*The Rationality of Faith* Carl Michalson,1963 My goal will be to describe the rationality of the Christian faith Rationality is a contextual concept Inasmuch as the context of the Christian faith is history I will specify its rationality by setting the Christian faith in the context of history alone In pursuing this goal I will necessarily be guided by a great variety of intellectual suggestions Most refreshing of all to me as theologian is the realization that for probably the first time in the history of the church the formulations of theology must now be instructed by the historiographers more than by the philosophers I expect to show how it comes about that Christians and non Christians alike impute to Christianity absurdities which are not really there and how these absurdities may evaporate and give way to solidly redemptive meaning when the question of Christian understanding is rigorously set within the logic of history Introduction      The National union catalog, 1968-1972 ,1973      Print ,1962      **Author-title Catalogue** Ontario New Universities Library Project,1967      *The Publishers' Trade List Annual* ,1978      The Hudson Review Frederick Morgan,1960      Accent Kerker Quinn,Charles Harlen Shattuck,1960      *The Paris Review* ,1962      **Coaching, Performing and Thinking** Brian Groves,2014-04-03
