Violence And Difference Girard Derrida And Deconstruction:

Violence and Difference Andrew J. McKenna, 1992 McKenna explicates key elements of the anthropology of Rene Girard and the literary theory of Jacques Derrida in terms of each other to create an interpretive strategy that he hopes will salvage deconstruction from the flashy sterility it favors

René Girard's Mimetic Theory Wolfgang Palaver, 2013-01-01 A systematic introduction into the mimetic theory of the French American literary theorist and philosophical anthropologist Ren Girard this essential text explains its three main pillars mimetic desire the scapegoat mechanism and the Biblical difference with the help of examples from literature and philosophy This book also offers an overview of Ren Girard s life and work showing how much mimetic theory results from existential and spiritual insights into one s own mimetic entanglements Furthermore it examines the broader implications of Girard s theories from the mimetic aspect of sovereignty and wars to the relationship between the scapegoat mechanism and the question of capital punishment Mimetic theory is placed within the context of current cultural and political debates like the relationship between religion and modernity terrorism the death penalty and gender issues Drawing textual examples from European literature Cervantes Shakespeare Goethe Kleist Stendhal Storm Flaubert Dostoevsky Proust and philosophy Plato Camus Sartre L vi Strauss Derrida Vattimo Palaver uses mimetic theory to explore the themes they present A highly accessible book this text is complemented by bibliographical references to Girard s widespread work and secondary literature on mimetic theory and its applications comprising a valuable bibliographical archive that provides the reader with an overview of the development and discussion of mimetic theory until the present day

The Palgrave Handbook of Mimetic Theory and Religion James Alison, Wolfgang Palaver, 2017-10-19 The Palgrave Handbook of Mimetic Theory and Religion draws on the expertise of leading scholars and thinkers to explore the violent origins of culture the meaning of ritual and the conjunction of theology and anthropology as well as secularization science and terrorism Authors assess the contributions of Ren Girard s mimetic theory to our understanding of sacrifice ancient tragedy and post modernity and apply its insights to religious cinema and the global economy This handbook serves as introduction and guide to a theory of religion and human behavior that has established itself as fertile terrain for scholarly research and intellectual reflection

Mimetic Theory and Biblical Interpretation Michael Hardin, 2017-06-19 For close to two thousand years Christian theology has been captivated by a sacrificial rendering of the Gospel that renders God as retributive arbitrary and Janus faced In the past fifty years a non sacrificial way of perceiving the Gospel God and the mission and message of Jesus has challenged this sacrificial hegemony Now what began as a trickle in the 1960s has burst the dam and the Gospel is on a collision course with Christianity What are some of the implications of this moment What is the integral cohesion in a non sacrificial theology ethics and spirituality What does Christian doctrine look like if one removes retributive economies of exchange

Peace and War W. John Morgan, Alexandre Guilherme, 2020-11-02 *Peace and War* Historical Philosophical and Anthropological Perspectives is an accessible higher level

critical discussion of philosophical commentaries on the nature of peace and war It introduces and analyses various philosophies of peace and war and their continuing theoretical and practical relevance for peace studies and conflict resolution Using a combination of both historical and contemporary philosophical perspectives the book is at once eclectic in its approach and broad in its inquiry of these enduring phenomena of human existence

Jesus and the Temple Simon J. Joseph, 2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus arrest but the precise relationship between Jesus and the Temple's administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system Simon J Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death

Violent America Ariane Chebel d'Appollonia, 2023-02-15 In Violent America Ariane Chebel d'Appollonia counterintuitively analyzes why and how various ethnoracial groups proactively and instrumentally use different forms of violence to achieve their goals Combining a historical analysis spanning the centuries with an examination of contemporary problems she considers how and why ethnoracial groups can be both perpetrators and victims of violence why some minority groups react differently to violence in comparable situations and what the consequences are today for politics in both America and Europe Violent America thus explores the effects of physical and discursive violence on the ways in which ethnoracial groups define themselves Chebel d'Appollonia argues that the use of ethnoracial violence has been and remains an effective identity strategy by which all ethnoracial groups are able to integrate themselves into the mainstream of American society She provides an alternative way of understanding the complex relationship between migrant phobia multiethnic grievances and intergroup conflicts in America

Transmissions Isabelle Frances McNeill, Bradley Stephens, 2007 As a concept transmission is crucial to our understanding of how ideas circulate within and across cultures It opens up a series of questions that link to key debates concerning the exchange of knowledge Bringing together research from a broad range of areas in French studies this volume investigates the workings of transmission in relation to canonical and contemporary figures alike including Proust Barthes Derrida Jean Luc Godard and Claire Denis The essays collected here offer a lively response to the themes of transmission considering literature and philosophy from the medieval period onwards as well as modern cinema and critical theory The first section traces concepts of malign transmission that have informed medieval early modern and finally contemporary representations of contagion The second section addresses the impact of trauma along with its imperative to testify to or

transmit painful experiences such as rape and the Holocaust The final section considers transmission in terms of a signal that carries a message as well as the media that transport or encode that signal Fragments of the Spirit Mark I. Wallace, 2002

Arguing that the Holy Spirit is best understood not as a metaphysical entity but as a healing life force Mark Wallace offers a powerful vision of the Spirit as an agent of transformation in a world racked by interhuman violence and ecological abuse

Contagion, 2007 Performance and Performativity Mehmet Şiray, 2009 Within the wide range of writings on performance studies theoreticians and practitioners have been using the concepts of performance and performativity as key terms for explaining different social philosophical and artistic phenomena The question what are performance and performativity is always already shaped according to what sort of performance is being carried out which performance is taken into consideration which contexts and power knowledge stratum operate in the formation of these concepts Performance and Performativity primarily aims to find a way of grasping the maze of different positions that have become incorporated within the general and often overlapping terms of performance studies and performative theory The book focuses on how the power of discourse to produce what it names is linked with the question of performance and performativity rather than providing a general intellectual background and context for the modern idea of performance and performativity Girard and Theology Michael Kirwan, 2009-04-12 No Marketing Blurb The Johns Hopkins Guide to

Curing Violence Mark I. Wallace, Theophus Harold Smith, 1994 In this collection leading scholars from a variety of disciplines offer insights into the provocative work of René Girard and look at the question of whether religion is a cause of or a cure for social violence The authors argue that the Bible presents a God of Victims who stands along with the Hebrew prophets and Jesus in nonviolent opposition to the systematic destruction of the innocent *Violence, Culture and Identity* Helen Chambers, 2006 This volume contributes to the debate on the role of culture in propagating mediating and controlling
