Unpacking

Place the machine on the table and remove the plastic packing. Retain the top part which can later be used to cover the machine. Slide the accessory box with the foot control to the left from the machine.

Wipe the machine clean before you start sewing, and be especially careful with the stitch plate and the space around the needle. The machine is equipped with a number of presser feet and these are packed in two plastic bags. Regarding the placing of the accessories, please refer to page 6 under "Accessory box".

We reserve the right to change the equipment of the machine without prior notice.

Putting the machine away

Pull the plugs out of the wall outlet and the socket of the machine. Wind the cords around your hand, starting at the foot control and push them into the control compartment.

Make sure that all accessories and the foot control are correctly placed in the box.

The bottom of the foot control should be turned toward the machine. Slide the accessory box into place. Lower the presser foot.

To replace the plastic cover, drop the handle. By raising the handle, the machine can easily be transported.
