**Unspeakable Things** Laurie Penny, 2014-07-03 Shortlisted for The Green Carnation Prize 2014 This is not a fairytale This is a story about how sex and money and power police our dreams Clear eyed witty and irreverent Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism activism and underground culture This is a book about poverty and prejudice online dating and eating disorders riots in the streets and lies on the television The backlash is on against sexual freedom for men and women and social justice and feminism needs to get braver Penny speaks for a new feminism that takes no prisoners a feminism that is about justice and equality but also about freedom for all It s about the freedom to be who we are to love who we choose to invent new gender roles and to speak out fiercely against those who would deny us those rights It is a book that gives the silenced a voice a voice that speaks of unspeakable things *The Great Disruptor* Lars Koch, Tobias Nanz, Christina Rogers, 2025-07-01 The January 6 attack on the U S Capitol was the peak of Donald Trump s populist strategy during his first term His goal was to gain support through confrontation and by portraying others as enemies This book examines Trump s public image from a culture and media studies perspective It explores how his political style during his rise to the presidency was shaped by social conflicts how he escalated these tensions and how he benefited from polarization The contributions focus on Trump s first term highlighting how his rhetoric during the Black Lives Matter movement and the COVID 19 crisis as well as his promotion of conspiracy theories and attacks on political institutions pushed American society to the brink of civil war They discuss Trump s use of media and his politics of emotion framing him as the Great Disruptor in the context of popular culture fragmented public discourse and aggressive rhetoric *Queering Femininity* Hannah McCann, 2017-12-04 *Queering Femininity* focuses on femininity as a style of gender presentation and asks how and whether it can be refigured as a creative and queer style of the body Drawing on a range of feminist texts and interviews with self identifying queer femmes from the LGBTQ community Hannah McCann argues that the tendency to evaluate femininity as only either oppressive or empowering limits our understanding of its possibilities She considers the dynamic aspects of feminine embodiment that cannot simply be understood in terms of gender normativity and negotiates a path between understanding both the attachments people hold to particular gender identities and styles and recognising the punitive realities of dominant gender norms and expectations Topics covered range from second wave feminist critiques of beauty culture to the importance of hair in queer femme presentation This book offers students and researchers of Gender Queer and Sexuality Studies a fresh new take on the often troubled relationship between feminism and femininity a critical but generous reading that highlights the potential for an affirmative orientation that is not confined by the demands of identity politics **We Can Do Better** David Camfield, 2017-09-18 T00:00:00Z The view that capitalism is an inherently flawed exploitative crisis prone oppressive system is not new But neoliberal capitalism s flaws are increasingly dangerous in Western countries and globally as corporations

exert growing influence on governments as the endless pursuit of profits pushes our climate to the breaking point and as far right politics dominate the media Solutions are needed Fast In We Can Do Better David Camfield lays out a theoretical basis for political and social change that fuses critical Marxism with insights from anti racist queer feminism This reconstructed historical materialism treats capitalism and class as inextricably interwoven with gender race and sexuality After discussing today s most influential social theories Camfield uses this theory to analyze a range of issues that face our world today including climate change growing social insecurity and the persistence of sexism and racism Camfield argues that the key to achieving change for the better is social struggle and he offers ideas about moving from social theory to social action

Age, Gender and Sexuality through the Life Course Susan Pickard, 2018-04-19 Age Gender and Sexuality through the Life Course argues that the gendered structure of temporality defined in the dual sense of everyday time as well as age and stage of life is a key factor underpinning the stalling of the gender revolution Taking as its central focus the idealised young woman who serves as the mascot of contemporary success this book demonstrates how the celebration of the Girl is i representative of social mobility educational and professional achievement ii possesses diligence docility and emotional intelligence and iii displays a reassuring sexuality and youthfulness but is constructed from the outset to have a fleetingly short life span Pickard undertakes a theoretical and empirical exploration of the contemporary female experience of education work motherhood sexuality the challenge of having it all Furthermore through additional analysis of the transitional reproductive regime from youth into mid life and beyond this insightful monograph aims to demonstrate how age and time set very clear limits to what is possible and desirable for the female self yet how the latter factors also if used reflexively can provide the key means of resisting and challenging patriarchy This book is aimed at a broad interdisciplinary audience located in gender studies age studies culture studies sociology and psychology accessible for advanced undergraduates and beyond *Millennials and the Moments That Made Us* Shaun Scott, 2018-02-23 A generation on the move a country on the brink and a young author s search to find out how we got here Millennials and the Moments That Made Us is a cultural history of the United States as seen through the eyes of the largest most diverse and most disprivileged generation in American history The book is a relatable pop culture history that critiques the capitalist status quo our generation inherited a critical tour of the music movies books TV shows and technology that have defined us and our times A Feminist Manifesto for Education Miriam E. David, 2016-09-26 The idea that gender equality in education has been achieved is now a staple of public debate As a result educational policies and practices often do not deal explicitly with gender issues such as sexual abuse harassment or violence Exaggeration of neoliberalism s successes in creating individual opportunity in education conceals ongoing problems and ignores the continuing need for a fair and equal education for all regardless of gender or sexuality In this manifesto for education Miriam David rejects the notion that gender equality has been achieved in our age of neoliberalism She puts the focus back onto issues such as changing patterns of women s and girls participation in education across the globe feminist

