dogma theology or a belief but a state of experiential being Hence can connect with and be beneficial to everyone regardless of his or her religious affiliation In this reevaluation of Christianity its living essence is revealed That exposure reveals an experiential pathway that unveils a practical foundation for a moral compass to steer one through the various hazards of daily living By learning to avoid those hazards your one and only purpose in life is revealed which is to discover the experiential reality of the statement made by Jesus that God is within you Everything else is secondary Meaning that experience is primary as it is used to define how one lives acts and thinks Based upon that experience a moral foundation naturally arises providing a cornerstone for ethical stances that cannot be manipulated or twisted by the many and varied seductive playthings engendered by self interest The depth of understanding released by the actual experiential discovery that God is within you changes your life forever you are truly reborn However that experience is not achievable by belief alone You must be willing to experientially delve into the core of your existence to discover the reality of that statement by Jesus Meaning you must experience it and not just believe it For that journey you will require intellectual knowledge of how all the internal components of your existence function and interrelate Without that knowledge you would easily become bewildered and distressed by the confusing quantity of ambiguous information that can block your pathway and in despair claim that experience is impossible Hence this book outlines all the tools you need to survive that internal journey and provides a map to begin your search Using both the tools and map is a personal decision that another cannot make for you You either do or do not There is no in between Does a non material entity referred to as God exist Yes Is it possible to logically confirm that assertion Yes Is a personal connection to that entity possible Absolutely That personal connection is not hiding You are hiding from it This book provides all the necessary information to realize that connection When that realization is a living reality it transforms belief into actuality establishing the cornerstone of an indestructible faith that underpins every thought and action in your life That experience adds experiential authenticity to your life confirming your eternal career has begun and that beginning has no end *Unstoppable Women* Cynthia Kersey,2005-04-16 Want to secure a promotion write a book go back to school lose weight set up a business Whatever the goal Cynthia Kersey s new book *Unstoppable Women* can help readers achieve it Based on the same principles that Kersey has taught in her training programs for such companies as Tupperware Mary Kay and Jafra Cosmetics the book shows how to identify a goal create a winning mind set and break the goal down into daily actions that will lead to success Each day a reader discovers a new characteristic of an unstoppable woman And for inspiration she ll read the true story of a woman who possesses this quality She will then learn how to apply these skills to her own life creating unstoppable success in just 30 days Writing about Kersey s bestselling first book *Unstoppable* Millard Fuller founder and president of Habitat for Humanity International said It will inspire you to live more passionately and pursue your heart s desire with more conviction You ll discover how to break through obstacles and get what you want in life **Live Well** Adriana Shuman,2025-05-13 A USA Today Bestseller *Live Well*
