

5 Ways To Write a Good Newsletter Article

Explore Your “Why” to Get to Your “What” – If you know your goal for your newsletter and have decided on a theme for it, fit your article into that overall topic. Otherwise, brainstorm subjects. AI software can also prompt ideas.

1

2

Find the Format – Narrowing down the subject refines the template and may also frame the topic. Common newsletter article formats include news briefs or a “welcome” note.

Consider Storytelling – Tell a story. List interesting things you saw or experienced recently. Tie one to a useful business lesson or insight, then elaborate on the lesson.

3

4

Get Organized – Newsletter articles tend to be brief and pull text from other sources. As you plan your article, consider the basic AIDA format (Attention, Interest, Desire, and Action).

Prepare Your Article – Edit and proofread and check for scannability and accessibility. Ensure the content has breathing room and that it follows a logical order throughout.
