Women And The Genesis Of Christianity:

Women and the Genesis of Christianity Ben Witherington (III), Ben Witherington, 1990-06-29 This book presents in as clear a way as possible the New Testament material dealing with women and their roles in the context of the movement Jesus began Dr Witherington begins by illustrating the roles of women in Judaism in the Hellenistic world and in the Roman Empire She goes on to show how Jesus broke significantly with convention in the way he viewed women and their roles offering as he did a wholly new conception of the legitimate rights of women in society An analysis follows of the apostle Paul s attitude toward women which shows how he agreed with and differed from the ideas of his contemporaries The concluding chapters discuss the evangelists whose selection and presentation of material with respect to women casts much light on the early Church s understanding of women and their roles This comprehensive survey which avoids slanting its material to serve a modern patriarchal or feminist bias comes to the exciting conclusion that we can see in the New Testament an attempt to reform the patriarchal orientation of the day *Women and the Genesis of Christianity* Ben Witherington (III), 1990

charts the inception of the movement in the exciting times of the post sixties decades amid new currents generated in the British denominational churches and the wider current of Women's Liberation Focusing on Christian women's concern with the position of women in the church this book identifies a core Christian women's theology which affirms a rehabilitated new Eve in Christ and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology Daggers argues that this divergence is primarily due to the effect of the prolonged Church of England women's ordination debate upon the ethos of the British Christian women's movement *The History of Christianity* Dyrón B. Daugherty, 2019-07-08 Christianity has been accused of being misogynistic pro slavery and anti science and some say it is finally beginning its long decline This book provides an entirely different side to the stories about this faith Why did Christianity become the largest religion in the world Is it because it was misogynistic pro slavery anti science and set on condemning those who didn't join it This book investigates many of the misconceptions about Christianity and argues that there are good reasons this faith has become the world's largest The book includes chapters on various misconceptions related to the history of Christianity such as the beliefs that Jesus was a meek and mild carpenter the Roman emperor Constantine was insincere in his Christian faith medieval Europe was devoutly Christian and Christianity was anti science Each chapter explores how the historical misconception developed and spread and offers what we now believe to be the historical truth contradicting the fiction Excerpts from primary source documents provide evidence for the historical misconceptions and truths and help readers to respond critically to claims about Christian history Women in Early Christianity David M. Scholer, 1993 First Published in 1993 Routledge is an imprint of Taylor Francis an informal company **Women of Early Christianity** Alfred Brittain & Mitchell Carroll, 1908-01-01 When the historian has described the rise and fall of empires and dynasties and has recounted with care and exactness the details of the great political movements that have changed the map of continents there remains the question What was the cause of these revolutions in human society what were the real motives that were operative in the hearts and minds of the persons in the great drama of history that has been displayed The mere chain of events as they have passed before the eye as it surveys the centuries does not give an explanation of itself There must be a cause that lies behind these events and of which they are but the effects This cause the true cause of history lies in the minds and hearts of the men and nations The student of the past is coming more and more to see that the only hope of making history a science and not a mere chronicle is to be found in the clear ascertainment and study of those psychological conditions which have made actions what they were Foremost among those conditions have been the hopes aspirations and ideals of men and women These have been the greatest motive forces in the history of the world These quite as much as merely selfish considerations have guided the conduct of the men who have made history not merely those who have been leaders in the great movements of society but the multitude of followers who have not attracted the attention of historians but have nevertheless given the strength and force to the revolutions of the world The deepest interest in the history of Christian women lies in the way in which woman's

status in society has been modified by the new religion The chronicle of saintly life and deeds is a part of that history But there are also women who have signally failed to attain those virtues for which their religion called These too have their place for both have either forwarded or retarded the realization of woman s place in society Often the heathen spirit is but half concealed under the mask of Christianity But the whole tone of society has been changed nevertheless by the ideas and ideals which that religion brought before men s minds in a new and vivid manner *Women of the Genesis* Cindy

Colley,2005 A thought provoking Bible study series designed to motivate Christian women to read the Scriptures for themselves **Women of Early Christianity** Alfred Brittain,Mitchell Carroll,1908 When the historian has described the rise and fall of empires and dynasties and has recounted with care and exactness the details of the great political movements that have changed the map of continents there remains the question What was the cause of these revolutions in human society what were the real motives that were operative in the hearts and minds of the persons in the great drama of history that has been displayed The mere chain of events as they have passed before the eye as it surveys the centuries does not give an explanation of itself There must be a cause that lies behind these events and of which they are but the effects This cause the true cause of history lies in the minds and hearts of the men and nations The student of the past is coming more and more to see that the only hope of making history a science and not a mere chronicle is to be found in the clear ascertainment and study of those psychological conditions which have made actions what they were Foremost among those conditions have been the hopes aspirations and ideals of men and women These have been the greatest motive forces in the history of the world These quite as much as merely selfish considerations have guided the conduct of the men who have made history not merely those who have been leaders in the great movements of society but the multitude of followers who have not attracted the attention of historians but have nevertheless given the strength and force to the revolutions of the world *Holy Misogyny* April D. DeConick,2011-09-22 This title shows how the female was systematically erased from the Christian tradition and explores surprising early Christian attitudes to sex sin and women In *Holy Misogyny* bible scholar April DeConick wants real answers to the questions that are rarely whispered from the pulpits of the contemporary Christian churches Why is God male Why are women associated with sin Why can t women be priests Drawing on her extensive knowledge of the early Christian literature she seeks to understand the conflicts over sex and gender in the early church what they were and what was at stake She explains how these ancient conflicts have shaped contemporary Christianity and its promotion of male exclusivity and superiority in terms of God church leadership and the bed DeConick s detective work uncovers old aspects of Christianity before later doctrines and dogmas were imposed upon the churches and the earlier teachings about the female were distorted *Holy Misogyny* shows how the female was systematically erased from the Christian tradition and why She concludes that the distortion and erasure of the female is the result of ancient misogyny made divine writ a holy misogyny that remains with us today Christianity in Persia and the Status of Non-muslims in Iran

A. Christian Van Gorder, 2010-01-01 This book focuses on the history of Christianity in Persia and the present day relationship that Muslims in Iran have taken toward people of other faith traditions The book provides a comprehensive and readable introduction to a fascinating history with important contemporary ramifications for interfaith and intercultural studies

Women and Self-Sacrifice in the Christian Church Ida Magli, 2014-01-27 By speaking and teaching to women Jesus Christ violated the religious codes of his time and people Later by emphasizing virginity and martyrdom Christianity gave women their first viable option to marriage Furthermore in their relationship with God women also found an opportunity for significant creative activity Even so church leaders succeeded in keeping women in the role of victim a role to which Christianity added religious significance Unresolved to this day is the problem of developing a truly feminist theology in a religion that depends upon the symbolism of sacrifice This translation of the Italian work *Storia laica delle donne religiose* examines such topics as sexuality virginity martyrdom mysticism and women's involvement in education and aid societies from the earliest days of the Christian church through Florence Nightingale's work in the nineteenth century The author then considers whether the role of sacrificial victim is necessary to society and the possible implications if the role is universally rejected
