Urban Churches Vital Signs Beyond Charity Toward Justice:

Urban Churches: Vital Signs Nile Harper, 2005-03-14 Written by Nile Harper and six leading pastors this volume tells the stories of twenty eight urban churches that are successfully contributing to the transformation of inner city communities in fifteen major cities across America Atlanta Baltimore Chicago Cincinnati Cleveland Denver Detroit Houston Kansas City Los Angeles New York City Portland San Francisco Savannah and Washington D C

Churches That Make a Difference Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today's environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In *Churches That Make a Difference* best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to's of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did

Speaking Church Ross Bartlett, 2019-01-03 Language is the gift by which we shape our understanding and tell our story But if we cannot see ourselves and our context in our language our lives can be confused and our witness weakened through a kind of cognitive dissonance created when the only vocabulary available to us fails to match our lived situation Urban and suburban congregations live this disconnect when the language and imagery often employed in hymns prayers imagery and liturgies reflect a rural ideal far from the experience of believers The irony is revealed when we recognize that the Bible is a book deeply and profoundly urban in nature Christianity's earliest history gives both authorization and resources for helping urban and suburban congregations find their unique voice

Introducing Christian Mission Today Michael W. Goheen, 2014-07-14 Michael Goheen gives us a full scale introduction to mission studies today in its biblical theological and historical dimensions Goheen covers the full horizon of major issues in mission including its global urban and holistic contexts This text shows how the missional church encounters the pluralism of Western culture and global religions

The Bold Alternative Gary W. Charles, 2001-01-01 Despite the fact that mainline churches have been on a membership decline for the last generation there are still active and healthy congregations where bright able thinking people have decided to stay and serve In this book Gary Charles studies these folks to find out what

motivates them to remain in the church Written in a readable conversational style this book describes these people what they believe how they understand God and faith and what prompts them to take what has become a counter cultural stance to stay in church *Inspired to Serve* Mark H. Mass ©,2004-10-12 Never underestimate the good you can do Rabbi Steve Foster

tells his Denver congregation in Mark H Mass's *Inspired to Serve* and it is the book's message as well Melissa Fay Greene author of *Praying for Sheetrock* *The Temple Bombing* and *Last Man Out* Anyone who wants to know more about how diverse religious organizations perform civic good works should read this excellent account John J DiIulio Jr University of Pennsylvania *Powerful* real life stories of people of faith serving and empowering the poor Ronald J Sider *President Evangelicals for Social Action* Curious about what had happened to the social activism of the 1960s and in response to the recent interest in faith based initiatives Mark H Mass set out to identify people who had continued their social activism in the context of a religious commitment to work in aid of the poor and the disenfranchised The profiled activists include clergy lay workers and others representing a mix of faiths social issues and geographic regions They include a Jesuit priest working in a poor neighborhood in Portland a Muslim messenger of good news to an Islamic community in Texas an Irish American nun working with migrants and others in central Florida a black Episcopalian minister on Chicago's Southside and a Dharma activist in California What sets these and other activists apart is the depth and breadth of their service vision and sacrifice Many risk their reputations and careers their health even their lives in pursuit of social change Mass discovers that these individuals share an unbending belief in the power potential and rewards of service to others as they try to balance their secular and spiritual lives in the face of challenging work **A Future for the Latino Church** Daniel A.

Rodriguez,2011-05-04 Daniel Rodriguez argues that effective Latino ministry and church planting is now centered in second generation English dominant leadership and congregations Based on his observation of cutting edge Latino churches across the country Rodriguez reports on how innovative congregations are ministering creatively to the next generations of Latinos

