Wisdom And Witness Bonhoeffer:

The Wisdom and Witness of Dietrich Bonhoeffer Dietrich Bonhoeffer, Wayne Whitson Floyd, 2000-06-06 At a time when much of the world was either enticed with or entrapped by fascism Dietrich Bonhoeffer dared to live the morally responsible Christian life to a most expressive and in his case tragic end His legacy has inspired many and it demonstrates his life and works to be among the most important of the twentieth century Forged during his struggle against Nazism Bonhoeffer's striking notions of religionless Christianity i.e. costly grace direct religious engagement with political forces and his own martyrdom still speak directly to the situations faced by the Christians and Christianity of today His key insights combined with Floyd's meditations which address meaning and significance for today are powerfully presented here in fifty key passages grouped into eight areas of Bonhoeffer's concern church world discipleship politics love Christ creation and the future

The Wisdom and Witness of Dietrich Bonhoeffer Dietrich Bonhoeffer, Wayne W. Floyd, 2000 The witness and ideas of theologian Dietrich Bonhoeffer continue to gain attention and interest fifty years after his execution by the Nazis for his involvement in a plot to assassinate Adolf Hitler Forged in the crucible of his struggle against Nazism Bonhoeffer's striking notions of religionless Christianity costly grace and direct religious engagement with political forces along with his own martyrdom still speak directly to the situation of Christians and Christianity now Crystallized in fifty passages Bonhoeffer's key insights are here powerfully presented along with meditations by Bonhoeffer scholar and churchman Wayne Whitson Floyd that address their meaning and significance for today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Dietrich Bonhoeffer's Christian Humanism Jens Zimmermann, 2019-06-13 Jens Zimmermann locates Bonhoeffer within the Christian humanist tradition extending back to patristic theology He begins by explaining Bonhoeffer's own use of the term humanism and Christian humanism and considering how his criticism of liberal Protestant theology prevents him from articulating his own theology rhetorically as a Christian humanism He then provides an in depth portrayal of Bonhoeffer's theological anthropology and establishes that Bonhoeffer's Christology and attendant anthropology closely resemble patristic teaching The volume also considers Bonhoeffer's mature anthropology focusing in particular on the Christian self It introduces the hermeneutic quality of Bonhoeffer's theology as a further important feature of his Christian humanism In contrast to secular and religious fundamentalisms Bonhoeffer offers a hermeneutic understanding of truth as participation in the Christ event that makes interpretation central to human knowing Having established the hermeneutical structure of his theology and his personalist configuration of reality Zimmermann outlines Bonhoeffer's ethics as Christformation Building on the hermeneutic theology and participatory ethics of the previous chapters he then shows how a major part of Bonhoeffer's life and theology namely his dedication to the Bible as God's word is also consistent with his Christian humanism

The Existential Philosophy of Etty Hillesum Meins G. S. Coetsier, 2014-01-09 In The Existential Philosophy of Etty Hillesum Meins G S Coetsier breaks

new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber, Emmanuel Levinas and Dietrich Bonhoeffer. Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah. By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion. In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings. The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom.

Reformed Humanism David Fergusson, 2024-05-30 The volume comprises a collection of essays ordered in three parts each of which describes broadly the sub fields of theology to which these belong. The essays tackle core themes in Christian doctrine the longstanding relationship of theology to philosophy and a series of challenges facing churches today. While the volume represents a Reformed theological approach often with a historical focus it self consciously reflects an ecumenical and critical perspective. The term humanism reflects an openness to insight understanding and correction from different fields of knowledge while its Reformed designation positions the work within a recognized theological tradition though seeking to avoid imprisonment by it. A further feature of the collection is its attempt to overcome the curricular divisions between systematic theology Christian ethics and practical theology. The third section in particular deal with issues in social ethics theological aesthetics the place of the church in a secular culture and the role of theology in the university.

Ethics Dietrich Bonhoeffer, 2009 Called by Karl Barth the brilliant *Ethics* of Dietrich Bonhoeffer this book is finally being recognized as Bonhoeffer's magnum opus and one of the most important works of Christian ethics of the last century. Presented here in a new translation and a striking new arrangement it is based on intensive study of the original manuscripts and includes copious historical notes and commentary. Written in the midst of the conspiracy to overthrow the Hitler regime it is nonetheless chiefly concerned with ethics for the postwar time of reconstruction and peace. Focused on Christ the God who became human and the vision of a world reconciled with God the *Ethics* shuns abstraction seeks the will of God in concrete historical reality and calls the church to be a transforming community in the world with a new responsibility in public life.
