Visionary Philology Geoffrey Hill And The Study Of Words:

Visionary Philology Matthew Sperling, 2014-03 This book length study of the poetry and critical writing of Geoffrey Hill one of the major post war writers in English combines nuanced and incisive close reading with detailed scholarship and fresh archival work Hill's work is examined in relation to the history of language and of the study of language with key chapters dedicated to the linguistic ideas of the Oxford English Dictionary and its founder Richard Chenevix Trench and of scholar poets Gerard Manley Hopkins and Samuel Taylor Coleridge The final two chapters consider the basis for a poetic theology of language founded in the myths of linguistic fallenness and original sin In the range of its attention and the depth of its scholarship this book represents one of the fullest and most authoritative accounts of the work of a living writer in recent years

Visionary Philology Matthew Sperling, 2014 Visionary Philology combines nuanced and incisive close reading of the poetry of Geoffrey Hill with detailed scholarship and fresh archival work examining Hill's work in relation to the history of language and of the study of language

The Life of Words David-Antoine Williams, 2020-05-05 For centuries investigations into the origins of words were entwined with investigations into the origins of humanity and the cosmos With the development of modern etymological practice in the nineteenth century however many cherished etymologies were shown to be impossible and the very idea of original true meaning asserted in the etymology of etymology declared a fallacy Structural linguistics later held that the relationship between sound and meaning in language was arbitrary or unmotivated a truth that has survived with small modification until today On the other hand the relationship between sound and meaning has been a prime motivator of poems at all times throughout history The Life of Words studies a selection of poets inhabiting our Age of the Arbitrary whose auditory semantic sensibilities have additionally been motivated by a historical sense of the language troubled as it may be by claims and counterclaims of fallacy or true meaning Arguing that etymology activates peculiar kinds of epistemology in the modern poem the book pays extended attention to poems by G M Hopkins Anne Waldman Ciaran Carson and Anne Carson and to the collected works of Geoffrey Hill Paul Muldoon Seamus Heaney R F Langley and J H Prynne

Moral Authority in Seamus Heaney and Geoffrey Hill Bridget Vincent, 2022 Studies the work of Seamus Heaney and Geoffrey Hill to present new perspectives on the way literature communicates moral knowledge

The Etymological Poetry of W.H. Auden, J.H. Prynne, and Paul Muldoon Mia Gaudern, 2020 This volume explores the poetry of W H Auden J H Prynne and Paul Muldoon with specific attention to the ways in which their work has engaged with etymology and the history of language

Along Heroic Lines Christopher Ricks, 2021 A selection of new and revised essays from eminent scholar and critic Professor Christopher Ricks Christopher Ricks brings together new as well as substantially augmented critical essays across a wide range Several derive from his term as the Professor of Poetry at the University of Oxford when his inaugural lecture engaged with the illuminatingly puzzled relations between poetry and prose Comparison and analysis the tools of the critic as T S Eliot insisted are enlivened by imaginative pairings of Samuel Johnson with Samuel Beckett of