Why People Believe or Not, And Where Differences Take Us Next Marshall L. Shearer, 2017-12-28 From ancient myths to the world's great religions Dr Shearer expands our knowledge of how humans perceive, think and shape our relationships with the Divine. Toward Interfaith Harmony. Why People Believe or Not and Where Differences Take Us Next teaches that by understanding ourselves we dare to transcend mere tolerance and to celebrate the differences that make us whole. Where Justice Dwells Jill Jacobs, 2011 Jewish tradition compels us to protect the poorest, weakest and most vulnerable among us. But discerning how to make meaningful and effective change through social justice work, whether in community or on your own, is not always easy. Not by Faith Alone Julie Adkins, Laurie A. Occhipinti, Tara Hefferan, 2010-07-02 This edited collection provides an in-depth ethnographic study of faith-based development organizations in the United States, shining a much-needed critical light onto these organizations and their role in the United States by exploring the varied ways that faith-based organizations attempt to mend the fissures and mitigate the effects of neoliberal capitalism, poverty and the social service sector on the poor and powerless. In doing so, Not by Faith Alone generates provocative and sophisticated analyses grounded in empirical case studies of such topics as the meaning of faith-based development, evaluations of faith-based versus secular approaches, the influence of faith orientation on program formulation and delivery, and examinations of faith-based organizations' impacts on structural inequality and poverty alleviation. Taken together, the chapters in this volume demonstrate the vital importance of ethnography for understanding the particular role of faith-based agencies in development. The contributors argue for an understanding of faith-based development that moves beyond either dismissing or uncritically supporting faith-based initiatives. Instead, contributors demonstrate the importance of grounded analysis of the specific discourses, practices and beliefs that imbue faith-based development with such power and reveal both the promise and the limitations of this particular vehicle of service delivery. Christian Social Witness Harold T. Lewis, 2001-01-25 In this volume of *The New Church's Teaching Series*, Harold T. Lewis surveys the teachings and witness of Anglicanism and the Episcopal Church concerning the Christian vision of a righteous social order, including the challenges of the new millennium. Beginning with the Bible's understandings of social justice, Lewis summarizes the Anglican witness of theologians like F.D. Maurice and William Temple and goes on to discuss the Episcopal Church in the nineteenth and early twentieth centuries. Later chapters discuss the challenges of a new social order that face the church today, raised by liberation theology, third world debt and economic justice, and questions of race, gender and human sexuality. As with each book in *The New Church's Teaching Series*, recommended resources for further reading and questions for discussion are included. *When the Lord's House Closes* Delgado, 2025-07 This chapter sets the stage for the book and follows a conventional path, increasing the likelihood of reader engagement and that it will influence community practice, which quite frankly is the bottom line. I do not subscribe to the axiom of advancing knowledge for the sake of knowledge. I am much too practical. Some readers, however, may beg to differ. Books challenge readers to entertain new ways of thinking on a subject, supplying a rationale for the subject.

s importance Books need major time financial and intellectual commitment to a subject bringing heightened expectations and serving as a key motivator for action Readers have a right to have lofty expectations from a book because of the time invested and that must be confirmed and met by an author It is impossible for an author to suspend their experiences and worldviews from the task of writing a 300 or so page document The more an author uplifts their values motivations biases limitations and experiences both good and bad it allows readers to have a better grasp of why a topic is framed in a particular manner This stance ascends in significance in this journey and more so when it covers religion Readers may ask about my personal stands on religion religious beliefs and houses of worship More specifically although raised Catholic up to my late teenage years I am a member of a Church of Christ congregation because of the values that this church embraces This church too is facing its challenges with dwindling congregations and closures Suffice it to say I respect people s religious spiritual beliefs that are different from mine although I am not a very religious person by nature it is fair to say *Public Offerings* Linda-Marie Delloff,2002-07-01 A compelling and extensive resource with ways for all congregations to reach beyond themselves to better serve Spiritually vibrant congregations of all faiths thrive on the call to be leaven in today s world Addresses the ups and downs on the way to success Lively illuminates and offers practical wisdom for faith communities to engage in public ministries that express and enhance their core mission and identity *To Do Justice* Rebecca Todd Peters,Elizabeth L. Hinson-Hasty,2008-01-01 Encouraging Christians to call for public policies that benefit those most vulnerable in our nation To Do Justiceoffers tools for studying complex domestic social problems such as Social Security immigration the environment and public education and serves as a guidebook to becoming involved in social action Rooted in Christian tradition each essay analyzes a contemporary problem from social biblical and theological perspectives before providing directions for public policy These engaged ethicists from across the mainline denominations provide concrete examples of how progressive minded Christians can work for justice in response to these moral dilemmas With discussion questions in each chapter this book is an excellent resource for classrooms both in colleges and in churches *Effective Small Churches in the Twenty-First Century* Carl S. Dudley,2010-09-01 Dudley s work in *Making the Small Church Effective* 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith *Urban Youth Trauma* Melvin Delgado,2019-08-07 Trauma has unfortunately become an all too familiar occurrence in the lives of children with a majority of youth experiencing a traumatic event before the age of 18 With the rise of school shootings and recent March for Our Lives this timely book will address intervention strategies for social workers and counselors to combat this negative phenomenon Urban Youth Trauma

focuses on urban violence and guns while due attention is also paid to other forms of trauma in order to ground violence related trauma within the constellation of multiple forms of trauma Violence and more specifically that related to guns is very much associated with urban centers and youth of color Divided into three parts this volume traces the roots of urban youth trauma Parts I and II provide context and foundation for the problem and intervention strategies Part III takes the reader through a variety of intervention strategies directly related to the community's assets The strength of *Urban Youth Trauma* lies in its focus on the community itself as the key to survival resilience and change www.congregationalresources.org

Richard Bass, 2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge www.congregationalresources.org is an invaluable companion to the groundbreaking online version of Alban Institute's and Indianapolis Center for Congregation's jointly researched and produced *Congregational Resource Guide* launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included

centuries Praise for Roman Catholicism in the United States All of the essays are informative and written in a style suitable to both novices and scholars of American Catholic history Choice Any scholar currently writing books or articles on American Catholic history would do well to pick up this volume American Catholic Studies I ve seen the future of American Catholic studies and it is in this superb collection of consistently engaging provocative and well written essays This is now required reading for scholars and students of the Catholic experience in the United States Mark Massa S J Director The Boisi Center for Religion and American Public Life Boston College
