

Graduation Speech – Class of 2015
Saint Xavier High School - May 17, 2015

Graduates:

Welcome to this Day and to the meaning behind the dignity of this ceremony as you join the ranks of Saint Xavier's alumni.

You have been school leaders at an historical time as we concluded the celebration of the school's 150th Anniversary. Reflect for a moment on that history, on those who have gone before you, developing the philosophy, programs and facilities and paving the way for the opportunities you have had and the experiences we have shared. Soon it will be your responsibility to ensure a St. X experience for other students and that such opportunities are there and even better for them.

Then reflect one more time on our theme for the year: ***Together, we dream, we believe and we achieve.*** Those who walked the halls, took the classes and were part of the teams and activities before you continued to dream, developing a vision for what St. X has become and achieving in ways that propelled our school forward. And all along the way, they believed faithfully that God would walk with them and provide even more opportunities to learn, know, love and serve.

You have continued the traditions, stretched the vision and walked together in faith in all that we have asked you to do.

Playing the Game Our Way Amos Whittington, 2023-02-15 Growing up in any major metropolitan city can be extremely challenging especially when you're African American I never thought that an everyday normal little kid that I was would experience such a roller coaster ride of a life It was almost a guarantee that I would end up in jail uneducated or even dead by the time I was sixteen That's according to statistics in the 1980s As time went on as a sixth grader I soon found a few ways to escape the ways of my community Some of my friends and family unfortunately struggled a lot worse than I could ever imagine The educational system in my town seemed fine to me as a kid Even in the 2000s there were some who questioned public school education but not many who took responsibility for teaching their own kids before they even entered a school building Street education is what most of my peers learned before grade school We had to learn how to cook and clean behind one another because most of my friends including my brother and I didn't have a father in our home So our mom struggled a lot to maintain a stable home while trying to keep us safe from the streets Sometimes our only escape from the dangers of our community was sports So when we played we played hard But never was I ever challenged more than when I put that stick in my hand
