Unsettling Accounts Unsettling Accounts:

Unsettling Accounts Yvan Bienvenue, Centre des auteurs dramatiques (Montréal, Québec), 1997 **Introduction to Conflict Resolution** Sara Cobb, Sarah Federman, Alison Castel, 2019-07-02 The field of conflict resolution has evolved dramatically during the relatively short duration of the discipline's existence. Each generation of scholars has struggled with the major puzzles of their era providing theories and solutions that meet the needs of the time only to be pushed forward by new insights and at times totally upended by a changing world. This introductory course text explores the genealogy of the field of conflict resolution by examining three different epochs of the field each one tied to the historical context and events of the day. In each of these epochs scholars and practitioners worked to understand and address the conflicts that the world was facing at that time. This book provides a framework that students will carry with them far into their careers enriching their contributions and strengthening their voices. Rather than a didactic approach to the field students will develop their critical analytical skills through an inductive inquiry. Students will broaden their vocabulary grapple with argumentation and develop critical reading skills. Revealing New Truths about Spain's Violent Past Paloma Aguilar, Leigh A. Payne, 2016-10-11 The foundation of a stable democracy in Spain was built on a settled account an agreement that both sides were equally guilty of violence a consensus to avoid contention and a pact of oblivion as the pathway to peace and democracy. That foundation is beginning to crack as perpetrators' confessions upset the silence and exhumations of mass graves unbury new truths. It has become possible even if not completely socially acceptable to speak openly about the past to disclose the testimonies of the victims and to ask for truth and justice. Contentious coexistence that put political participation contestation and expression in practice has begun to emerge. This book analyzes how this recent transformation has occurred. It recognizes that political processes are not always linear and inexorable. Thus it remains to be seen how far contentious coexistence will go in Spain. **Justice After Mao** Daniel Leese, Amanda Shuman, 2023-09-14 A ground breaking collection addressing historical justice post Mao through issues of property rehabilitation reconciliation and memory. **Critical Theory, Democracy, and the Challenge of Neoliberalism** Brian Caterino, Phillip Hansen, 2019-08-22 With a few exceptions critical theorists have been late to provide a comprehensive diagnosis of neoliberalism comparable in scope to their extensive analyses of advanced welfare state capitalism. Instead the main lines of critical theory have focused on questions of international justice which while no doubt significant restrict the scope of critical theory by deemphasizing linkages to larger political and economic conditions. Providing a critique of the Frankfurt School Brian Caterino and Phillip Hansen move beyond its foundations and call for a rethinking of the bases of critical theory as a practical freedom creating project. Outlining a resurgence of neoliberalism the authors encourage a fresh nuanced analysis that elucidates its political and economic structures and demonstrates the threats to freedom and democracy that neoliberalism poses. They propose the reformulation of a radical democratic alternative to neoliberalism one that critically addresses its limitations while promoting

an enhancement of communicative and social freedom Political Vices Mark E. Button,2016-01-04 This book explores our uniquely political vices hubris willful blindness and recalcitrance According to Mark Button this overlooked class of vice encompasses those persistent dispositions of character and conduct that threaten the functioning of democratic institutions and the trust that citizens place in these institutions to secure a just political order Political Vices provides an account for how citizens can best contend with our most troubling political sins without undermining core commitments to liberalism or pluralism *Echoes of You* Chinedu Nnadi,2025-05-09 In the glittering underworld of New York s avant garde art scene one photographer s passion for capturing beauty becomes a descent into darkness Noah never expected his rising career to lead him into the orbit of Elias charismatic elusive and shrouded in mystery Their connection is instant and electric but when models begin to vanish and chilling secrets surface Noah is forced to confront a horrifying truth the man he loves may be hiding a monstrous past As the city reels from a wave of disappearances Noah is thrust into a web of manipulation betrayal and obsession What begins as an intoxicating romance unravels into a psychological battleground where art imitates death and every photograph could be a clue or a warning Haunted by guilt and driven by a need for justice Noah must choose between exposing the truth or becoming its next casualty Echoes of You is a gripping psychological thriller about the fine line between love and deception creation and destruction and the terrifying echoes of a past that refuses to stay buried *Human Rights Futures* Stephen Hopgood,Jack Snyder,Leslie Vinjamuri,2017-08-31 With authoritarian states and global culture wars threatening human rights this volume weighs hopes the for effective human rights advocacy **Legacies of Violence in Contemporary Spain** Ofelia Ferrán,Lisa Hilbink,2016-07-15 This book provides a comprehensive interdisciplinary study of the multiple legacies of Francoist violence in contemporary Spain with a special focus on the exhumations of mass graves from the Civil War and post war era The various contributions frame their study within a broader reflection on the nature function and legacies of state sanctioned violence in its many forms Offering perspectives from fields as varied as history political science literary and cultural studies forensic and cultural anthropology international human rights law sociology and art this volume explores the multifaceted nature of a society s reckoning with past violence It speaks not only to those interested in contemporary Spain and Western Europe but also to those studying issues of transitional and post transitional justice in other national and regional contexts *Thinking about Addiction* Craig Hanson,George Ainslie,2009 What is addiction Why do some people become addicted while others do not Is the addict rational In this book Craig Hanson attempts to answer these questions and more Using insights from the beginnings of philosophy to contemporary behavioral economics Hanson attempts to assess the variety of ways in which we can and cannot understand addiction Special consideration is given to a challenging and controversial proposal dubbed hyperbolic discounting Hanson proposes some modifications to the hyperbolic discounting view that permit it to explain not only addiction but also a variety of psychological maladies such as self deception *Irrevocable* Alphonso Lingis,2018-11-13 A

