Womans Right Labor Wages Hard:

Woman's Right to Labor Caroline H. Dall, 2022-08-03 Reprint of the original first published in 1860 A Practical Illustration of "Woman's Right to Labor," Or, A Letter from Marie E. Zakrzewska, M.D., Late of Berlin, Prussia Marie Elizabeth Zakrzewska, 1860 Female Labour Power: Women Workers' Influence on Business Practices in the British and American Cotton Industries, 1780-1860 Janet Greenlees, 2017-03-02 Britain and America were the first two countries with mechanised cotton manufacturing industries the first major factory systems of production and the first major employers of women outside of the domestic environment The combination of being new wage earners in the first trans national industry and their public prominence as workers makes these women s role as employees significant they set the early standard for women as waged labour to which later female workers were compared This book analyses how women workers influenced patterns of industrial organization and offers a new perspective on relationships between gender and work and on industrial development The primary theme of the study is the attempt to control the work process through co operation coercion and conflict between women workers their male counterparts and manufacturers Drawing upon examples of women s subversive activities and attitudes toward the discourses of labour the book emphasizes the variety of women s work experiences By using this diversity of experience in a comparative way the book reaches conclusions that challenge a variety of historical concepts including separate spheres of influence for men and women and related economic theories for example that women were passive players in the workplace evolutionary theories with respect to industrial development and business culture within and between the two industries Overall it provides the fresh approach that highlights and explains women s agency as operatives and paid workers during industrialization Tramps, Unfit Mothers, and Neglected Children Sherri Broder, 2010-11-24 In late Victorian America few issues held the public s attention more closely than the allegedly unnatural family life of the urban poor In *Tramps Unfit Mothers and Neglected Children* Sherri Broder brings new insight to the powerful depictions of the urban poor that circulated in newspapers and novels public debate and private correspondence including the irresponsible tramp the fallen single mother and the neglected child Broder considers how these representations contributed to debates over the nature of family life and focuses on the ways different historical actors social reformers labor activists and ordinary laboring people made use of the available cultural narratives about family gender and sexuality to comprehend changes in turn of the century America In the decades after the Civil War Philadelphia was an important center of charity child protection and labor reform Drawing on the rich records of the Pennsylvania Society to Protect Children from Cruelty Broder assesses the intentions and consequences of reform efforts devoted to women and children at the turn of the century Her research provides an eloquent study of how the terms used by social workers and their clients to discuss the condition of poverty continue to have a profound influence on social policies and develops a complex historical perspective on how social policy and representations of poor families have been and remain mutually

influential *Women in Medicine in the Long Nineteenth Century* Claire Brock,2024-07-31 This volume explores medical women as a global phenomenon during the long nineteenth century The volume considers firstly how especially British medical women travelled internationally to treat patients who for reasons of religious cultural or social beliefs were reluctant to seek treatment from male doctors In this instance missionary zeal was balanced with concern for women s health and welfare Secondly the volume includes texts written by those who qualified as medical women and practised either in their national context or those educated abroad who then returned home to pursue their careers The latter makes more widely available works by women of colour including for example the African American woman doctor Rebecca Lee Crumpler and Indian female medical practitioner Rukhmabai Accompanied by extensive editorial commentary this title will be of great interest to students of Women s History and the History of Medicine

White Women's Rights Louise Michele Newman,1999-02-04 This study reinterprets a crucial period 1870s 1920s in the history of women s rights focusing attention on a core contradiction at the heart of early feminist theory At a time when white elites were concerned with imperialist projects and civilizing missions progressive white women developed an explicit racial ideology to promote their cause defending patriarchy for primitives while calling for its elimination among the civilized By exploring how progressive white women at the turn of the century laid the intellectual groundwork for the feminist social movements that followed Louise Michele Newman speaks directly to contemporary debates about the effect of race on current feminist scholarship *White Women's Rights* is an important book It is a fascinating and informative account of the numerous and complex ties which bound feminist thought to the practices and ideas which shaped and gave meaning to America as a racialized society A compelling read it moves very gracefully between the general history of the feminist movement and the particular histories of individual women Hazel Carby Yale University

The Radical Women's Press of the 1850s Ann Russo,Cherise Kramarae,2013-10-28 First published in 1991 The volume reprints excerpts from six radical feminist journals of this crucial decade *The Lily the Genius of Liberty the Pioneer and Women s Advocate the Una The Woman s advocate and The Sybil*

A Practical Illustration of "Woman's Right to Labor" Marie E. Zakrzewska,2019-12-16 In *A Practical Illustration of Woman s Right to Labor* Marie E Zakrzewska deftly navigates the intersection of gender labor and social justice in the mid 19th century This pioneering work combines rigorous argumentation with personal anecdotes and empirical observations to advocate for women s rights in the labor force Zakrzewska employs a clear and accessible prose style utilizing the conventions of the period s reform literature to engage her readers The book serves as both a manifesto and a call to action effectively situating women s labor within the broader socio political landscape of her time challenging conventional gender roles while paving the way for future discussions on equality in the workplace Marie E Zakrzewska a pioneering physician and reformer born in 1829 in Poland immigrated to the United States where she became a prominent advocate for women s rights Her extensive experience in medicine coupled with her advocacy work informed her insights into the systemic barriers

that women faced in the workforce Through her own career which defied societal norms Zakrzewska s commitment to improve the status of women not only reflects her personal convictions but also resonates with the larger feminist movements emerging during her era This book is essential for anyone interested in the historical context of women s labor rights and the evolution of feminist thought Zakrzewska s compelling analysis and passionate rhetoric make it a crucial text in feminist literature and labor history an inspiring read that continues to illuminate contemporary discussions around gender equality in the workplace Christian Examiner and Theological Review ,1860 **The Social Sciences** Chicago Public

