Violence And The Sacred

René Girard

Violence And The Sacred:

Violence and the Sacred René Girard, 1979 His fascinating and ambitious book provides a fully developed theory of violence as the heart and secret soul of the sacred Girard's fertile combative mind links myth to prophetic writing primitive religions to classical tragedy **Violence and the Sacred, Epz Edition** Girard, 2006-01-01 The Bible, Violence, and the Sacred James G. Williams, 2007-10-01 This book represents the first comprehensive application to the whole Bible of Ren Girard's theories on violence civilization and religion Violence and the Sacred René Girard, 1977 This brilliant study of good and evil examines the presence of ritual violence in sacred ceremony **Violence and the Sacred** René Girard, 1979

Violence and the Sacred in the Modern World Mark Juergensmeyer, 2020-09-24 How is symbolic violence related to the real acts of religious violence around the modern world The authors of this book first published in 1992 explore this question with reference to some of the most volatile religious and political conflicts of the day Hezbollah in Lebanon Sikhs in India militant Jewish groups in Israel and Muslim movements from the Middle East to Indonesia In addition to providing valuable insights into these important incidents the authors social scientists and historians of comparative religion are responding to the theoretical issues articulated by Ren Girard in *Violence and the Sacred* 1977 The present volume is the first book of essays to test Girard's theories about the social significance of religious symbols of violence against real rather than symbolic acts In some cases his theories are found to be applicable in other cases the authors provide alternative theories of their own In a concluding essay co authored by Mark Anspach Girard provides a response *Towards Reconciliation* Paul Gifford, 2020-01-01 Conceived at the moment of Girard's death in November 2015 and written up in the period of strategic stock taking after Girard this book aims to suggest briefly and clearly to a wide English speaking audience that i Girard has in fact cracked the enigma of the obscurely foundational complicity between violence and the sacred ii that his mimetic theory and his writings on biblical texts when read as a fundamental anthropological argument continuous with Darwin bring formidable new light to a vast range of enigmas and problems terrorist violence the new atheism the function of world's oldest temple the Good Friday Agreement In counterpoint to this largely dark matter they illuminate superbly from below the nature and ways of creation revelation redemption and thus also of Reconciliation Such insights provide a novel and exciting resource for scanning the knots the black holes and the hidden sacrificial logic that still secretly shapes cultural social and political life today The analytical tool set Girard supplies can help shape the key dialogues needed to prepare delivering practices of reconciliation and to avoid auto generated apocalypses in the world of tomorrow **Rene Girard Violence and the Sacred** Patrick Gregory, 1977 Transforming the Sacred into Saintliness Wolfgang Palaver, 2021-02-04 Studies into religion and violence often put religion first Ren Girard started with violence in his book *Violence and the Sacred* and used the Durkheimian term sacred as its correlate in his study of early religions During the unfolding of his theory he more and more distinguished the sacred from saintliness to address the break that the biblical revelation represented in comparison to

early religions This distinction between the sacred and saintliness resembles Henri Bergson's complementing Emile Durkheim's identification of the sacred and society with a dynamic religion that relies on individual mystics Girard's distinction also relates to the insights of thinkers like Jacques Maritain Simone Weil and Emmanuel Levinas This element explores some of Girard's main features of saintliness Girard pleaded for the transformation of the sacred into holy not their separation

Violence and the Sacred . Rene Girard. Transl. by Patrick Gregory René Girard,1984 *Violence, the Sacred, and Things Hidden* René Girard,2021-11-01 Never before translated in English this 1973 discussion between Ren Girard 1923 2015 and other prominent scholars represents one of the most significant breakthroughs in mimetic theory Organized by the French journal Esprit the conversation was an opportunity for Girard to debate with his interlocutors the theories he expounded in *Violence and the Sacred* 1972 These scholars prompted him to reconsider the book's strictly sociological interpretation of religion highlighting the misrecognition of violent scapegoating at its origins and in its myths and ritual practices by addressing the relation between his critique of primitive or archaic religion and the role of Judeo Christianity The ensuing discussion opened up an entirely new and admittedly startling phase of his thinking where he deployed an epistemology rooted in Biblical revelation which he viewed as an ongoing deconstruction of sacrificial practices In this text he vindicates for the very first time the anthropological relevance of Judeo Christian scriptures The 1973 discussion thus marks a new and decisive step in Girard's intellectual journey making this volume a critical document for understanding the transition period between *Violence and the Sacred* and *Things Hidden Since the Foundation of the World* 1978

The Ambivalence of the Sacred Scott R. Appleby,2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice

