The Artisan Author: The Low-Stress, High-Quality, Fan-Focused Approach to Escaping the Publishing Rat Race Johnny B. Truant, 2025-11-04

Less rush More freedom A way to love writing again If modern indie publishing feels like a high stress race to the bottom the good news is there s another way Most authors start writing for the love of it but in recent years the reality of writing for a living has soured Now for a lot of us it no longer looks fun or creatively fulfilling at all You have to obey genres exactly or your books won t sell If you step outside your lane and try something new the kinds of readers most authors court will never buy it And then there s the SPEED of it all The rules of Rapid Release say you have to publish a book every month at least or you ll never survive Forget about taking a vacation Time off will let the algorithms forget you Even successful authors often find themselves in golden handcuffs selling a lot of books but only in a series they now have to write forever And all that to earn around a dollar per book sold to readers who are far more loyal to Kindle Unlimited than to you Where s the joy Where s the delight that got you into storytelling in the first place Remember when writing felt like a creative playground instead of a grind What if instead of succumbing to that grind you could find a way to be creative and free without having to settle for poverty In The Artisan Author industry veteran Johnny B Truant offers an alternative to Rapid Release a new way to succeed as an author without sacrificing your freedom worrying about competition or AI or fearing you ll lose everything when the winds or the algorithms inevitably change The way of the Artisan Author is the opposite of Rapid Release Instead of rushing to churn out the same old same old Artisans follow their muse and write whatever they want Instead of stressing out Artisans take their time putting as much care and beauty into their work as they desire It s a way to build a substantial sustainable bulletproof income based on Kevin Kelly s idea of 1000 True Fans readers who are loyal to you not any platform True Fans are all you need to earn as much as you want as an author They re people with whom you build genuine human connections and who therefore love you enough to spend far more than ordinary readers will ever spend Johnny B Truant has been a thought leader in the independent publishing community for over a decade hosting the original Self Publishing Podcast

La expedición narrativa Mary Heathcliff, Descubra cómo transformar una idea en una historia una historia en un libro y un libro en un sueño o cumplimiento Escriba con claridad confianza y rumbo Una idea lo ronda Tal vez lo ha perseguido por semanas o quizá apenas es un susurro que nace y muere entre sus pensamientos Pero hay algo en ella una chispa una promesa que le dice que podrá convertirse en una gran historia El problema no es la inspiración sino el camino Por dónde empezar Cómo transformar esa intuición en un relato poderoso y bien escrito La expedición narrativa una travesía creativa es una guía clara motivadora y práctica para quienes desean escribir ficción narrativa pero no saben por dónde empezar Pensado especialmente para escritores novatos este libro lo acompaña paso a paso en el camino de construir una historia desde la chispa inicial hasta la publicación Con un enfoque estructurado en cuatro etapas planeación redacción edición y publicación este libro no solo ofrece estrategias y herramientas sino también aliento y claridad para atravesar los momentos de duda bloqueo o inseguridad Aquí encontrar preguntas clave técnicas narrativas ejemplos y recursos para diseñar personajes memorables escenas efectivas diálogos creíbles y tramas coherentes También se abordan los procesos de reescritura corrección beta preparación del manuscrito y decisión entre publicación tradicional o autopublicación todo explicado con rigor y cercanía Más que un manual técnico este libro es una invitación a descubrir su propia voz como narrador y a comprometerse con su proyecto de escritura desde un lugar posible y realista Sin fórmulas rígidas ni promesas vacías La expedición narrativa lo acompaña como un mapa y una brújula para recorrer el territorio de la ficción con seguridad y entusiasmo Si alguna vez piensa en escribir un cuento o una novela pero no se anima o no supo cómo comenzar este libro es para usted Porque la escritura no es un don reservado a unos pocos es un camino que se recorre paso a paso y toda historia comienza con una decisión
