Untold Tale J M Frey:

The Untold Tale J. M. Frey, 2024-01-13 Pip is pulled into the fantasy novel series she's loved since she was a teenager. She can navigate this world but what will happen to the characters outside the roles they were written for **Gender in**

American Literature and Culture Jean M. Lutes, Jennifer Travis, 2021-04-15 Gender in American Literature and Culture introduces readers to key developments in gender studies and American literary criticism. It offers nuanced readings of literary conventions and genres from early American writings to the present and moves beyond inflexible categories of masculinity and femininity that have reinforced misleading assumptions about public and private spaces, domesticity, individualism, and community. The book also demonstrates how rigid inscriptions of gender have perpetuated a legacy of violence and exclusion in the United States. Responding to a sense of 21st-century cultural and political crisis, it illuminates the literary histories and cultural imaginaries that have set the stage for urgent contemporary debates **Time and Tide**

J.M. Frey, 2024-11-12 Historical fiction with a touch of time travel for fans of Diana Gabaldon. Alexis Hall and Olivia Waite's Feminine Pursuits series where a modern bisexual woman is thrown into Regency England and must figure out how to survive while she falls in love with a woman who will become a famous author. Just a twenty-first-century gal with nineteenth-century problems. When Sam's plane crashes catastrophically over the Atlantic, it defies all odds for Sam to be the sole survivor. But it seems impossible that she's rescued by a warship in 1805. With a dashing sea captain as her guide, she begins to find her footing in a world she'd only seen in movies. Then Sam is betrayed. At the mercy of the men and morals of the time and without the means to survive on her own, she's left with no choice but to throw herself on the charity of the captain's sisters. She resigns herself to a quiet life of forever hiding her true self. What she doesn't expect is that her new landlady is Margaret Goodenough, the world-famous author whose yet-to-be-completed novel will contain the first lesbian kiss in the history of British Literature and a clever woman. Clever enough to know her new companion has a secret. As the two women grow ever closer, Sam must tread the tenuous line between finding her own happiness in a place where she doesn't think she'll ever fit in and possibly accidentally changing the course of history **Amazing Stories: Summer 2019: Volume 76**
