn how to establish mutual understanding between the soul and mind formulate intention and avoid the influence of destructive pendulums Why should you read this book Most people who have read Transurfing note that from the very e first pages the book completely reverses their view of the world and the role of the individual in their own life A fresh look at reality encourages the reader to consciously relate to the choices they make in any moment and this really changes their life in the direction they would like It works is the phrase found in almost all reviews of Vadim Zeland s book Who is this book for The book has aroused great interest among the young and middle aged those who are interested equally in philosophy psychology and physics and the mysteries of human consciousness Why we decided to publish it The idea of Transurfing Reality quickly gained popularity when the author posted the text on the Internet

Numerous readers reviews saying that it really works and the author s original take on the structure of reality prompted the publishers decide to publish Vadim Zeland s manuscript We had no doubt that Transurfing would be popular among a huge audience About the author Vadim Zeland I m over forty Before the collapse of the Soviet Union I was engaged in research in the field of quantum physics then computer technology and now books I live in Russia My nationality is Russian or more precisely a quarter Estonian The rest is irrelevant as is all the above Regarding my own success all I can say is that Transurfing works perfectly I don t however want to advertise my personal life as then it would cease to be personal Fame turns against you if you give in to temptation and climb up on a pedestal for all to see Among some people the American Indians for example there is a belief that if someone copies your portrait photographs you they steal part of your soul Of course this is just superstition but there is no smoke without fire You can distribute a product of personal creativity but release your personality for mass circulation never To the question of intrigued readers Who are you Vadim Zeland I usually just say Nobody My biography can not and should not be a matter of interest since I am not the creator of Transurfing only a retranslator It is essential that we be nothing an empty vessel so that we do not impose our personal distortions onto this ancient Knowledge that opens the door to a world where the impossible becomes possible Reality ceases to exist as something external and independent and becomes manageable if you follow certain rules The secret itself that is hidden only in as much as it lies on the surface is so great that the personality of its bearer ceases to be relevant Perhaps the guardians who passed on this knowledge to me are of genuine interest but they too prefer to remain in the wings
