Political Terrorism A.J. Jongman,2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against

l'urgence d'une réconciliation Charles Rojzman,2015-09-03 La socié t française apparaît de plus en plus fragmentée Quand l'entre-soi devient la règle quand l'indifférence les humiliations ou les agressions se multiplient entre des univers différents qui semblent sans cesse davantage s'loigner les uns des autres brisant le sentiment d'appartenir la même communauté publique il est urgent de comprendre comment nous en sommes arrivés là et de réagir Dans cette nouvelle édition actualisée et enrichie de son ouvrage initialement intitulé Sortir de la violence par le conflit paru en 2008 Charles Rojzman propose de prolonger la réflexion sur la thérapie sociale qu'il mène depuis de nombreuses années en France et l'étranger dans les banlieues et dans les milieux les plus divers consistant à habiliter le conflit comme moyen de transformer la violence Car pour sortir de la violence il ne s'agit pas d'éviter le conflit mais au contraire de lui donner un cadre d'expression pour qu'il ne dégénère pas en haine A partir de nombreuses expériences de terrain l'auteur nous montre comment en suscitant la rencontre dans un cadre précis de thérapie sociale entre des personnes des groupes ou des institutions qui se haïssent se méprennent ou s'ignorent il est possible de sortir du sentiment d'impuissance de restaurer les liens et de contribuer à l'émergence d'une démocratie forte Les outils proposés visent à former des individus démocrates capables de résister aux endoctrinements et aux psychoses collectives et modifier les fonctionnements institutionnels afin de favoriser l'exercice de la raison critique de la responsabilité et de la sociabilité Pour éviter le pire **Archives parlementaires de 1787 à 1860** E.