Right-Wing Women Andrea Dworkin,2025-02-25 With a new foreword by Moira Donegan this long awaited reissue of Dworkin s iconic study of women in American conservatism is paired with a bold modern package to match Dworkin s visionary perspective and style Andrea Dworkin wrote Right Wing Women in 1983 a crucial and deeply illuminating analysis of the right s position on abortion homosexuality antisemitism female poverty and antifeminism Forty years later the book feels more vibrant clear eyed and visionary than ever especially as these issues get relitigated in both legal and public forums In addition to her revelatory and nuanced portraits of figures like Anita Bryant and Phyllis Schlafly and an examination of the roots of a distinctly woman led brand of American conservatism Right Wing Women will give readers the thrill of rediscovering the force and elegance of Dworkin s arguments and her skill as one of our most adept and prophetic feminist thinkers *The Christian Examiner* ,1860 **Voices of the Nation** Caroline Field Levander,1998-01-13 Studies the

relationship between women s speech and nineteenth century American literary culture **Securing the Fruits of Labor**

James L. Huston,2015-05-11 In his comprehensive study of the economic ideology of the early republic James L Huston argues that Americans developed economic attitudes during the Revolutionary period that remained virtually unchanged until the close of the nineteenth century Viewing Europe s aristocratic system early Americans believed that the survival of their new republic depended on a fair distribution of wealth brought about through political and economic equality The concepts of wealth distribution formulated in the Revolutionary period informed works on nineteenth century political economy and shaped the ideology of political parties Huston reveals how these ideas influenced debates over reform working class agitation political participation territorial expansion banking tariffs slavery public land disposition and corporate industrialism *Securing the Fruits of Labor* is a masterful study of American beliefs about wealth distribution over one and a half centuries *Woman's Right to Labor Or Low Wages and Hard Work* Caroline H Dall,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1860 edition Excerpt was found necessary to relinquish the attempt My impression is though I cannot find the account in print that a further effort was made on a more extended scale something

like a school and this was resisted by such combined effort on the part of the trade that Mr Bennett and his friends began to make a stir through the press The Edinburgh Review mentions a watchmaker s wife who wished to work with her husband in his special department Finding that it could not be done with the consent of the trade she undertook instead the engraving of the brass work but though working in her own house she was at last successful only under the plea that she had been regularly apprenticed by her father also in the business She persevered and taught her two daughters and so will many others Women in England must certainly make watches and the time is not far distant when the men of Coventry will yield to this demand as they have already yielded to others A few years ago winding silk weaving ribbon and pasting patterns of floss upon cards excited the same opposition but now thousands of women pursue these employments and the men look on as quietly as the grazing cattle in the fields Fancy a strong man winding silk for a whole day or sorting colors in floss How has he ever degraded himself to such girls work I need only remind you of the formal petition sent in at the time of the opening of the School of Design at Marlborough House to entreat the Government not to instruct and aid women lest the poor helpless men should starve A similar prejudice much more active than any in America prevents English women from qualifying themselves as physicians Dr Spencer of Bristol really educated his daughter as an

Legislating Morality in America
Donald P. Haider-Markel, 2020-01-07 This title undertakes an impartial authoritative and in depth examination of the moral arguments and ideas behind the laws and policies that govern personal corporate and government behavior in the United States This A Z encyclopedia surveys the moral arguments that provide the foundation for many of the most important and or divisive laws policies and beliefs that govern modern American society The work discusses such controversial and important issues as abortion civil rights drugs and alcohol euthanasia guns hate crimes immigration immunization natural resource use and protection prostitution same sex marriage and workplace laws In the process of surveying historical and current beliefs about appropriate legislative responses to these issues this work will help readers to understand how conservative and liberal conceptions of justice fairness and morality are at the center of so many hot button political and social issues in 21st century America The essays featured in the volume cover wide ranging and controversial topics related to constitutional and religious freedoms crime and punishment sexuality and reproduction environmental protection and public health national security and civil liberties social welfare programs and education

The Communist Women's Movement, 1920-1922
, 2022-11-14 The Communist Women s Movement CWM virtually unknown today was the world s first truly international revolutionary organisation of women Formed in 1920 the CWM mapped out a programme for women s emancipation participated in struggles for women s rights and worked to advance women s participation in the Communist movement The present volume part of a series on the Communist International in Lenin s time contains proceedings and resolutions of CWM conferences along with reports on its work around the world Most of the contents here are published in English for the first time with almost half appearing for the first time in any language

A Woman's Wage Alice Kessler-Harris, 2014-04-23 In

this updated edition of a pathbreaking classic Alice Kessler Harris explores the meanings of women's wages in the United States in the twentieth and twenty first centuries focusing on three issues that capture the transformation of women's roles the battle over minimum wage for women which exposes the relationship between family ideology and workplace demands the argument concerning equal pay for equal work which challenges gendered patterns of self esteem and social organization and the debate over comparable worth which seeks to incorporate traditionally female values into new work and family trajectories Together these topics and social organization and the debate over comparable worth which seeks to incorporate traditionally female values into new work and family trajectories Together these topics illuminate the many ways in which gendered social roles have been produced transmitted and challenged
