Visitors Questions And Answers:

Questions and Answers from the Justice of the Peace, 1902 **Visitors** Harold A. Skaarup, 2000-09 Suppose you could communicate with a visitor who was not from this place time space or even this dimension What would you want to ask them The answers probably lie in what our own response would be if we were them This book is based on a collection of interviews I have had with a few individuals who may have actually had such an experience The idea is that if enough of us are ready to ask the questions and gain the answers then our collective knowledge and understanding of the multiverse about us can only continue to be enhanced Sometimes the responses that you will read here are similar often they are diametrically opposed to each other An open but highly skeptical mind is extremely necessary if you are going to sift through the data that is presented in this book The intent is that it should peak your curiosity to learn more about visitors In this way we may be better informed and prepared and thus in some sort of coherent shape to deal with their arrival If you read this book you must be well prepared to choose for yourself what you will or will not believe 999 Questions and Answers Frank Heck, 1903 *Fifteen Questions Asked by the Providence, R.I., "Visitor" Representing the Roman Catholic Political Machine* Daniel De Leon, 1925 *What Makes Learning Fun?* Deborah L.