Violence, Desire, and the Sacred, Volume 1 Scott Cowdell,Chris Fleming,Joel Hodge,2012-08-16 *Violence Desire and the Sacred* presents the most up to date inter disciplinary work being developed with the ground breaking insights of Ren Girard's mimetic theory The collection showcases the work of outstanding scholars in mimetic theory and how they are applying and developing Girard's insights in a variety of fields Girard's mimetic insight has provided a fruitful way for different disciplines such as literature anthropology theology religion studies cultural studies and philosophy to engage on common anthropological ground with a shared understanding of the human person The aim of this edited collection is to present this interdisciplinary work and to illustrate how Girard's insights provide fertile ground for bringing together disparate disciplines in a shared purpose As academic work on Girard's insights is growing this collection would meet the need to show the critical interdisciplinary applications of these insights

Violence, the Sacred, and Things Hidden René Girard,2021 In 1973 Girard was invited by the editors of Esprit in Paris to discuss his work with several interlocutors from the fields of philosophy psychoanalysis literature and theology In this exchange Girard addresses challenges to his thinking and is further prompted to consider the relation between his critique of primitive or archaic religion and the role of Judeo Christianity which Western culture has adopted as

its own and to which his book pays scant attention

Violence and the Sacred in the Ancient Near East Ian

Hodder,2019 *Violence, Desire, and the Sacred, Volume 2* Scott Cowdell,Chris Fleming,Joel Hodge,2015-07-30 State of the art interpretations of Rene Girard's theory and its relation to fields as diverse as politics national literature pastoral care and peace making *Can We Survive Our Origins?* Pierpaolo Antonello,Paul Gifford,2015-01-01 Are religions intrinsically violent

as is strenuously argued by the new atheists Or as Girard argues have they been functionally rational instruments developed to manage and cope with the intrinsically violent runaway dynamic that characterizes human social organization in all periods of human history Is violence decreasing in this time of secular modernity post Christendom as argued by Steven Pinker and others Or are we rather at increased and even apocalyptic risk from our enhanced powers of action and our decreased socio symbolic protections Rene Girard's mimetic theory has been slowly but progressively recognized as one of the most striking breakthrough contributions to twentieth century critical thinking in fundamental anthropology in particular for its power to model and explain violent sacralities ancient and modern The present volume sets this power of explanation in an evolutionary and Darwinian frame It asks How far do cultural mechanisms of controlling violence which allowed humankind to cross the threshold of hominization i e to survive and develop in its evolutionary emergence still represent today a default setting that threatens to destroy us Can we transcend them and escape their field of gravity Should we look to or should we look beyond Darwinian survival What and where if anywhere is salvation Purity, Sacrifice, and the Temple

Jonathan Klawans,2006 Publisher description *Redemption* Nicholas Roumas,2025-08-05 A bold trailblazing investigation into soteriology approached by way of Girardian mimetic theory and Eastern Orthodox theological reflection Redemption A Mimetic Soteriology brings French literary critic Ren Girard's mimetic theory of human behavior together with a breadth of Christian approaches to redemption through the Cross Girard's mimetic understanding of sacrifice is drawn upon to illuminate biblical narratives about redemption as well as the theologies of Anselm of Canterbury Peter Abelard and Gregory of Nyssa Nicholas Roumas shows by these readings that redemption can be understood as a reconfiguration of symbolic values with profound consequences for human relations and social organization Redemption thus serves theologians as a basis for a new practical dogmatics This exploration is a breath of fresh air in Orthodox theology utilizing patristic and scriptural sources outside the framework of the predominant neo Patristic synthesis and introducing an entirely new modern paradigm onto the Orthodox scene For theologians of other traditions Redemption contributes to the library of Girardian theologies its first Eastern Orthodox installment For Girardians it provides critique and refinement of many of Girard's most nuanced views and gives due attention to overlooked and controversial aspects of his thought For the lay reader the book provides an accessible entry into the spirituality of the Cross through a lens that is both modern and traditional Redemption provides a revitalizing infusion into contemporary Orthodox theological discourse Its ideas will impact theology in the Orthodox Church and beyond for decades to come and are the basis for a paradigm shift in our understanding of redemption

and its practical consequences The lay reader and professional theologian alike will find novelty and utility in its ideas

The Palgrave Handbook of Mimetic Theory and Religion James Alison, Wolfgang Palaver, 2017-10-19 The Palgrave Handbook of Mimetic Theory and Religion draws on the expertise of leading scholars and thinkers to explore the violent origins of culture the meaning of ritual and the conjunction of theology and anthropology as well as secularization science and terrorism Authors assess the contributions of Ren Girard s mimetic theory to our understanding of sacrifice ancient tragedy and post modernity and apply its insights to religious cinema and the global economy This handbook serves as introduction and guide to a theory of religion and human behavior that has established itself as fertile terrain for scholarly research and intellectual reflection