Norman Mailer with Dickens of Shakespeare with George Herbert or of secret police surveillance in Ben Jonson's Rome with that of Carmen Bugan's Romania Along Heroic Lines devotes itself to the heroic and to heroics Othello cross examined by T S Eliot Byron and role playing Ion Bugan political protest and arrest This knot is in tension with the English heroic line Dryden's heroic triplets Henry James's cadences Geoffrey Hill's concluding book of prose poems and how they choose to conclude All alert to the balance and sustenance of alternate tones that prose and poetry can achieve in harmony *Lands of Likeness* Kevin Hart,2023-10-06 In *Lands of Likeness* philosopher theologian and poet Kevin Hart utilizes the history of Christian thought and secular philosophy to develop a novel and profound hermeneutics of contemplation Drawing in particular on the work of Arthur Schopenhauer Samuel Taylor Coleridge and Edmund Husserl Hart traces the development of notions of contemplation in modernity and refines the approaches he finds there Utilizing his refined approach Hart trains our attention on modern poems from G M Hopkins Wallace Stevens A R Ammons Geoffrey Hill and others as sites for a kind of contemplative reading that phenomenology can make precise Delivered in its original form as the prestigious Gifford Lectures *Lands of Likeness* is a revelatory meditation on contemplation for the modern world **American and British Poetry** Harriet Semmes Alexander,1984 Forthcoming Books Rose Arny,2004 **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles Arts & Humanities Citation Index ,1997 **Words to Redeem the Time** Bruno Gallo,1992 Annotations to Geoffrey Hill's Speech! Speech! Ann Hassan,2012-01-21 Geoffrey Hill's *Speech Speech* 2000 encapsulates two thousand years worth of utterances in a symbolic act of remembrance and expression of despair for the current age in which we find our minds and ears fouled by degraded public speech by media hype insipid sermons hollow political rhetoric and the ritual misuse of words Through 120 densely allusive stanzas As many as the days that were of SODOM the poem wrestles this condition from within fighting fire with fire in an alchemical symbolic labour that transmutes the dross of corrupt and clichéd idiom into a dynamic logopoeia which proves true Hill's persistent claim genuinely difficult art is truly democratic Such is the weird ambivalently hostile position of poetry in the present world and thus the space of our real connection to it Whatever strange relationship we have with the poem it is not one of enjoyment It is more like being brushed past or aside by an alien being Hill *Befriending this estrangement* embracing it as a more amicable brushing up against Hassan's *Annotations* is a thorough and patient explication of *Speech Speech* that both clarifies and deepens the poem's difficulties illuminating its polyphonic language and careening discursive movement The author's method is at once commentarial descriptive and narratorial staying faithfully with the poem and following its complex verbal and logical turns The book generously provides rather than direct interpretative incursion a more durable and productive document of the true nature of this achievement stanza 92 a capacious open understanding of the text that will prove invaluable to its present and future readers Ann Hassan works at the National Centre for Peace and Conflict Studies at the University of Otago New Zealand and recently completed a PhD in English at Otago **Geoffrey Hill** Alex Pestell,2012 This thesis examines the role

played by philosophy in the poetry and criticism of Geoffrey Hill Despite countless references to philosophy throughout Hill s critical authorship there exists no study of any length on this vital aspect of his thought Through close readings of his poetry criticism and archival material I attempt to demonstrate that philosophy has played a more crucial role in Hill s work than has hitherto been assumed Hill s sceptical attitude to philosophy is intimately connected with his understanding of poetry as a sensate form of cognition My thesis examines the ways Hill s poetry and criticism responds to the challenges imposed upon this scepticism by a tradition of philosophy that emphasises the importance of the aesthetic to its analyses of modernity s contradictions I argue that a tradition of Anglophone Idealist thinkers from S T Coleridge via T H Green and F H Bradley to Gillian Rose is of sustained relevance to Hill s work shaping the way he thinks about politics ethics and literature In particular German Idealism s attempts to negotiate universality and particularity via an emphasis on the aesthetic bases of critical thought lay the groundwork for an understanding of poetry as a mode of cognition Reading Hill s poetry from *For the Unfallen* to *Oraclau Oracles* I try to show the ways in which problems traditionally conceived of as philosophical can be cognised in prosody and syntax In part a vindication of Hill s elevation of poetry over philosophy these readings also show the degree to which Hill s craft of vision is indebted to conceptual and aesthetic models supplied by philosophy *Geoffrey Hill* Edward Reiss,2021 **The Politics of Perception** Jean Rose,1991 **Reflexivity and Impersonality in the Poetry of Geoffrey Hill** Andrew Michael Roberts,1991 **Geoffrey Hill** Marco Fazzini,1987 **'The Poet's True Commitment': Geoffrey Hill and the Nature of Poetic Responsibility** Avril Horner,University of Manchester.
