FAITH STUDY COURSE SERIES ISIAH MACWEALTH, There are several misconceptions about the subject matter of faith These misconceptions have left many believers experiencing unfulfilled and an unsatisfactory walk with God This is because they do not understand what faith really is Some others confuse faith with hope and believe There are also those who assume that they have faith but are only operating in fear and doubt This is why it is important to study the basic concept of faith So in this book we will look into what faith is the Satan kind of faith the God kind of faith and so much more After reading this book you will be armed with the understanding of the true concept of faith what faith is not and Satan's strategy to keep your faith inactive

The Many Faces of Faith Michael Taylor, 2009-12-02 Faith is one of the most critical aspects of the Christian life because it is the means by which we receive all that God has secured for us yet the nature of faith is one of the most misunderstood concepts of Christianity Some conceptualize faith as some mental state that one

must reach before they are able to tap into God's resources. Others view faith as some sort of incorporeal substance that is out there for which we must reach. All of these concepts of faith are deficient if not heretical and yet all of them are found in the church. Others view faith as a mere fantasy or hope with no basis in reality and thus religious claims are excluded from the arena of knowledge. For a number of years my heart has been trilled over the doctrine of faith as it is received and taught among evangelical Christians everywhere. Great emphasis is laid upon faith in orthodox circles and that is good but still I am troubled. Specifically my fear is that the modern conception of faith is not the biblical one that when the teachers of our day use the word they do not mean what Bible meant when they used it. I also share the same concerns with A. W. Tozer when he said the cause of my uneasiness are these:

- 1 The lack of spiritual fruits in the lives of so many who claim to have faith
- 2 The rarity of a radical change in the conduct and general outlook of persons professing their new faith in Christ as their personal Savior
- 3 The failure of our teachers to define or even describe the thing to which the word faith is supposed to refer
- 4 The heartbreaking failure of multitudes of seekers as they are even so earnest to make anything out of the doctrine or to receive any satisfying experience through it
- 5 The real danger that a doctrine that is parroted so widely and received so uncritically by so many is false as understood by them
- 6 I have seen faith put forward as an escape from reality, a refuge from the necessity of hard thinking, a hiding place for weak character, natural optimism, emotional thrills and nervous tics.

Therefore in the pages of this book I will endeavor to outline for your benefit the dynamics of faith. What is faith? How does faith work? How to grow in faith? The power of faith, the Excellency of faith, the demand of faith, the perseverance of faith, the challenges of faith, the object of faith, the effect of faith, the response of faith, the discipline of faith, the necessity of faith and many more are discussed.
