Montz, 2016-04-15 Responding to the increasingly powerful presence of dystopian literature for young adults this volume focuses on novels featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood The contributors relate the liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature literature for and about young women and cultural expectations of adolescent womanhood Divided into three sections the collection investigates cultural assumptions and expectations of adolescent women considers the various means of resistance and rebellion made available to and explored by female protagonists and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her In a series of thought provoking essays on a wide range of writers that includes Libba Bray Scott Westerfeld Tahereh Mafi Veronica Roth Marissa Meyer Ally Condie and Suzanne Collins the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late twentieth and early twenty first century culture

The Nowhere Bible Frauke Uhlenbruch, 2015-03-10 The Bible contains passages that allow both scholars and believers to project their hopes and fears onto ever changing empirical realities By reading specific biblical passages as utopia and dystopia this volume raises questions about reconstructing the past the impact of wishful imagination on reality and the hermeneutic implications of dealing with utopia good place yet no place as a method and a concept in biblical studies A believer like William Bradford might approach a biblical passage as utopia by reading it as instructions for bringing about a significantly changed society in reality even at the cost of becoming an oppressor A contemporary biblical scholar might approach the same passage with the ambition of locating the historical reality behind it finding the places it describes on a map or arriving at a conclusion about the social reality experienced by a historical community of redactors These utopian goals are projected onto a utopian text This volume advocates an honest hermeneutical approach to the question of how reliably a past reality can be reconstructed from a biblical passage and it aims to provide an example of disclosing not obscuring pre suppositions brought to the text
