The Viking Book of Aphorisms Wystan Hugh Auden, Louis Kronenberger, 1962 More than 3000 selections from more than 400 authors Dust jacket *The Viking Book of Aphorisms* Wystan Hugh Auden, Louis Kronenberger, 1981 **The Viking Book of Aphorisms. A Personal Selection by W.H. Auden and L. Kronenberger** Wystan Hugh Auden, Louis Kronenberger, 1962 **Contemporary Literary Critics** NA NA, 2015-12-25 A reference guide to the work of 115 modern British and American critics Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature

The Words of Others Gary Saul Morson, 2011-06-28 In this lively gambol through the history of quotations and quotation books Gary Saul Morson traces our enduring fascination with the words of others Ranging from the remote past to the present he explores the formation development and significance of quotations while exploring the verbal museums in which they have been collected and displayed commonplace books treasuries and anthologies In his trademark clear witty and provocative style Morson invites readers to share his delight in the shortest literary genre The author defines what makes a quote quotable as well as the unexpected differences between quotation and misquotation He describes how quotations form transform and may eventually become idioms How much of language itself is the residue of former quotations Weaving in hundreds of intriguing quotations common and unusual Morson explores how the words of others constitute essential elements in the formation of a culture and of the self within that culture In so doing he provides a demonstration of that very process captured in the pages of this extraordinary new book Goethe in English Derek Glass, Martin H. Jones, 2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethe's birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications

during the century not merely translations that originated during this period. It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century. It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction, a signal factor in perceptions and misperceptions. Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004. Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethe's anniversary and as a tribute to Derek himself.

Twentieth Century Drama Simon Trussler, 1983-04-01 A compendium of information on all the main events, individuals, political groupings and issues of the 20th century. It provides a guide to current thinking on important historical topics and personalities within the period and offers a guide to further reading.

W.H. Auden's Poetry R. Victoria Arana, 2009 W. H. Auden is perhaps the most important English language poet of the 20th century. He produced marvelous poems even in his last days. However, critics and reviewers not only have not recognized the aesthetics of the poetry Auden wrote after 1965 but they have ignored or made prejudiced and disparaging remarks about it, thus diverting subsequent critical and popular attention from its remarkable virtues. The aim of *W. H. Auden's Poetry: Mythos, Theory and Practice* is to clarify Auden's career, long interest in poetic theory and, above all, to show how his changing thoughts about poetry impelled him towards the production of the last three volumes of his verse. Because it links the poet's biography, *literaria* and his aesthetic vision, this book will appeal to poets as well as to students of writing, particularly those interested in the creative process and its correlation to artistic forms. Students of 20th century American and British literature will find in these pages a comprehensive survey of Auden's thoughts about his art and the poetry of his predecessors as well as of his contemporaries. Teachers of Auden's works will appreciate the strong light such a survey casts on Auden's poetic practice. Engineers and architects, physicists and biologists, cultural critics, social scientists, philosophers and especially Gestalt psychologists might well enjoy reading about the ways their fields have intersected and influenced the thinking of one of the twentieth century's most brilliant and courageous poets.

Text & Presentation, 2016 Graley Herren, 2017-01-25 Bringing together some of the best work from the 2016 Comparative Drama Conference in Baltimore, this collection of essays presents the latest research in comparative drama performance and dramatic textual analysis. A variety of approaches and formats including twelve research papers, five book reviews and one transcript cover topics ranging from Ancient Greece to 21st century America. A highlight is the keynote conversation featuring the great American playwright Tony Kushner.

Poetry for historians Carolyn Steedman, 2018-04-13 This is a book about the conflict between history and poetry and historians and poets in Atlantic World society from the end of the seventeenth century to the present day. Blending historiography and theory, it proceeds by asking what is the point of poetry as far as historians are concerned. The focus is on W. H. Auden's Cold War era history poems but the book also looks at other poets from the seventeenth century onwards.

providing original accounts of their poetic and historical educations An important resource for those teaching undergraduate and postgraduate courses in historiography and history and theory Poetry for historians will also be of relevance to courses on literature in society and the history of education General readers will relate it to Steedman's Landscape for a Good Woman 1987 and Dust 2001 on account of its biographical and autobiographical insights into the way history operates in modern society
