Labyrinth of Evil: Star Wars Legends James Luceno, 2005-09-27

The war that erupted in Star Wars Episode II Attack of the Clones is nearing its boiling point as the dauntless Separatist forces continue their assault on the teetering Republic and the diabolical triumvirate of Count Dooku, General Grievous, and their Master Darth Sidious fine-tune their strategy for conquest. In Episode III Revenge of the Sith, the fates of key players on both sides of the conflict will be sealed. But first, crucial events that pave the way to that time of reckoning unfold in a labyrinth of evil.

Capturing Trade Federation Viceroy and Separatist Councilmember Nute Gunray is the mission that brings Jedi Knights Obi Wan Kenobi and Anakin Skywalker with a squad of clones in tow to Neimoidia. But the treacherous ally of the Sith proves as slippery as ever, evading his Jedi pursuers even as they narrowly avoid deadly disaster. Still, their daring efforts yield an unexpected prize: a unique holotransceiver that bears intelligence capable of leading the Republic forces to their ultimate quarry: the ever-elusive Darth Sidious. Swiftly taking up the chase, Anakin and Obi Wan follow clues from the droid factories of Charros IV to the far-flung worlds of the Outer Rim, every step bringing them closer to pinpointing the location of the Sith Lord whom they suspect has been manipulating every aspect of the Separatist rebellion. Yet somehow, in the escalating galaxy-wide chess game of strikes, counterstrikes, ambushes, sabotage, and retaliations, Sidious stays constantly one move ahead. Then the trail takes a shocking turn. For Sidious and his minions have set in motion a ruthlessly orchestrated campaign to divide and overwhelm the Jedi forces and bring the Republic to its knees.

The History and Politics of Star Wars Chris Kempshall, 2022-08-11

This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise relating to the portrayal and representation of real-world history and politics. Drawing on a variety of sources including films, published interviews with directors and actors, novels, comics, and computer games, this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars. It focuses on key themes such as fascism and the Galactic Empire, the failures of democracy, the portrayal of warfare, the morality of the Jedi, and the representations of sex, gender, and race. Through these themes, this study highlights the impacts of the fall of the Soviet Union, the War on Terror, and the failures of the United Nations upon the galaxy far, far away. By analysing and understanding these events and their portrayal within Star Wars, it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues. The History and Politics of Star Wars is useful for upper-level undergraduates, postgraduates, and scholars of a variety of disciplines such as transmedia studies, science fiction, cultural studies, and world history and politics in the twentieth and twenty-first centuries.