lyrical and personal philosophical inquiry into the weight of reality the weight of things and the weight of life itself Drawing from philosophy anthropology psychology religion and science Alphonso Lingis seeks to uncover what in our reality escapes our attempts at measuring and categorizing Writing as much from his own experiences as from his longstanding engagement with phenomenology and existentialism Irrevocable studies the world in which shadows reflections halos and reverberations count as much as the carpentry of things Whether describing religious art and ritual suffering war and disease the pleasures of love the wonders of nature archaeological findings surfing volcanoes or jellyfish Lingis writes with equal measures of rigor and abandon about the vicissitudes of our practices and beliefs Knowing that birth the essential encounters in our lives crippling diseases and accidents and even death are all determined by chance how do we recognize and understand such chance After facing tragedies what makes it possible to live on while recognizing our irrevocable losses Lingis s investigations are accompanied by his own vivid photographs from around the world Balancing the local and the global and ranging across vast expanses of culture and time Irrevocable sounds the depths of both our passions and our impassioned bodies and minds

Barbecue: A History Joseph R. Haynes, 2016-09-12 With more than four hundred years of history Virginians lay claim to the invention of southern barbecue Native Virginian Powhatan tribes slow roasted meat on wooden hurdles or grills James Madison hosted grand barbecue parties during the colonial and federal eras The unique combination of vinegar salt pepper oils and various spices forms the mouthwatering barbecue sauce that was first used by colonists in Virginia and then spread throughout the country Today authentic Virginia barbecue is regionally diverse and remains culturally vital Drawing on hundreds of historical and contemporary sources author competition barbecue judge and award winning barbecue cook Joe Haynes documents the delectable history of barbecue in the Old Dominion

Guilty But Insane Samantha Walton, 2015-01-29 Guilty But Insane takes an historical approach to golden age detective fiction by Margery Allingham Christianna Brand Agatha Christie Dorothy L Sayers and Gladys Mitchell It examines how writers and readers of detective fiction during the 1920s to 1940s understood guilt responsibility and the workings of the mind as they related to the commission the investigation and the punishment of crime Under the lens of psychology the detective novel is revealed as a site for the negotiation of competing interpretations of sanity and insanity An unexplored depth and subtlety is revealed in detective novels that address major controversies in legal and psychiatric theory and practice while significant resonances with specific concerns of modernist fiction come into focus for the first time During the interwar years proponents of competing psychological schools challenged legal concepts of responsibility and free will In response golden age writers began to reflect on the genre s promise to accomplish true and just solutions in a social order in which the relationship between law and justice was being problematized on several fronts By making connections between high modernism and popular culture and by tracing the impact of psychological discourses across a range of different cultural outputs this book