strategies for policy and legal interventions around human rights and violence against women and children She discusses waves of feminism linked to school teaching and pedagogies in higher education as well as an illuminating case study of an international educational programme to challenge gender related violence Revealing neoliberal education to be misogyny masquerading as metrics Miriam David argues for changes in the patriarchal rules of the game including questioning gender norms and stereotypical binaries and for making personal social health and sexuality education mainstream *Gender and Second-Temple Judaism* Kathy Ehrensperger, Shayna Sheinfeld, 2020-09-24 Ancient literature was generally written by and produced for elite men That fact creates specific challenges to modern interpreters of gender roles in the ancient world especially once contemporary understandings of gender as construction and performance are embraced In *Gender and Second Temple Judaism* world renowned scholars take on these challenges with regard to ancient Judaism here including early Christianity and early rabbinic Judaism as well as at once examining the ancient evidence and quite consciously addressing difficult methodological questions regarding gender Taken together these chapters further complicate discussions of the construction of identity e g who is a Jew by inflecting them with questions of gender construction as well Scholars of ancient Judaism and of gender alike will find much to grapple with in these pages **Digital Politics in Canada** Tamara A. Small, Harold J. Jansen, 2020-10-21 The increased use of digital politics by citizens groups and governments over the last 25 years carried the promise of transforming the way politics and government was practiced This book looks at Canadian political practice and the reality of the political process against those early promises **Play Among Books** Miro Roman, Alice\_ch3n81, 2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science **Cybersexism** Laurie Penny, 2013-08-22 The Internet was supposed to be for everyone Millions found their voices in this brave new online world it gave unheard masses the space to speak to each other without limits across borders both physical and social It was supposed to liberate us from gender But as more and more of our daily lives migrated on line it seemed it did matter if you were a boy or a girl It s a tough time to be a woman on the internet Over the past two generations the political map of human relations has been redrawn by feminism and by changes in technology Together they pose questions about the nature and organisation of society that are deeply challenging to those in power and in both cases the backlash is on In this brave new world old style sexism is making itself felt in new and frightening ways In *Cybersexism* Laurie Penny goes to the dark heart of the matter and asks why threats of rape and violence are being used to try to silence female voices analyses the structure of online misogyny and makes a case for real freedom of

Everything Belongs to the Future Laurie Penny, 2025-10-16 *Everything Belongs to the Future* is a bloody minded tale of time betrayal desperation and hope that could only have been told by the inimitable Laurie Penny Time is a weapon wielded by the rich who have excess of it against the rest who must trade every breath of it against the promise of another day's food and shelter What kind of world have we made where human beings can live centuries if only they can afford the fix What kind of creatures have we become The same as we always were but keener In the ancient heart of Oxford University the ultra rich celebrate their vastly extended lifespans But a few surprises are in store for them From Nina and Alex Margo and Fidget scruffy anarchists sharing living space with an ever shifting cast of crusty punks and lost kids And also from the scientist who invented the longevity treatment in the first place The scariest most enduring dystopias walk a fine line between parable and prediction Penny erases that line In this made up story the rich speculate from the poor in our real world working class lifespans are declining as the one percent live ever longer lives at ever greater removes from the rest of us This is no mere literary device This is a pitiless allegory calculated to enrage and terrify its readers Cory Doctorow At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
