Scripture, Texts, and Tracings in 1 Corinthians Linda L. Belleville, B. J. Oropeza, 2019-07-17 This book advances the interpretation of 1 Corinthians by exploring the ways the apostle Paul quoted or echoed Jewish scriptures more indirectly in his letter Identification of allusions are brought to the fore as are questions of the texture of Paul s theology and his understanding of scripture Important topics in 1 Corinthians addressed here include Paul s use of the Law monotheism Christology wisdom and mystery language punishment of the incestuous man baptism for the dead eschatology and resurrection The Dynamics of Dream-Vision Revelation in the Aramaic Dead Sea Scrolls Andrew B. Perrin, 2015-08-19 Among the predominantly Hebrew collection of the Dead Sea Scrolls are twenty nine compositions penned in Aramaic While such Aramaic writings were received at Qumran these materials likely originated in times before and locales beyond the Qumran community In view of their unknown past and provenance this volume contributes to the ongoing debate over whether the Aramaic texts are a cohesive corpus or accidental anthology Paramount among the literary topoi that hint at an inherent unity in the group is the pervasive usage of the dream vision in a constellation of at least twenty writings Andrew B Perrin demonstrates that the literary convention of the dream vision was deployed using a shared linguistic stock to introduce a closely defined set of concerns Part One maps out the major compositional patterns of dream vision episodes across the collection Special attention is paid to recurring literary philological features e g motifs images phrases and idioms which suggest that pairs or clusters of texts are affiliated intertextually tradition historically or originated in closely related scribal circles Part Two articulates three predominant concerns advanced or addressed by dream vision revelation The authors of the Aramaic texts strategically employed dream visions i for scriptural exegesis of the antediluvian patriarchal traditions ii to endorse particular understandings of the origins and functions of the priesthood and iii as an ex eventu historiographical mechanism for revealing aspects or all of world
