Whitehead,2024-08-12 The Performance of Viking Identity in Museums explores the representations and uses of Vikings in
museums across Iceland British Isles and Norway Drawing on theories from history philosophy museology and sociology the
book analyses how the Viking myth is used by visitors to make sense of present day society culture and politics and the role
of museums in this meaning making process Demonstrating that the Viking myth is present in collective memory and plays an
important role in the construction and modification of collective national and personal identities the book analyses this
process through the framework of museums and their visitors Identifying museums as places where heritage identity and
social norms are affirmed and reflected upon Whitehead demonstrates that all countries use their Viking heritage to define
their identity on a local and international level through tourist attractions such as museums and other Viking related
monuments and merchandise Providing readers with an insight into Vikings and their social relevance today The
Performance of Viking Identity in Museums will be of great interest to academics and researchers across the social and
human sciences It should also be essential reading for museum professionals working in museums around the world
