The odor of burning flesh and the screams of those condemned to the flames disturb the dreams of young Safire of Long Marsh Safire struggles to keep the curse of her psychic abilities secret lest she be burned at the stake as a witch in her native land Cormalen Forced to keep her talents hidden instead of learning how to use them Safire is ill prepared to face the evil that awaits her When she meets the rebellious Merius of Landers a nobleman determined to escape his overbearing father's influence she finally finds someone who accepts her But their romance interferes with court plots and family duty and ultimately leads Safire to confront the dark secrets of the House of Landers alone What she finds there proves to be a test of her unusual gifts a test that could free the soul of a haunted man or end in her death Excerpt from Chapter 20 of The Witch Awakening

Instantly Safire was up and across the chamber She rested her hand on my arm her touch cool Shh it's all right I snatched my arm from her grasp How dare you touch me She grabbed my other arm with both hands Damn witch I swore and raised my palm to slap her away but then I froze my hand in midair A strange sensation was running up my arm from her hands a tingling warmth that moved through the veins to my heart and then to the rest of my body All my muscles loosened as if I'd just had several shots of the best whiskey and the shaking stopped What the hell I muttered What in God's good name was that Shh It's all right She looked up at me her grip on my arm slackening Her eyes were clear and bright as green glass her voice low and soothing I found myself staring down at her as if in a trance What sort of pact had Merius made with the devil for this creature You've cursed me I said flatly though the words seemed to be another's not mine No sir I can no more curse anyone than you can though I wish I could sometimes What was that then That warmth Certainly not a curse Do you feel better I nodded slowly I'll not send you to the stake just yet Oh Safire Dagmar breathed She staggered backwards against the side table gripped it with white knuckled fingers Safire what have you done now They're going to burn you this time for certain Safire ignored her It must be well nigh impossible to be forced to believe in something after believing in nothing for so long Save the platitudes for the priests I took a step back crossed my arms They mean nothing to me She shrugged Platitude or not it would be a shock for anyone what you heard and saw in the courtyard tonight I bent down picked up the poker stirred the fire before I threw more kindling on the flames Sparks shot up the chimney and I straightened rested my hands on the mantel I joined the king's guard when I was sixteen I've killed men in every country marked on our maps seen depravities you couldn't even begin to comprehend I'm well accustomed to shocks In other words you think me presumptuous She moved to the corner of the hearth and into my field of vision Yes I glared at her Her tangled curls burned in the firelight and her skin had a faint shimmering sheen to it pale as a pearl There was something not quite human about her Changeling I spat I should by all rights cast you out let the magistrate burn you Copyright 2010 *The*