makes a persuasive case for reading detective fiction historically It aims to demonstrate the richness of these texts and their value for scholarship not only as historical documents or residues of discourse but as literary texts which challenge subvert toy with and test the prevailing values and prejudices of interwar Britain **Conflicted Memory** Cynthia E. Milton,2018 Reveals and analyzes how Peru s military elite have engaged in a cultural campaign via memoirs novels films museums to shift public memory and debate about the nation s recent violent conflict and their part in it **Mountains of Blame** Will Smith,2020-12-31 Explores the unsettling phenomenon of indigenous self blame for climate change Swidden agriculture has long been considered the primary cause of deforestation throughout Southeast Asia and the Philippine government has used this belief to exclude the indigenous people of Palawan Island from their ancestral lands and to force them to abandon traditional modes of land use After adopting ostensibly modern and ecologically sustainable livelihoods the Pala wan people have experienced drought and uncertain weather patterns which they have blamed on their own failure to observe traditional social norms that are believed to regulate climate norms that like swidden agriculture have been outlawed by the state In this ethnographic case study Will Smith asks how those who have contributed least to greenhouse gas emissions and environmental degradation have come to position themselves as culpable for the devastating impacts of climate change examining their statements about changing weather processes of dispossession and experiences of climate driven hunger By engaging both forest policy and local realities he suggests that reckoning with these complexities requires reevaluating and questioning key wisdoms in global climate change policy What is indigenous knowledge and who should it serve Who is to blame for the vulnerability of the rural poor What and who belongs in tropical forests **Nine** Stephen Gildust,2025-05-13 The whispers of the unknown have echoed through history long before the term UFO entered our lexicon Even Christopher Columbus a figure synonymous with exploration and discovery recorded strange sightings in his journals during his voyages across the Atlantic In his account of the first voyage to the New World dated October 11 1492 he describes a brilliant light appearing over the water This luminous spectacle defies easy explanation and prefigures centuries of similar reports The stories we tell about the mysteries of the world serve as a collective expression of our anxieties our hopes and our deepest desires They reflect our capacity for both wonder and fear our yearning for the extraordinary and our ongoing struggle to comprehend the vastness of the universe The tales of ships vanishing without a trace in the Bermuda Triangle of inexplicable lights in the sky over the Skinwalker Ranch and of strange creatures roaming the wilds of the Bridgewater Triangle all contribute to a powerful narrative a tapestry woven from mystery speculation and the eternal human quest for answers The nine locations are the Bermuda Triangle Dragons Triangle Alaska Triangle Michigan Triangle Bennington Triangle Bridgewater Triangle San Luis Valley Skinwalker Ranch and the South Atlantic Anomaly represent a global tapestry of mystery Each location boasts its own unique set of unexplained phenomena ranging from disappearances of vessels and aircraft to reports of strange lights paranormal activity and encounters with creatures unknown to science These are places

where the ordinary yields to the extraordinary where the limits of our understanding are tested and challenged **Of Captivity and Resistance** Sharmila Purkayastha, 2023-09-21 A materialist and political interpretation of dissenting writings that recovers a story of women's political participation The Doctoral Examination Process Penny Tinkler, Carolyn Jackson, 2004-03-16 It also incorporates a wealth of information that most supervisors and examiners only acquire through years of experience this book deserves to be widely read and if it is it should contribute to an improvement in the quality of both research degree examining and the student's performance at the viva Professor Diana Woodward University Director of Research Napier University Edinburgh and retiring UKCGE Executive Committee Member importantly the book deals with perspectives of all three concerned parties i.e. the candidate examiner and supervisor It is a very useful guide to appreciate and prepare for the different stages of the doctoral examination process Higher Education Quarterly What is the viva and how can students prepare for it What should supervisors consider when selecting PhD examiners How should examiners assess a doctoral thesis and conduct the viva The doctoral examination process has been shrouded in mystery and has been a source of anxiety and concern for students supervisors and examiners alike But now help is at hand This book sheds new light on the process providing constructive ways of understanding the doctoral examination preparing for it and undertaking it This book stands alone in the field due to the extensive research undertaken by the authors Over a four year period surveys and interviews were undertaken with candidates and academics from a wide range of disciplines throughout Britain Outcomes and ideas from the research have been united to provide the most comprehensive information available Real life accounts and case studies are combined with useful advice tasks and checklists to create an illuminating handbook This user friendly book is a vital resource for anyone involved in the doctoral process No doctoral candidate examiner or supervisor should be without it **A Church with Open Doors** Richard R. Gaillardetz, Edward P. Hahnenberg, 2015-05-06 Catholic ecclesiology stands at the threshold of a new moment in the reception of the Second Vatican Council The election of Pope Francis coinciding with the fiftieth anniversary of the council has inspired a fresh consideration of its teaching in such diverse areas as ecumenism inculturation missiology and ministry The chapters in this volume have their origin in a special symposium that called together over forty of the leading Catholic scholars from throughout North America in order to discuss the future of theological reflection on the church The nine essays in this volume guided that conversation and offer an entry into some of the most pressing issues in ecclesiology today
